### Relief officials arrive in Guam

AGANA, Guam (UPI) - Federal relief officials arrived today in storm-devasted Guam where projects remain to be done, with Typhoon Pamela caused an estimated \$300-million in damage and left 80 per cent of the island's buildings in ruins.

The officials, from San Francisco, were the first outside relief to arrive since Pamela hit the island Thursday and Friday with winds that gusted up to 175 miles an hour.

President Ford declared Guam a major disaster area to allow use of federal relief and recovery funds, including provisions for temporary

Explaining why the \$2 million estimate may be low for the 28 projects, Giles said detailed engineering studies weren't available when the November 1974 referendum was proposed. He said, also, that some pipe sizes were increased, as a result of engineering studies, and costs of the work involved have exceeded estimates.

Two of the major projects still to be done are at White Brook, estimated to cost about \$600,000; and Thompson Rd., from Coolidge St. to Hop Brook, estimated at about \$250,-000. Both are almost ready to be put

Ford hopes to win Oregon and possibly one or two of the others. Sen. Howard Baker, R-Tenn., predicted Sunday on CBS-TV's "Face the Nation" that the President would carry Tennessee.

Baker, who has said he would like to be vice president on either a Ford or Reagan ticket, was overnight host to the Reagans Friday and said he

## School spending tops board's agenda tonight

for high school graduation are among the items on tonight's agenda of the Manchester Board of Education.

The school board, scheduled to meet at 8 p.m. at the Manchester High School library, will devote the first half hour of its meeting to public comments and questions.

One of the issues expected to be raised at the commet session is the anticipated closing of South School, to be decided when the board adopts its revised budget tonight.

South School parents have objected to closing the small, 57-student facility, which is one of the most expensive operations in the local school system. Officials say the closing -which is expected to be approved will save about \$35,000 in 1976-1977.

The school closing is one of several recommendations by School Supt. James Kennedy for reducing next year's budget by \$325,000. The cuts were made necessary by town directors' allocation of \$13,875,000 for schools in 1976-1977 (about \$275,000 less than requested) and a \$50,000 increase in the cost of Blue Cross in-

The board will consider four personnel actions (one resignation and three leaves of absence), an extended field trip request, possible naming of the Nathan Hale School's new wing, and the tentative, twoyear salary agreement with the

hospitality with the fact he is a Ford man. After the primaries, he said,

"we'll all be together." Reagan flew to Oregon Saturday and won both boos and cheers from a student crowd at Oregon State University Sunday when he said "the latest evidence is that marijuana could very well be one of the most dangerous threats to an entire generation of Americans.

On the Democratic side, Jimmy Carter won 27 of the 106 delegates chosen over the weekend - 24 in Virginia and three in Vermont. Morris Udall, Henry Jackson and Jerry Brown each picked up a few

and the rest were uncommitted. Carter, for the second consecutive weekend, spurned his normal Sunday rest at home in Georgia to campaign hard - this time in Oregon where he faces a strong threat from Frank Church, on the ballot, and Brown, a write-in candidate.

The former Georgia governor anticipates little difficulty in adding Tennessee, Kentucky and Arkansas to his list of victories.

Church is expected to win his home state of Idaho and Brown is the favorite in Nevada. Both swelled the list of candidates beating the bushes in Oregon over the weekend - Brown scrubbing a scheduled day of campaigning in California to do so.

Church stressed foreign policy in his speeches. Brown and Carter argued over whether real tax reform is possible. Brown said it is not, Carter said he could achieve it.

There have been two previous write-in campaigns in Oregon: Nelson Rockefeller got 11.6 per cent in the Republican primary of 1968, and the late Sen. Robert Taft, R-Ohio, 6.7 per cent in 1952.

Only Udall of the active candidates remained in the East, campaigning in Kentucky Saturday

ZAMBOANGA CITY, The Philippines (UPI) — The hours dragged by in the hot, crowded Philippines jetliner, the six young Moslem hijackers munching the cheese sandwiches brought on board in

exchange for 14 hostages. Suddenly, an explosion rocked the main cabin, and the huge airliner

As black smoke rolled across the fuselage, government "antihijacking

troops" stormed the jetliner and more than 50 passengers scrambled

to the ground. But 13 persons died Sunday during the 15-minute battle inside the jetliner, including the leader of the hijack team, two other gunmen, a possible woman accomplice and nine passengers. Three of the bluejeanclad hijackers were arrested. The defense department said the "panicky" gunmen exploded a grenade out of desperation when the government refused to meet their iemands for \$375,000 and a longrange plane to fly them to Libya.

A government spokesmen said the attack troops "prevented what could have been a massacre of all the passengers and crew.

At least 22 other hostages were injured, either from shrapnel or during the shootout between the gunmen and the attack troops. The blast destroyed the \$4 million Philippine Air Lines BAC111 jet.

and there was this loud noise in the forward area and I felt the plane move," said John Mallette of Painesville, Ohio, an executive for United Brands.

"I was at the center of the plane

"I headed for the emergency exit together with other passengers and there was firing inside the plane as well as outside.

'I'm very glad to be out of it," he said. "I'm sorry for those who got lost but it had to happen." One other American, Andy Max, of Tacoma, Wash., also escaped un-

harmed. · The gunmen, aged 17 to 23, boarded the jetliner Friday in Davao City, in the southern Philippines, then forced it to land at the sweltering seaport town of Zamboanga, 500 miles south ot Manila.

Government investigators said the gunmen smuggled aboard two .45-caliber pistols, four .38-caliber revolvers and six grenades, some of them in a cake seen carried aboard by a woman.

The gunmen Saturday released 14 hostages, including five women and nine children, in exchange for cheese sandwiches and water. It was the only concession made by the government during the 48-hour ordeal.

According to a government spokesman, the gunmen were members of the Philippines Moslem Separatist Movement, the same group that successfully hijacked another Philippines airliner in early April and eventually landed in Libya after an 8,000-mile odyssey, the

head of the newly created antihijack task force, said the "get tough" approach was a success.
"That," he said, "will be

remembered as the last hijack." -

### Benefit plans get new thrust in shift

John F. Perry, C.I.C., president of Benefit Plans Inc of 155 Main St., has acquired the remaining shares of Benefits Plans stock. The firm has been involved since 1971 in administrating group and pension pans, with of-fices in Hartford and Manchester.

The acquisition brings a new thrust to the firm's opera-

tion, Perry said. Real Estate, along with all lines of insurance, mutual funds and family budgeting, help in the concept of complete financial planning, he said.

Perry, a graduate of Manchester High School, lives in Vernon with his wife, Connie, and two children. He attended Marianapolis Preparatory School, Eastern Connecticut State College, Central Connecticut State College and the University of Hartford. He has attended

Manchester Community College this year. Perry's insurance career began in 1964 with the Monarch Life Insurance Co., where he concentrated in the field of disability income insurance and life insurance. In 1966 he joined G.T. LaBonne and Associates. where he brokered various lines of insurance for 10 years. As an agent for the National Life Insurance Co., under the general agency of LaBonne, he achieved the company's highest honor and was installed several times to its President's Club.

Perry is now involved in life, health and group intrance consulting, and is a pioneer in the field of famil

budgeting.

Perry is a past member and treasurer of the Manchester Jaycees and a recipient of the Jaycees' "SPOKE" award for outstanding service. He recently received a certificate of achievement from the Voluntary Action Program for his community work in the

Because the Huma Needs Fund is a "las resource" fund our firs response is to make certain that no avenue of help ha been overlooked. Infolin has been very helpful to u in tracing down remote an little known resources. Or several occasions we have applicant to othe

In other cases, the need or circumstances were judged to be insufficiently critical to justify use of th very limited funds available to the Conference. Since January, 21 loans or outright grants have been made from the Human Needs Fund. Of the sever no-interest slow-payback loans issued, four have been paid in full, and another is partially repaid learn (in this day of mucl concern over "welfare cheats") one loan was paid back within two hours. The not come and who absolutely had to meet a ren payment) went home with loan, found his long overdue check in the mail, and mmediately returned to pay back his loan. In addition to these

loans, 14 outright grants were made. In most is stances the recipient was a paying job or on ADC struggling to meet the expenses of raising her children. For many the ackbreaker was the rise in utility bills, coupled with rising food costs. As you may know the allowances for families receiving AFDC remain based on price levels of April 1971 over 30 per cent below the present cost of living. For most ADC families (if they have found an average rent) the food allowance works out to be about 35-45 cents per person per meal. The allowance for heat and light would work out to between \$15-18 a month. Not many of us in Manchester were able to heat our homes so inexpensively this winter. Those who were not able to find a low rental were of course in even more difficulty. Though sometimes a low rent meant an old apart-

ment with high ceilings, no insulation and an even bigger heating bill. In any event, an increasing number of our families jus couldn't quite scrape through last winter in spite of the emergency assistance bill which utility bills. When all other forms of aid were used up or not available, MACC, because of your generosity was able to provide jus enough to help to get oil delivered, lights turned back on, landlords to relent in other small ways to help a family stay together and keep going.

Another Godsend in a hard winter was the Emergency Pantry which meant at least food was available when all else

DEAR ABBY: You are an ignorant woman for giving your spproval to a traditional church wedding for a 23-year-old "bride" who was being married for the first time and who admitted to having had an illegitimate child. She said it was her "heart's desire," and even asked if her illegitimate child could be her flower girl, and you said yes to that, which was also ridiculous.

I have no doubt that you would also approve of a traditional charch wedding for a girl who was only six-months pregnant simply because it was her "heart's desire."

STILL LAUGHING

DEAR ABBY: I am a junior high school teacher. Yesterday I found a crumpled note written by one of my students. It read, Hi, Tina:
Yesterday Nancy and I skipped school. We went to her house and watched television. Her mother works which makes it nice. When I went home at 4 o'clock my mother told me that the school had telephoned to find out why I

was absent. Lucky for me, my mom said that I was home Abby, a child skipped school, and her mother lied to protect her. This type of thing is very discouraging. What is happening to the integrity of people today? UPSET TEACHER

DEAR TEACHER: There have always been mothers who would lie to cover up for their children, and there always will be. But I believe they are in the minority. Most mothers would have told the truth and let their child suffer

DEAR ABBY: A few months ago my best friend asked me to be her maid of honor, and of course I was delighted. I live in Iowa and the wedding will take place in California,

which is where she lives.

Nothing was mentioned about who would pay my plane fare, so I guess I am expected to pay it. We are both working girls, and I doubt if her parents can foot the bill for my transportation, although they are putting on the wedding and the plans are quite lavish.

Should I write and mention my plane fare? Or do you think I should just assume that I'm expected to pay it myself? When she asked me to be her maid of honor she said that her parents were having the gowns for the sirls in the that her parents were buying the gowns for the girls in the wedding party, but we would have to buy our own shoes.

DEAR NEEDS: Since nothing was mentioned about your plane fare, it's safe to assume that you are expected to pay your own way. If she sends you a ticket, it will be a

### Karen Quinlan taken off of respirator

MORRISTOWN, N.J. (UPI) -Karen Ann Quinlan lay in a guarded hospital room today, breathing on her own without the aid of a respirator but with no signs of recovering from her 13-month coma.

The 22-year-old woman was taken off the respirator and moved from the intensive care unit to a private room at St. Clare's Hospital in Denville Saturday. It was the first major turn of events in the case since the state Supreme Court ruled last March that her parents had the authority to allow her to die.

"There has been no change in her condition," a hospital spokesman reported.

The spokesman said today that medical authorities expect to get word from the parents sometime this week on whether to take additional steps in removing other life-support

Miss Quinlan's move to the private room was one of the first things the parents wanted so that she might die in "grace and dignity."

Joseph and Julia Quinlan, their parish priest and doctors and nurses treating Miss Quinlan were the only people allowed to enter the room, the hospital said. A guard was stationed outside the room around the clock.

The hospital refused direct comment on all other aspects of the case in line with the parents' wishes for

Paul Armstrong, attorney for the family, said the "situation is very

sacredly private." However, Armstrong denied a published report that the family had asked doctors to suspend antibiotic treatment and intravenous feedings. "At no time did the family make such a request," he said.
