We may not have had 16 years experience in Photographic and Crayon work, but it is a well known fact that all persons have not equal ability in learning. Some acquire more skill in one year than others can in ten, and the proper way to test the matter is not by newspaper talk, but by actual comparison of the work turned out. We invite this comparison as to the merits of our work, with that of any other studio in this vicinity, and guarantee to satisfy all in work-
