By LEN AUSTER Herald Sportswriter No one, neither Manchester High nor Simsbury High, deserved to win yesterday's sloppy CCIL baseball clash at Kelley Field. The nines combined for 11 errors,

seven by Simsbury, with only four of the 11 runs scored earned. One of the 'earned' runs, plated in the eighth inning on a wild pitch, held up for the visiting Trojans as they took a 6-5 decision, withstanding a two-run ninth-inning rally by the Indians. The victory was Simsbury's third in as many starts while Manchester suffered its second consecutive setback after an opening triumph Losing hurler Kevin Hanlon itched well in spots, striking out 10 ncluding five in a row, but hurt himself in two spots. In the fourth in ning, Simsbury's Dave Elmer and Jay Silva were on third and second spectively with one out.

Eighth batter Peter Gilbert tapped a suicide squeeze bunt back to the mound. In the meanwhile, Elmer for a 4-2 Simsbury lead.

In the eighth inning, a laboring Hanlon bounced an offering in front of the plate allowing Brian Duffy, who doubled and moved to third on an 77-68 win over Conard High at of East Catholic, tied into a pitch at Manchester in the ninth frame

MRS. H.W.S.

DEAR ABBY: I have noticed that you frequently advise your readers to see a marriage counselor. A married friend of mine once went to a marriage counselor she found through an ad in the paper, and you wouldn't believe some of the suggestions he made to her. He told her to get herself a boyfriend"—and the younger, the better. He also encouraged her to join a nudist colony.

He said HE was a member, and he even showed her one of the "camp" magezines. She paid him for a year's "counseling" in advance, and after five weeks she went to his office for an appointment and found that he had moved and left no forwarding address.

I am not saying all marriage counselors are like this one.

I am not saying all marriage counselors are like this one, but how is a person supposed to know the honest ones from the crooks? They all call themselves "Doctor" and their walls are covered with diplomas that look "real" to the

DEAR MRS, H.W.S.: Yours is an excellent question. DEAR ABBY: The letter from Paul's wife whose husband had the annoying habit of salting his food before tasting it reminds me of a supposedly true story.

A personnel director who was responsible for hiring executives would always invite the job applicant out for lunch as part of the interview. If he salted his food before tasting it, he deduced that he made decisions without first investigation.

DEAR ABBY: What is meant by "immediate family": I say it includes mother, father, sisters and brothers. My friend says it also includes sunts, uncles and cousins.

DEAR M.E.H.: Yes. And a reasonable conclusion, too.

DEAR NEW YORKER: You are. Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069.

Final ROTC payment due May 16

Final payment to Manchester for the Regional Occupational Training chapel today from 2 to 4 and 7 to 9 Center is expected to be made by the p.m. state by May 16.

Final approval of the \$1.4 million payment is scheduled by the State Bonding Commission at the end of this month, according to Roger Negro, town treasurer.

The town had to renew its loan on the project for a month because the payment was delayed. The original loan with the Hartford National Bank was to terminate today.

The town speeded up procedures for receiving payment earlier this year, but state paperwork was the cause of the most recent delay, Negro said. However, he said, the bank has been assured the payment will be made by the May deadline.

The project is essentially completed except for a greenhouse which will be built with contingency funds. About \$42,000 was left in an escrow account to cover the greenhouse and unfinished items.

The project is 100 per cent state store and took him into custody. A

The town may receive further funding through the program. Paula Yellman, the town's budget analyst, told the board that Congress is in the process of deciding whether further funding for the program will be granted.

Cuts in the budget proposed by the directors Thursday night included the elimination of a \$1,500 raise for the town treasurer and a \$1,000 raise for both registrars. The decisions on the budget reductions are not final, but many that are proposed at the budget workshops will be enacted before the board presents its final budget in early May.

Other items tentatively cut include a \$1,000 portable public address system for the planning office, a \$1,-068 reclassification of a position in the assessor's office, and a \$750 payment to the U.S. Conference of Mayors.

The budget for the Bicentennial Commission was reduced from \$5,000 to \$3,000, and an error and the reclassification of a position in the controller's office led to an \$8,500 reduction in that budget
