hake a stick at, and I asked him if he idn't think he would fetch up in state's prison, and he said it was different with man. He said when a man played a joke there was a certain dignity about it that was lacking in a boy. So I lent it to him, and we all went to the sociable in the basement of the church. I never see Pa more kitteny than he was that night. He filled the bulb with ice water, and

the first one he got to smell of his button-

hole bouquet was an old maid who thinks early enough. The other night I awoke "Ha, ha! Now I have got you," said It was that night you gave me and my the grocery man to the bad boy the other | chum the bottle of pickled oysters that morning as he came in and jumped upon had begun to work. Well, I couldn't the counter and tied the end of a ball of sleep, and I thought I would call the twine to the tail of a dog and sicked the hired girls, and they got up and got dog on another dog that was following a breakfast to going, and then I rapped on passing sleigh, causing the twine to pay Pa and Ma's door and told them the out until the whole ball was scattered breakfast was getting cold, and they got

along the block, "Condemn you, I've a up and came down. We cat breakfast notion to choke the liver out of you. by gaslight, and Pa yawned and said it Who fied that twine to the dog's tail?"

The boy choked up with emotion, and ready for work before daylight—the way pants, and when Pa sidled up to her and the tears came into his eyes, and he said he used to on the farm—and Ma she began talking about what a great work he didn't know anything about the twine | yawned and agreed with Pa, 'cause she | the Christian wimmen of the land were or the dog. He said he noticed the dog come in and wag his tail around the we sat around for an hour, and Pa said we sat around for an hour, and Pa said real good, and then she noticed Pa's posy twine, but he supposed the dor was a it was a long time getting daylight, and in his buttonhole, and she touched it, him. "Everybody lays everything that "When he began to pull out his watch, is done to me." said the boy as he put.

If the put and hid in the torrespond to the smell of it. s done to me," said the boy as he put I lit out and hid in the storeroom, and "Pa he squeezed the bulb, and about

his handkerchief to his nose, "and they pretty soon I heard Pa and Ma come up half a teacupful of water struck her will be sorry for it when I die. I have a stairs and go to bed, and then the hired right in the nose, and some went into OF good notion to poison myself by eating girls they went to bed, and when it was her strangle place, and, ob, my, didn't in and teld me to send up to her house o'clock in the morning. We got dinner coming off, and they took her in the some of my country sausage done up in at 8 o'clock in the morning, and Pa said kitchen, and she told them Pa had slapped ing it she noticed something hard inside after this, so I have lost another job, and wimmen told the minister and the deal opened it, and I hope to die if there pickled oysters you gave me. My chum nation, and Pa told them it was not so, wasn't a little brass padlock and a piece says he had colic, too, but he didn't call and the minister got interested and got of a red morocco dog collar imbedded in up his folks. It was all he could do to near Pa, and Pa let the water go at him the sausage. Now, how do you suppose get up hisself. Why don't you some and hit him on the eye, and then a deathat got in there?" And the grocery man times give away something that is not con got a dose, and Pa laughed, and then

CHAPTER XX.

HIS PA PLAYS JOKES.

an expression as of deep thought and finally said: "I suppose the farmer that put up the sausage did not strain the dog meat. Sansage meat ought to be strained. The grocery man pulled in about half a block of twine after the dog had run against a fence and broke it and told the

some of your glucose sugar."

brass padlock came to be in the sausage. but thinking it was safer to have the good will of the boy than the ill will he offered him a handful of prunes. "No," said the boy, "I have swore off on moldy prunes. I am no kindergarten any more. For years I have eaten rotten peaches around this store and every-

boy he knew perfectly well how the

the grocery that he had made on wrap took the boy by the ear and pulled him What's your Pa invented? I saw a ping paper with red chalk, which read, around. "You have got an idea you are "Rotten eggs, good enough for custard smart, and I want you to keep away." hearse and three backs go up on your Rotten eggs, good enough for custard street the other day, and I thought may- pies, for 18 cents a dozen."

be you had killed your Pa." Not much. There will be more than three hacks when I kill Pa, and don't you three backs when I km Pa, and don't you forget it. Well, sir, Pa has struck a fortune if he can make the thing work. He has got an idea about coal stoves that will bring him several million dollars if Sunday sait on and a bouquet in his butter to a reverte of \$1 on every cook.

The boy pulled his ear back on the side of his head where it belonged, took out a cigarette and lit it, and after puffing amoke in the face of the grocery cat that was sleeping on the cover to the sugar.

HIS PA PLAYS JOKES.

"Say, do you think a little practical joke does any hurt?" asked the bad boy of the grocery man as he came in with his Sunday sait on and a bouquet in his butter to be sugar.

HIS PA PLAYS JOKES.

"Say, do you think a little practical joke does any hurt?" asked the bad boy of the grocery cat that was sleeping on the cover to the sugar.

HIS PA PLAYS JOKES.

"Say, do you think a little practical joke does any hurt?" asked the bad boy of the grocery cat that was sleeping on the cover to the sugar. he gets a royalty of \$5 on every cook tonhole and pried off a couple of figs barrel he said: stove in the world. His idea is to have a from a new box that had been just stove in the world. His idea is to have a coal stove on castors, with the pipe made to telescope out and in and rubber hose for one joint, so you can pull the stove all around the room and warm any particular place. Well, sir, to hear Fa tell about it you would think it would revolutionize the country, and maybe it will when he gets it perfected, but he came hear burning the house up and scared us half to death this morning and burned his shirt off, and he is all covered with shirt off, and he smells his shirt off, and he smells have sheared of the process thoughing the house on a state of the sirup that dripped from a plure who he add anything but what was spoiled so the couldn't be sold in a first class store, to couldn't be sold in a first class store, who cheated in weights and measures, who bought only wormy figs and decayed codfish, who got his butter from a plure of the sirup that is, one that is, one that does not injure him—is a fool, and he ought to be shunned by all decent people. That's a nice bouquet yau have in your coat. What is it—passiess. Let me shoult the son of one of the finest families. Why, sir, I could go cut on the corner and when I saw customers coming here I would tell a story that would turn their story. The couldn't be sold in a first class store, who bought only wormy figs and decayed codfish, who got his butter from a plure from a vinegar factory and his sugar from a vinegar factory a

his shirt off, and be is all covered with cotton with sweet oil on, and he smells like salad dressing.

"You see, Pa had a pipe made and some castors put on our coal stove, and he tied a rope to the hearth of the stove and had me put in some kindling wood and coal last night, so he could draw the stove up to the bed and light the fire at the bound put his foot in it, and he told her to dry up and let him run the stove is orey man belt to run a patent right, and Ms she pulled murder and fell over at a feepe in the dried apple barrel, that the mice made nests in the prune box and rats run riot through the raisins, and that you naver wash your hands except on Decoration day and Caristmas, that you will be improved? Suppose I should tell them that the mice was less tow the fire act. She has been building the fires for 20 years and thought she would let Pa see how good it was. Well, Pa pulled the stove to the bed and tonched off the kindling wood. I guess maybe I got a bundle of kindling wood that the hired girl had put kerosene on, causes that we would get mad at a joke was a blazed up awful and smoked, and the blazed up awful and smoked, and the blazed up awful and smoked, and the blaze bursted out the doors and windows

Lukin, the coach builder of Long Acre, London, who invented the first lifeboat, and 1do not beame him for ordering put on his tombstone in Kent the inscription that you may still read there:

"This Llonel Lunkin was the first who built a lifeboat and was the original inventor of that paluciple of salety by which many lives and much property have been preserved from shipwreck, and he obtained for it the king's patent in the year 1785.

All honor to the memory of Sir William All honor to the memory of Sir William after assisting with his own hand in the read after assisting with his own hand in the read of 320 lives of the shipwrecked, itered in all that lifeboat. All the construction of lifeboats was the first who has fer assisting with his own hand in the read of 320 lives of the shipwrecked. Thanks to God for fifther and the construction of lifeboats. Thanks to God for fifther and was the first with my left foot, and then I try it with my left foot, and then I try it with my left foot, and then I try it with my left foot, and then I try it with my left foot, and then I try it with my left foot, and then I try it with my left foot, and then I try it with my left foot, and then I try it with my left foot, and then I try it with my left foot, and then I try it with the wrong man. The dog was trying to lead him home.

In happened one day to be in a Tenthesee mountain town when an electron was taking place, and there was don't make the with the wing has taking place, and there was don't make the town in the town was taking place, and there was one fellow who was doing more talking the town and about the land, and about the sale, and about the

a flying jibboom, or furling a topsail, but we all realize to greater or less extent the importance of a lifeboat in every marine equipment.

But do we feel the import nee of a lifeboat in the matter of the soul's rescue? There are times when we all feel that we are out at sea, and as many disturbing and antions questions strike us as waves struck that vessel against the sides of which the lifeboat of my text dangled. Questions about the church.

The inquiry room ask.

Well, I know how you feel, for summer before last on the sea of Finland I had the before last on the sea of Finland I had the before last on the sea of Finland I had the same experience. The ship in which we sailed could not venture nearer than a mile sailed could not venture nearer than a mile

But do we feel the import now of a licebook in the matter of thescoit resour? There are times when we during and, antifous questions active us as waves stroic, that vessel against the sides of which should the characteristic of the control of the

sion of the lifeboat. No one will doubt its important mission who has read of the wreck of the Amazon in the Bay of Biscay, of the Green and the reads of the Gulf of Mexico, or of the Ocean Monarch on the coast of Wales, or of the Birkenhead on the coast of Wales, or of the Birkenhead on the coast of Maless, or of the Brean of the Cambria on the Scotch breakers, or of the Cambria on the Scotch breakers, or of the Cambria on the Irish coast, or of the Atlantic on the rock of Nova Scotia, or or the Lexington on Long Island Sound.

To add still further to the importance of the Markers and the steerage passing in the control of the Markers, or of the Lexington on Long Island Sound.

To add still further to the importance of the Markers and the steerage passing in the confiders ground at the top of the stairs the work and the importance of the Markers and let her fall off. May be an an analysis of the utilizates to sever the ropes of swinging the cutiasses to sever the ropes of importance and in the markers are passing the cutiasses to sever the ropes of importance and in the markers and in the markers a

of Nova Scotia, or of the Lexington on Long Island Sound.

To add still further to the importance of the difference to the interest there are at least 3,000,000 men following the sea, to say nothing of the uncounted millions this moment occan passengers. We "land-lubbers," as that you could not keep people from jumping into the most popular lifeboat, made of church member inconsistencies.

In times of revival when sinners flock into the inquiry room the most of them are kept the inquiry room the most of them are kept anything about heaving a log, or rigging out a flying jibboom, or furling a topsail, but we all realize to greater or less extent the impact of the said and the top of the stairs where they would have been washed off, and the top of the stairs where they would have been washed off, and the top of the stairs where they would have been washed off, and the top of the stairs where they would have been washed off, and the top of the stairs where they would have been washed off, and the top of the stairs where they would have been washed off, and the top of the stairs that shout your C..mpanias, and your You talk about your C.mpanias, and yo
