### Midget games set today

East Hartford Seven years ago when C teams were started, the kids wore hand-me-down uniforms and gear. The coaches would stand right on the field directing the team's play. With age, the league became more sophisticated. Today, players wear uniforms and gear ordered to their size. The coaches have moved back to the sidelines as in all other levels of football. Last Saturday the Elks beat the Windsor Giants, 8-0 in Windsor. C teams travel too. The Elks' Rodney Johnson scored the lone TD. Defensive standouts included John Gilbert, Stuart Geres and Sam Hauer. Coach is Dick Moylan. The Vikings beat the Cromwell Lions, 20-0. The Cardinals beat the Mustangs, 14-12. Running well for the Cardinals were Bryan Hyland, Dennis Wells and Robert Fleeting. Cardinals' defensive standouts included John McKeon, John Messier, Hector Ortiz, Chris Jackson and Mike Basset. The Cardinals are now 3-0 for the season.

### Chief wants to stop fires

Bolton He said anyone who has a fire in his home should call the fire department to be called, to have someone with some sort of a light to direct the firemen to the house, otherwise serious delays could be caused. A person who calls the department to report a fire should tell what type of fire and where it is before hanging up the phone and to be able to provide information on conditions and the whereabouts of people who were in the building. Families are also asked, when the fire department is called, to have someone with some sort of a light to direct the firemen to the house, otherwise serious delays could be caused. ### Nurses to buy office

Vernon The Rockville Public Health Nursing Association has voted to buy the former Rockville Post Office building on Park St. The federal government set a price of \$60,000 for the building. The Board of Education was interested in buying it also but voted a couple of weeks ago to drop pursuing it as it did not have money in its budget at that price. Mayor Thomas Benoit said he has written to Connecticut Congressman Christopher Dodd to ask him to see if the federal government will reduce the price. He said even though the nursing association is prepared to pay the \$60,000 he feels it will cost quite a bit of money to make renovations.

## Pilot of hijacked plane murdered West Germans reject terrorists' demands

By CHARLES P. WALLACE  
United Press International  
Four terrorists forced a hijacked West German airliner to land in the East African country of Somalia. They killed the pilot and dumped his body off the plane at Mogadishu airport on the 5th day of the plane with 86 hostages aboard. West Germany again defied the terrorists and refused to comply with their demands by the 10 a.m. EDT deadline, which passed without incident. A West German official flew to the scene and began negotiating with the hijackers. The Arab and German hijackers, demanding the freeing of 13 jailed comrades and \$15 million ransom, shot to death the 37-year-old Lufthansa pilot, Capt. Jurgen Schumann, and dumped his body off the plane at Mogadishu airport on the 5th day of the hijacking. The hijackers also demanded the release of 13 German prisoners of war held in Somalia. ## House-Senate panel to take up much-altered energy program

WASHINGTON (UPI) — President Carter's "moral equivalent of war" — the energy crisis — enters a crucial phase when the much-amended energy program goes before a House-Senate conference committee Tuesday. Conferees will take up the first of four non-tax portions of energy legislation passed in very different forms by the House and Senate. The final version of the bill could be quite different from either. The House ethics committee will have its first public hearings since starting its investigation of covert South Korean lobbying in Congress. The initial witnesses are expected to be Koreans, with no member of Congress scheduled to testify. This week also brings a new effort to restore budget money for the B1 bomber by putting \$1.4 billion in the supplemental appropriations bill set to come up in the House Wednesday. The House is expected to vote Thursday on the big Social Security reform measure aimed at restoring solvency to the system. A conference agreement on raising the minimum wage to \$3.35 by 1981 may come up for a House vote by mid-week. The Senate scheduled mostly minor legislation in order to be ready to act promptly on energy legislation returned by the conferees. In that area, House and Senate bills on coal conversion and energy conservation differed, but not markedly. The Senate bill would phase out coal in a few years. Carter has said he would veto that. The House passed a utility reform bill that would force utilities to charge lower rates for household electricity consumed in off-peak hours. The Senate passed a bill that essentially makes federal officials participants in state rate cases, to slash for rate-making approaches that conserve energy.

## High court rejects state welfare rule

WASHINGTON (UPI) — The Supreme Court today overturned a Connecticut law denying welfare payments to anyone who, in the previous seven years, has given away assets or transferred them without getting "reasonable" payment. The justices affirmed the decision by a three-judge federal court in Hartford that the provision conflicts with federal standards for recipients of Medicaid and Aid to Families with Dependent Children. Connecticut argued that a person who gives away property or puts money into a trust fund for a relative should not be eligible for federal-state aid to the needy. "To allow such transfers without receipt of fair value in return is simply contrary to the old maxim that one must be just before he is generous," state lawyers argued. They said Congress did not intend in enacting the Social Security Act to allow a person with sufficient means of self-support to give away all property and then demand public funds from the state. But the District Court said the Social Security Act establishes need as the sole criterion for eligibility for Medicaid, and need and dependency as the criteria for AFDC. It decided the state law conflicted with the federal law, which is paramount. "In policing fraud, a state may indisputably employ reasonable rules and regulations," the District Court said. "Even toward this end, however, it may be argued that Connecticut's transfer-of-assets rule is unreasonable. Indeed, it seems to stand logic on its head." "Under the present system, benefits are frequently denied to an elderly, impoverished, weak, ill or dependent senile class of individuals, once it has been determined that a prohibited property transfer has been made for less than 'reasonable consideration.'" It noted that in none of the cases before the court did the state allege fraud. In one case, for instance, Peter Galonek, 80, who has been disabled since 1974, was denied Medicaid because he had transferred one-half interest in the family residence to his daughter — who had cared for him and the house for 10 years — for \$5,000. Richard Bennett, 85, was ruled ineligible for Medicaid because he received \$34,000 in 1972 when he sold his family home. But the court noted Bennett had "frittered away" the money over the next three years "under circumstances which suggest he was the victim of individuals who took advantage of his gullibility and reduced mental capacity."

## Crosby funeral is Tuesday

MADRID, Spain (UPI) — The body of Bing Crosby, who died "happy and singing" after winning a round of golf, was flown back to the United States today for simple funeral services in Los Angeles Tuesday. A Trans World Airlines plane carrying the body in a coffin left Madrid at 1:55 p.m. (8:55 a.m. EDT). American officials said it was to arrive in New York with almost five hours to spare before the departure of another airliner for Los Angeles which is scheduled to land there at 9:40 p.m. (12:50 a.m. Tuesday EDT). The 74-year-old "Der Bingle" died of a heart attack Friday after finishing a round of golf in Madrid with three Spanish friends. ving dishes brought to the table, the soup being served from the top dish, and so on.

After a huge dinner, everyone takes "siesta for about an hour," Donna said. Later in the afternoon, there might be guitar lessons, or swimming in the municipal pool.

The night life begins about 7:30 p.m. when the young people again go around town, meet friends, go to the park, and eventually to the "disco" to dance and listen to rock which is sung entirely in English.

Everyone goes home about 10:30 p.m. and has a late supper usually consisting of omelets, tortillas, wine and milk.

The center of interest for older adults is the church, Donna said. Young people are "religious" and interested in communism, Donna's Spanish father belongs to the Central Party, a conservative group, and, according to Donna, could be considered a Republican here.

The American influence in Spain is unmistakable, Donna noticed that the "in" style for the majority of young people is denim jackets with "Vietnam" lettered on them. "Would you believe that they even love to wear Boy and Girl Scout uniforms?" she said.

Also, most of the farm equipment she noticed in the surrounding agricultural countryside bore the manufacturer's name, John Deere.

"The big thing in Europe is hitchhiking. Everyone does it and it isn't as risky as it is here," Donna commented. She also pointed out that although you can't drive until you're 18 in Spain, you can begin drinking at the age of 14.

Drinking water is a rarity, and wine is the common beverage served with meals. Students in Spain's schools are required to take Latin. Other

languages are also taught. Students often tutor their friends in various subjects and get paid for it.

"After a long day of school, the subjects and get paid for it. Except for the midday meal when everyone goes home to eat, students are in school from about 8 a.m. to 6 p.m. About two hours of homework is still ahead of them."

Although most families have television, often color, electrical appliances and cars, they don't indulge in material luxuries beyond their essential needs.

"They'd rather put their money in the bank," Donna said. Most houses in the area she visited are small with small rooms.

"In Spain, people are surprised at the opportunities young people have here for career education," Donna said as she stated her preference for an education in communications which hopefully might result in her being a news commentator.

Mountain climbing in the nearby Pyrenees was a thrill. "We eventually took off our jackets and slacks when we got warm and just wore our bikinis. The scenery was gorgeous with snow patches and what an experience to swim in clear blue, ice cold water," Donna recalled.

Attending a folklore festival at Jaca was another pleasant adventure. "There were participants from all over the world except the United States," Donna said.

The Manchester High School senior had mixed feeling as her time of departure approached. She began to get homesick for her family and friends she couldn't wait to see, and she also felt sad at leaving her Spanish family, not knowing when or if she would see them again.

Although she and her "sister" vowed they would get together again, it was the elderly grandmother who, with tears in her eyes, intimated that she was too old to wait and probably would not see Donna again.

Donna was honored at a farewell party and gifts were given her by her Spanish family. A beautiful black silk fringed shawl wrapped in paper was perhaps Donna's most memorable gift.

It was from the grandmother who had worked all summer embroidering bright pink and rose colored roses on the shawl.

### FitzPatrick would speed Turnpike job

John FitzPatrick, a Democratic candidate for the Manchester Board of Directors, has suggested that the reconstruction of E. Middle Tpk. from Main St. to E. Center St. should be a top priority project.

"This project would complete the work on the turnpike and vastly improve traffic flow from east to west. The possibility of federal funds to pay for the project should be investigated, and I feel certain that voters would approve a bond issue for the town's portion of the cost," he said.

He said that federal, state and local tax dollars were used for the recently completed W. Middle Tpk.-Adams St. project.

FitzPatrick said that there are some repairs that town officials have requested be done by the contractor of that project. He is confident that the work will be done.

He said that the W. Middle Tpk.-Adams St. work "is the first job of its kind completed in Connecticut and is a credit to the town."

The E. Middle Tpk. work he is proposing would be another improvement in the local road system, FitzPatrick said.

"My proposal to reconstruct E. Middle Tpk. on the portions where it is needed, would serve Manchester drivers for years to come. I will push for this improvement on Manchester's main east-west link as it makes good sense, now and in the future," he said.

When she arrived, Levesque walked right through the crowd, "you could at least say hello." Fire damages automobile firm

A fire discovered early Sunday morning at Chorges Motors, 20 Oakland St., was confined to the parts department, but caused extensive smoke damage to the building, according to Eighth District Fire Department officials.

The fire was called into the department at 5:49 a.m. by a neighbor who saw the smoke. Fifty-one Eighth District volunteers responded to the call with two engine trucks and a rescue truck.

The fire was under control by 6:21 a.m. The fire started in the ceiling of the parts room, apparently in a light fixture, and spread through a false ceiling, according to Wally J. Irish, assistant fire marshal for the district.

The fire fighters had to use air packs to enter the building and had to cut a hole in the roof to ventilate it. Three hand lines were hooked up to a hydrant about 150 feet away.

Four cars in the building were removed by Sam Chorges, owner of the company, while the firemen were working. He said today he did not yet have an estimate of the damages, however, some items were destroyed.

Hale playground bidding exceeds budgeted funds

By GREG PEARSON Herald Reporter

According to bids opened this morning, it seems unlikely that the renovations at the Nathan Hale School playground will be completed by this winter as Town of Manchester officials originally had predicted.

The four bids were more than the \$40,000 that the town has appropriated, and three of the four set time limits that would not permit the work to be completed until next year.

The fourth bid lists no estimate on how long the project will take.

The apparent low bidder is Sideoce Inc. of Meriden, which submitted a price of \$44,652 for the work. The firm, however, said that it could not start work until April 1 and would require 120 days to complete the project.

The apparent second-low bidder, B & P Turf Farm of Collinsville, said it could start ten days after the contract is awarded. It gave no estimate on how long it would take to complete the project.

The firm submitted a price of \$46,804 but it said that there was a discrepancy between the job specifications and the blueprints for the work. If the blueprints are correct, the job would cost an additional \$1,500, or \$48,304, the firm said.

The other two prices submitted were \$49,362 by Kapsia Construction of Glastonbury and \$59,419.90 by Kap Paving of Hartford.

Kap said that it could complete the work within 90 days. Kapsia said that

the town could complete it within one year. The Manchester Board of Directors sought two sources of federal money—Community Development and the Bureau of Outdoor Recreation—to provide \$40,000 for the project.

The action was taken after officials of the school district protested to the board about the playground's condition.

Town officials originally said that the work could be substantially completed by winter. That deadline, however, now appears to be in jeopardy.

Maurice Pass, director of general services, said that town officials will have to decide whether to cut back part of the work or appropriate more money to meet the cost established in the bids.

Also, the federal Department of Housing and Urban Development (HUD) will have no estimate on how long it would take to complete the project.

# South Windsor mulls more waste recycling

South Windsor Town Manager Paul Talbot is expected to discuss the feasibility of recycling waste materials with the Town Council when it meets tonight at 8 at the Town Hall.

A report prepared by Public Works Director Allan Young concludes that South Windsor does not "generate adequate recyclables to justify anything other than voluntary recycling programs."

In a survey made of the Capitol Region, only Manchester is considering introducing separate collection of newspapers, one of the easiest of the paper waste products to recycle. West Hartford has discontinued a program.

In general, according to Young's report, towns are conducting voluntary recycling of glass, metal and paper products similar to South Windsor's present program.

South Windsor now has a successful newspaper recycling program, sponsored by Boy Scouts, which recycles about 160 tons of newspaper per year. At the current disposal rate of \$50 per ton, the Boy Scout program reduces the town's cost at the NORCAP landfill by about \$880.

In the report, Young said that even if South Windsor could encourage a 50 per cent participation in a town recycling program, it would not be sufficient to offset the cost of the NORCAP landfill by about \$880.

# Book program scheduled

The first program in this season's "Booked for Lunch" series, sponsored by the Friends of the South Windsor Public Library, will be Thursday at 2:15 p.m. at Wapping Community Church.

Excerpts from the book, "Long Hill South Windsor, Connecticut," will be read in an appropriate historical setting by the Rev. Arthur Dunham, minister of the First Congregational Church.

"Long Hill, South Windsor, Connecticut," is subtitled "Reminiscences" and is a family record of early American life. It is the handwritten diary of Mary Janette Elmore, a descendant of one of Hartford's first settlers, Edward Elmore, who accompanied Thomas Hooker from Massachusetts in 1636.

For senior citizens, South Windsor senior citizens will hold a Halloween costume party Oct. 26 at 1 p.m. at St. Margaret Mary's church. Seniors attending the party

leaving the family's ownership for the first time since it acquired the property 260 years before. The diary was found by Robert L. and Clara S. Jilison, who moved into the home in 1922. The diary was loaned to the South Windsor Historical Society by Helen Jilison Hill.

Published in both hard and paper covers by the historical society, it is illustrated by Doris Burdord and Jean Klein and contains more than 30 illustrations of South Windsor.

There is no admission charge and no reservations are necessary. Persons are asked to bring their own lunch. Free baby-sitting is available at the Community Child Care Center at Wapping School, Room 24. Send lunch with your child. Milk will be provided.

All local seniors are welcome to attend luncheons held daily at St. Peter's Episcopal Church, which include a variety of activities as well as a well balanced lunch. Reservations for lunch may be made by calling Sally Clark.

Bingo is played following lunch each Tuesday about 12:15 p.m. Participants need not attend the luncheon to play bingo.

Wednesday, Nancy Caffyn, Town Council candidate, will be available for a question and answer period. Thursday, John Giordano, Board of Education candidate, will continue the series of interviews.

Seniors remained the Drop-In Center at St. Peter's is open from 12:30 to 4 p.m. Thursdays.

Individuals may also register through Oct. 18 at the town clerk's office at the Town Hall between 8:30 a.m. and 4:30 p.m.

They could attract migrating flocks and cause a dramatic increase in numbers in one season.

Some residents have been worried about feed grain sinking to the lake bottom, rotting, and causing water contamination. But Mrs. Covell reported that pathologist Niels Nielsen, also of UConn, said there was no problem with the present number of ducks. However, he warned that duck density and volume of water are related, and a potential contamination problem exists if the flock increases.

Animal-lovers have been concerned that the largely bread and grain diet fed to the ducks would harm their health, which is often deposited on boats and docks at the lakefront.

Commissioner Jane Covell, who has long been concerned with animal welfare, has researched the problem over the past few weeks. She said Robert McDowell of the University of Connecticut, a wildlife specialist, stated that if the 100 ducks remain

abandoning them as the winter wore on.

Van Kruijningen noted that rotted grain can cause botulism if the ducks eat it.

The commission agreed that the best remedy was to urge homeowners to stop feeding the ducks.

The Jaycees have offered to help distribute literature in the lake area, and Mrs. Covell suggested that schoolchildren be given posters to color that bear the inscription: "I'm a duck. Don't feed me."

She said any ducks which failed to migrate and were unable to fend for themselves could be relocated to other water bodies that do not freeze over in the winter.

In other business, the conservationists voted to continue work on an open space plan for the town, which will be presented to the Planning and Zoning Commission for possible incorporation into a master plan of development.

Areas such as wildlife habitats and streambeds are being accorded priority status for preservation.

Banner will be presented at this meeting and invitations have been sent to other area clubs and organizations to attend.

On Thursday, the juniors will hold a senior citizens' luncheon at noon at the Gilead Church Social Room. There will be a speaker from the Extension Service to discuss "Outsmarting the Cash Register."

Hebron juniors will also be continuing this year's national project, Preventative Medicine, throughout the community. The focus will be on nutrition.

# Junior women are cited

First Selectman Aaron "Steve" Reid has proclaimed this week as Hebron Junior Women Week.

In his proclamation, Reid explained the objectives for the organization for 1977-78. The club will continue to promote programs and legislation aimed at conserving national and local resources by continuing town beautification programs.

# Educators seek funds

The Andover Board of Education is writing to several political leaders to ask for money that was earlier allotted by the federal government.

Bernice Kowalski, board chairman, said money was allocated by the federal government for the board to hire a reading consultant, but it hasn't yet seen the money.

Mrs. Kowalski said, "We can't spend it until we get it, it's not in our budget."

Another matter that cannot be changed because "it's not in the

budget" is an increase for substitute teachers.

Mrs. Kowalski said the school board is having difficulties in getting substitute teachers because Andover pays \$20 per day and area towns pay more. She said the amount couldn't be increased, because \$20 per day is all the budget allows for.

In other business, the school board:

# Mayor thinks rev-share should assist minorities

Mayor Thomas Benoit thinks the Federal Office of Revenue Sharing (ORS) should set up some type of program to help minority groups further their education so they can qualify for positions open in the towns.

This was in response to a complaint from ORS that Vernon doesn't employ females and minorities in proportion to their representation in the relevant labor market.

The town also was told by ORS that that office had received a complaint against Vernon alleging a violation of Section 122(a), specifically, it was alleged that revenue sharing funds were deposited in banks which discriminate against females and minorities.

The mayor said when a position is open, which isn't often, the town advertises the position and seeks qualified persons to fill it. "I don't feel I would want to hire people who aren't qualified for the job," he said.

Staley Roessler, director of the administration, said he has hired five minorities within the past 90 days.

Mayor Benoit said, "We are aware of the guidelines and we are addressing ourselves to minorities as positions become available."

The mayor noted that the majority of the minorities live in Hartford and area and they don't want to work outside that area. And Roessler said the salaries that the town can offer appear to be little incentive for minorities to commute from the Hartford area.

The ORS said it conducted an investigation of the complaints received against Vernon and the investigation disclosed that as of

January 1977, minorities comprised two (or 1 per cent) and females 26 (or 16 per cent) of the town's 164 total workforce. They said this is in comparison to a minority representation of 10.6 per cent and a female representation of 39.5 per cent in the relevant labor market for Vernon.

He said one of the black males is employed as a police officer; and the other as a driver in the sanitation department; 21 of the 26 female employees are classified in the lower paying office-clerical type positions; and two of the remaining five are employed as social workers, one as an assistant town clerk, one as a tax collector and one as a community development specialist.

Employees hired under the Comprehensive Employment Training Act (CETA) number 39 of the total workforce and 10 CETA employees hired during 1975-76 were converted to the town's regular payroll.

ORS further said that of the 22 employees hired during 1975, 14 (or 64 per cent) were funded through CETA and other federal programs. Of the eight non-CETA positions filled, one was filled by a minority and three by females.

The town does its own recruiting for the police department but the state's personnel department provides the application and advertisement for the entrance examination.

ORS said the application form used by the state contains an arrest inquiry, which violates the Revenue Sharing Act and regulations and two questions regarding marital status and the applicant's height and weight have a potential discriminatory impact, ORS said.

# Manchester defense stars but Conard prevails, 13-0

By LEN AUSTER  
Herald sports writer  
It was an exhibition of rock-ribbed defense. It was also an exhibition in futility on offense.

"Our offensive line just couldn't get off the ball," the second-year coach said looking at the dark side of the coin. "I think the size factor played a role. We double teamed No. 75 (5-11, 195-pound tackle Jim Houskeeper) but just couldn't keep him out."

The Silk Towers grudgingly permitted Conard, 5-11, 114 rushing yards on 50 attempts. Linemen Bill Stokes, Dave Marshall, the latter a 5-9, 199-pound junior in his first action of the year, Dave Tye and Colin O'Neill were stickouts. Cornerback Mike Linsenbiger applied two crumbling blows which resulted in fumbles, both recovered by Manchester.

Manchester for the second straight week was held scoreless and under 100 yards offensively. "We had trouble up front," Holik understated, "but not because they didn't try." The problem was the Chiefs' mammoth, in comparison, front wall anchored by Houskeeper and 190-pound John Maithearn. Linebackers Doug Lyman and Mike Clarke were also in on a bundle of tackles.

Harried Manchester quarterback Gary Marineau completed 10-of-25 passes for 92 yards. But he was sacked seven times for 51 yards in losses and intercepted twice. The first, at the Conard 28, short-circuited the local lead bid with 37 seconds left in the first half.

Marineau avoiding the rush stepped up in the pocket but his loss hit Chiefs safety Dave Johnson in the numbers for the interception at the 12.

In the second half, the winless Indians' deepest penetration was their own. Conard iced it with 3:05 left on a four-yard scoring toss from John Thompson to Johnson, the latter making a juggling catch. The TD came after a short 21-yard TBE punt.

Thompson, on the halfback option, was instrumental in the first tally with the big gain to Tim Disabella. Thompson bulled over from the one with Mike Haeflich booting the PAT.

"Our kids can hold their heads high. We're making progress. Our day will come," predicted Holik.

# Dodgers return Series to New York

NEW YORK (UPI) — Fashioned "New York mugging" on their home field, the Los Angeles Dodgers came today amid a New Yankee controversy involving a sudden switchover to Mike Torrez as the sixth-game World Series pitcher.

Yankees Manager Billy Martin made the change to Torrez, the third-game winner, after conferring with his trainer about the condition of Ed Figueroa's sore right ligament.

Figueroa was visibly upset at being passed over again and refused to talk to reporters as he boarded the Yankees' bus after Los Angeles' 10-4 victory at Dodger Stadium Sunday.

On the brink of elimination after having dropped three of the first four games, the Dodgers rose out of the gutter to batter Don Gullett and three relievers for 13 hits — including home runs by Steve Yeager and Reggie Smith — to send the Series back to New York for a sixth game.

The Dodgers will start Burt Hooton in the sixth game Tuesday night in an effort to square the Series.

## Time 'lies' Jackson says

LOS ANGELES (UPI) — Reggie Jackson, embroiled all season long with Manager Billy Martin in a series of running controversies, was reported Sunday by Time Magazine as ready to quit the New York Yankees unless Martin is fired.

But both Jackson and Martin flatly denied the story. In fact, they appeared the best of friends and shared in blasting the news media for allegedly fabricating the rift between the pair after the Yankees' 10-4 loss Sunday to the Los Angeles Dodgers.

Jackson labeled the Time story an outright "lie" and said the only time he had been interviewed by the magazine was when he was put on its cover.

The story said Jackson told Yankees' principal owner George Steinbrenner he will not play for the team next season if Martin is manager.

Martin was quoted in the story as saying: "Jackson has cost this club a lot of games this season. He's a decent, smart man, but he's baseball dumb."

But an opposite picture was drawn Sunday when the two men joked with fans and threw baseballs into the stands before the start of the game.

In the clubhouse after the Yankees' loss, Jackson said he and Martin "had a nice little talk this week. I can't wait to play for the man."

Jackson also related the Time Magazine report he had given a "him or me" ultimatum to Steinbrenner: "I have purposely stayed away from talking to the owner because I knew someone would come up with some great story like this and create controversy."

Said Martin: "I'm flatly angered by all these stories. I don't want any part of it any more. We are a well-knit club now. We need no more of this crap. You have to give the New York writers credit for this."

## Stingers explode, Whalers lose first

CINCINNATI (UPI) — "It was a big game for the kid," said Cincinnati Stingers Coach Jacques Demers about rookie goalie Mike Liut who helped the Stingers beat the New England Whalers 6-2 Sunday night, the first win this year for Cincinnati and the first loss for the Whalers.

"Liut is not my number one goaltender yet, though he will show signs of that," said Demers. "But he has all the attributes to be great — size, reflexes and attitude."

It was the first professional game for Liut, a 21-year-old Toronto native who was drafted from Bowling Green State University by the Stingers.

And he stopped 32 New England shots and was beaten only by former Cincinnati center Greg Carroll in the second period and again midway in the third period.

After the results of Lasorda's pre-game pep talk before the fifth game of the World Series at Dodger Stadium Sunday, Garvey just might get his wish.

The Dodgers, batting a lowly 190 in the first four games of the Series, responded to their manager's verbiage with a 13-hit attack that buried the New York Yankees 10-4.

## Pep talk worked wonders

LOS ANGELES (UPI) — By Steve Garvey's count, the Los Angeles Dodgers are 8-0 after team meetings called by Tommy Lasorda this season. So, naturally, he'd like to see Lasorda call another one before Game 6 of the World Series at Dodger Stadium Sunday.

# Broncos show power upsetting Oakland

NEW YORK (UPI) — Only one established National Football League team has never won a title or qualified for the playoffs, but after Sunday's performance that may be changing very soon.

The Denver Broncos — who have never won anything in their 18 years of existence in first the American Football League and now the NFL — let it be known that they are for real with a 30-7 victory of the World Champion Oakland Raiders in the AFC West.

Buffalo's O.J. Simpson carried the ball for 138 yards against Atlanta to break the 10,000-yard career mark, only the second NFL player in history to do so. (UPI Photo)

It was a team victory all the way," said Red Miller, the Broncos' head coach. "I can't say enough about our all-out effort."

The victory ended Oakland's winning streak at 17 games and gave the Broncos a one-game lead over the Raiders in the AFC West.

In the other major game Sunday, Roger Staubach threw a 39-yard TD pass to Drew Pearson early in the last period to wrap up the Dallas Cowboys' 34-16 victory over the Washington Redskins in a brutal battle that sent one player to the hospital and a half-dozen more to the sidelines.

Staubach, who hit 16-of-29 passes for 250 yards and two TDs, helped keep Dallas unbeaten through five games and open a two-game lead over Washington in the NFC East.

Washington quarterbacks Billy Kilmer and Joe Theismann could manage only seven completions for 64 yards and were intercepted eight times for 63 yards in losses. The passing total amounted to a single yard.

Elsewhere, it was St. Louis 21 Philadelphia 17, Baltimore 17 Kansas City 6, Minnesota 22 Chicago 16 in overtime, Cleveland 24 Houston 23, New England 24 San Diego 20, Miami 20 New York Jets 17, Los Angeles 14 New Orleans 7, Detroit 10 Green Bay 6, Buffalo 3 Atlanta 0, New York Giants 20 San Francisco 17 and Seattle 30 Tampa Bay 23.

Cincinnati is at Pittsburgh tonight, Cardinals 21, Eagles 17.

Jim Hart, questionable all week with an injury, passed 30 yards to his Harris for one TD and Terry Metcalf and Jerry Lundy scored on runs of 10 and two yards to lift St. Louis past Philadelphia.

Colts 17, Chiefs 6.

First-quarter TD plunges by Ron Lee and Don McCauley lifted Kansas City Baltimore over winless Kansas City. The scores came during a devastating first period by the Colts as they reeled off 11 first downs, ran 26 plays to just four by the Chiefs and outgained Kansas City 151 yards to a minus six.

Victims 22, Bears 16 (ot).

Safety Paul Krause passed 11 yards to Stu Voigt for a TD on a fake field goal attempt 7:45 into overtime to lift Minnesota over Chicago. The Vikings moved to the Bears' 11 and on a first down field goal try, Krause took the snap, ran to his right and passed to Voigt for the TD.

Browns 24, Oilers 23.

Don Cockroft, who earlier became the second leading scorer in club history with three extra points, hit a 30-yard field goal on the game's final play to boost Cleveland past Houston. Tom Fritsch hit a 36-yard field goal with 4:28 left for Houston but Greg Pruitt, playing in the game for the first time, sparked a final drive for Houston.

Patriots 24, Chargers 20.

Sam Cunningham ran for 142 yards and Don Haskett caught two touchdowns. TD passes from Steve Grogan as New England beat Chicago. Haskett's second TD catch of four yards came late in the final 30 seconds of the game.

Dolphins 21, Jets 17.

Bob Griese guided Miami to a three-touchdown lead and Miami's defense survived a second-half New York rally led by Richard Todd to defeat the Jets. Miami built its early lead on a 5-yard run by Benny Malone and Griese's TD passes of 1 yard and

## Yale's chances enhanced

NEW YORK (UPI) — Yale's chances to take the Ivy League championship this year have been enhanced.

Behind John Pagliaro, who piled up 172 yards and three touchdowns, including a career record 81-yard scoring run, the Elis posted a 42-20 victory over Columbia in New York.

And Wesleyan, Connecticut's only unbeaten football team, put another notch on the plus side of the ledger Saturday with a 21-13 victory over Worcester Polytechnic Institute on a muddy field in Worcester, Mass.

But not all Connecticut football news was good this weekend. The University of Connecticut remained winless in six games this year as Mine rallied in the fourth quarter to win 9-7 at Orange, Maine.

"We were hurting inside all week and we took it out on Columbia," said Pagliaro. "We went after Columbia with all our might."

Yale lost to Dartmouth, 3-0, Oct. 8 and to Miami of Ohio the week before. The Elis seemed to be falling out of contention for the Ivy League crown. But because unbeaten Harvard chopped Dartmouth down to size, 32-25, Saturday, Yale is just one game out of first place.

Yale is now 2-1 in Ivy League play and 3-2 overall. Harvard is 3-0 in the Ivy League and Dartmouth 2-1. Columbia is 1-3 in league play.

"On a field that I had to be pleased with the whole team's performance," said Wesleyan Coach Bill Macdermot after his team's fourth

straight win. "Conditions like that are a disgrace to college football."

UPI did not score until the final quarter. Wesleyan's 30-14 victory over UConn, leading 7-0 at the end of the third period, seemed to give up in the final quarter. Maine seemed to be ignited by a bench-clearing fight and took advantage of a 30-yard punt return.

Maine quarterback Jack Cosgrove had been thrown for a large loss attempting to pass for the conversion.

After a touchdown with 7:50 left in the game, when there was a pileup, Cosgrove tried to take a punt helmet off. I was just trying to cover myself. I wasn't going to get up and start swinging," Cosgrove said. "It's stuff you can get away with in a pileup."

At the same time a UConn player was hit in the face. Players from both benches arrived at the scene. A penalty flag was thrown but no penalty was assessed.

Following the fight, the Huskies ran three plays and were forced to punt. Jed Palmaccio returned the punt 30 yards to the UConn 40 and kicked a game-winning 32-yard field goal.

In other games, halfback Mike Jones scored a touchdown with three minutes left in the game to lead Southern Connecticut State College to a 19-14 victory over Coast Guard. It was Southern's first victory of the year.

Quarterback Matt Winslow led Middlebury (Vt.) to a 20-6 victory over Trinity at Middlebury, Vt. The University of New Haven tied off a last desperate attempt of Plymouth State by deliberately giving up a safety and won, 17-14 in Manchester, N.H. After being pushed back, Winslow's own goal by a major penalty, the winners ran the ball into their own end zone and then held on to win despite kicking off to Plymouth.

Billy Burnham scored four touchdowns and ran for 164 yards in the first quarter Saturday as New Hampshire easily defeated Central Connecticut State College, 42-7, in Durham, N.H.

Bridgewater State beat Western Connecticut State, 17-7.

Dear Abby

By Abigail Van Buren

DEAR ABBY: Thanks for letting your readers know that next year the Rose Bowl game will be played on January 2. Since your column appeared, we've received countless calls asking for verification.

DEAR FOREST: Thank. The information will be helpful to those who wish to plan ahead.

DEAR ABBY: A woman wrote to say that her girlfriend never shaved her armpits or used a deodorant, and you suggested that the girl be told (nicely) that she offended.

DEAR L.: Effective, perhaps, but I wouldn't advise anyone to do something I wouldn't do. Any anonymous notes smack of tactlessness.

DEAR ABBY: The letter from the woman asking if the good wear a white wedding dress though she had been raped prompts this letter.

DEAR ABBY: I am a rape-crisis counselor. Please make your readers aware that there are rape crisis centers across the country now.

DEAR ABBY: After a woman has been humiliated, degraded, and even beaten, she often finds it difficult to believe that it is her fault that the incident occurred.

DEAR ABBY: Everyone has a problem. What's yours? For a personal reply, write to ABBY, Box No. 6700, L.A., Call 900-909. Enclose stamped, self-addressed envelope, please.

### Game stats looked okay for Hornets

By SHEILA TULLER Herald correspondent

Game statistics from Saturday's football game in West Hartford make it look like East Hartford's Hornets beat Hall. But the 21 points on the scoreboard were all Hall's.

Hall, now 4-0, handed the Hornets their first loss since October 1975, despite a Hornet defense that contained the winners most of the afternoon.

In the beginning, the Hornets ran and passed like they were off to another early lead and their 18th win in a row. After four quick first downs, Hall stopped the Hornets on the 16-yard line.

Hall failed to move against the Hornets. When the EHTS team regained possession it was lost on a fumble. Head Coach Jim Dakin said the Hornets' six turnovers in the game made the difference.

Both defensive units kept the first quarter scoreless. But with 1:46 left in the second quarter, Hall's Dan Barwald drove around the left end and down the sidelines to score.

Early in the third quarter, Hall's George Gordon grabbed a Hornet pass by Jim Ogle and ran 38 yards to score.

Then came a defensive battle that lasted 11 minutes into the fourth quarter. But a fumbled Hornet punt gave Hall possession near the

Hornets' eight-yard line. Barwald took it in.

Hall scored three touchdowns but the Hornets held them to only three first downs. Dakin said his defensive line and the linebackers in particular were outstanding.

"They were outweighed. Supposedly Hall was the stronger team," he said.

Hall also had a fine defensive unit, he said.

The Hornets' Steve Farmer, linebacker, had 15 individual tackles and two assists. Jeff Scanlon, Tom Abern and Mike Hardy each made six tackles and three assists.

Dakin said the Hornets' end Karl Grabowski was the best player on the field. He caught six Ogle passes for 95 yards and played well on defense.

Jesse Santiago also caught three Ogle passes for 34 yards. Dakin called the game's statistics "unbelievable."

East Hartford had 11 first downs to Hall's three. They completed 12 of 21 passes to Hall's one of three. They intercepted two passes to Hall's one. They gained 151 yards passing to Hall's six.

Hall did gain 148 yards rushing, to the Hornets' 103.

The Hornets meet Enfield High in Enfield this Saturday.

In Sunday's flag football games at Martin and McAuliffe Parks, Maple Cafe beat Hose Co. 3 by 21-13. Roger Petrin ran for a TD and passed to Bruce Tracy for another for Hose. Athletic Attic beat Summit Hill, 22-16. Attic's Bill Hannon and John Yonchas caught TD passes thrown by Mike Bagley. Ken Kczynski had five interceptions one for a TD.

Summit's Tony Rinaldi ran for a TD and threw a TD pass to Marty Crane. Mad Murphy's beat Woodland Auto, 22-18 to make Mad's record 5-1 and Woodland's 1-5.

Joe Washington raced 15 yards for the game winning TD as Murphy's stopped upset-minded Woodland. Woodland's defense picked off seven Murphy's passes to keep the game even. Murphy's Bob Pdarkey intercepted a pass and ran 40 yards for a TD. Woodland's Mark Liappes caught eight passes and Mike Liappes caught six. Eyeball Opticians beat Willow Inn, 38-6 in the only lopsided game Sunday.

### Ryan wants to improve standards

"My goal is to further upgrade the standard of living in East Hartford," said Robert F. Ryan, Republican candidate for one of the nine seats on the Town Council in the Nov. 8 election.

"There are a number of things that need to be done here. I want a chance to work on them."

**From large family**  
Ryan, 48, was born in Rockaway, N.J., as the fifth child of seven. There were two sisters, the oldest, and then five brothers.

He grew up in Rockaway, a small, rural town of about 6,500 people in the northwest corner of his state in the foothills of the Adirondacks. The area reminds him of New England.

The town's main industry was casting and forging metal.

Ryan graduated from the local high school, worked in town several years, and joined the Marines in 1949. He became an instructor of typing and other office skills at the Marines school in Camp Lejeune, N.C. He left the Marines in 1952 with the rank of supply chief in ammunition in Earle, N.J. For several years he worked for the Navy as a civilian.

In 1954 he returned to the casting business in Rockaway and has never left the field since.

He first worked in process control and inside sales. He grew more and more familiar in the metal working industry.

He joined the Peerless Aluminum Foundry Co., Inc., of Bridgeport, Conn., as a salesman a year ago. His territory is most of New England.

"Peerless is an extremely high quality house," he said. "They have a marvelous reputation in most industries from the aircraft to traffic signals."

### Campaigning

Ryan was a registered Republican in New Jersey before moving to East Hartford in 1968. He was unaffiliated here until the early 1970s.

His first GOP work came as he campaigned for Tony Donatelli. Donatelli ran for mayor in 1973 and again in 1975, losing both times to Democrat Richard Blackstone.

But Ryan takes heart from Donatelli's closer margin in 1975. The margin was 3,864 in 1973 but only 1,766 in 1975 in a town where Democrats outnumber Republicans four to one.

Donatelli again faces Blackstone this fall, Ryan said. "We're getting there. We'll beat him yet."

Ryan's campaign for a council seat is his first campaign for himself. His other political posts are appointments to the Conservation and Environment Commission in 1975 and from there to the Inland Wetlands Commission.
