South Manchester, Conn.

TOWN NEWS.

The new water engine will be used for the first time in blowing the organ in St. James church next Sunday. The connections were made by Hugh Moriarty and well known stove-dealer and plumber.

Professor P. A. Andren of Brooklyn, N. Y., will preach at the morning services in the St. Ev. Luth. church next Sunday, Nov. 26. He holds the chair of Latin in the Upsala College in the City of Churches.

An unusually large number of people listened to Mrs. Walker in the South M. E. Church Wednesday evening. These meetings are growing in interest day by day. Mrs. Walker is the guest of Mrs. Edward E. Agard during her stay here.

We have received a handsome new line of wedding invitation samples. Call at the office of THE NEWS and see them. They are the latest out and strictly up to date in every particular. If you are interested in this matter we will be pleased to show them to you.

Mrs. Francis A. Smith of Hartford, the well known, pleasing and popular soprano, who sang and acted so charmingly at the Mikado here in the role of Yum Yum recently, has placed her card in the advertising columns of THE NEWS and to it we graciously direct the attention of our readers.

B. C. Apel was in Hartford last Tuesday and called at Woodland where he held an extended conversation in the German language with Toci, the truly remarkable freak of nature that has two heads and two bodies, supported on one pair of legs, and is now being exhibited in Allyn Hall, Hartford.

THE NEWS is issued every Friday morning and costs but One Dollar a year. Your subscription will be gladly received either at the office over Cheney's store, or the residence of the publisher on School street, or by mail. If you like the paper, give it your patronage. Have your name added to the subscription roll now.

Gordon Dunn won the bicycle race last Saturday afternoon, and fell from his bicycle, striking the ground with great force, just as he crossed the line. The start and finish were at the store of Hale Day & Co. on Charter-Oak street, where a large number of spectators assembled to witness the proceedings. The firm presented a pair of \$8.00 shoes to the winner.

Manager Watkins has secured F. H. Bernham's illustrated lecture entitled "Chicago and the World's Fair" for the first week in December, at Armory Hall. The exact date is not known at this writing. This is said to be a fine affair as it shows 100 views of the great exposition, each of which magnified as to cover a screen the entire size of the stage front. Full particulars will be given later.

Later—since the above was placed in type, we learn that the date has been definitely fixed for Tuesday Dec. 3.

Officers of the law have started the work of detecting illegal liquor selling, and have already made several raids. On the second visit to James Devlin, they seized a number of bottles of liquor. They made official calls on James Smith and Mrs. P. Quinn also, but did not secure anything.

Mrs. J. E. Prentice of New Britain, but formerly of this town, bought the Charlotte C. Johnston piano which was auctioned off last Saturday evening, paying \$136 dollars for same. A. J. Spencer was auctioneer. The piano was bought some eight years ago by C. W. Cowles, for Miss Johnston, and cost \$150 cash. The instrument is said, by experts, to be in excellent condition.

Watkins Brothers have put up a new and large bill board on their land directly north of their furniture store, facing on Main street. The large and showy posters of the "Tom Sawyer" combination, were the first to ornament the new bill board, which is their own private property, and will be reserved for the exclusive use of the Armory theatre, excepting when rented for other purposes. They will also erect a large one over North in some conspicuous place, and have smaller portable ones besides.

Remember that the grand military ball of Company G. will take place in the new and elegant Armory Hall this Friday evening. The ladies dressing room will be found on the right hand side immediately on passing through the vestibule, and ample accommodations for the guests and gentlemen will find a place for checking hats, coats etc. on the left hand side directly after entering the main hall. This arrangement will be found very satisfactory and convenient, and a brilliant social event is assured.

TOWN HEALTH OFFICER.

Governor Lusk B. Morris has appointed Dr. M. S. Bradley of this place Health Officer for the town of Manchester. The Doctor has accepted the appointment, and is now a duly authorized official. It will be remembered that by section 15 of chapter 248 of the public acts of the last general assembly, all "town boards of health" were abolished, and therefore the present appointment is made, and the term of office is four years. A man was sent here from the higher health authorities of the State to look the field over and make the selection, and the distinction has fallen upon Dr. Bradley, to whom all complaints regarding abuses of health laws must be made, and in writing and signed, and they will then receive proper attention. The doctor intends to do his best to stamp out contagion that hangs around our pretty village so persistently, and should have the aid of all good citizens in this laudable undertaking.

BURLIQUARIO ENTERED.

When the clerks entered the grocery store of J. H. Bilson in the Park Building yesterday morning, they found that the money drawer had been tampered with, the combination disarranged, so that it could not be opened, and the bottom part broken out. On investigation it was found that one of the rear windows had been pried open during the night and some person or persons had burglariously entered and removed the money drawer. As far as could be ascertained, nothing of any consequence was taken. The drawer contained about \$2.00 in nickels and one cent pieces, but they could not get at it, as the cash was in the upper part of the drawer. The evidences seem to indicate that it was the work of amateurs.

MEINIS-TEODOR.

James G. Meinis of Paterson, N. J., and Miss Rachel Teodori, formerly of this place, will be united in marriage in St. Paul's Episcopal church, Paterson, Thanksgiving Day, by Rev. Mr. Geloren. The happy couple will spend their honeymoon at the home of the bride's parents, Mr. and Mrs. Wm. Teodori, on Main street South Manchester, after which they will take up their residence in Paterson. The bride is sister to Miss Debbie Teodori, clerk in the dry goods department of Cheney's store, and is well and favorably known in this place, as her parents are old and respected residents here.

SCHOOL MATTERS.

In our last issue we had an article on school matters, referring in particular to the question of children from outlying districts attending the lower department of the Ninth District school, and it was therein stated that "At a recent meeting of the board of school visitors a resolution was passed forbidding parents' etc. The resolution however, we have since been informed, was passed by the acting school visitors, and not by the board, applies to all the schools in town, and has been put into effect in the Eighth District school.

Number 6 of the "Rules and Regulations" adopted by the board of school visitors refers to this matter, as can be seen on page 12 of the "Annual Report of the Board of Education" for 1892.

ABANDONED THE COURSE.

Owing to lack of patronage the South Manchester Division Sons of Temperance have cancelled the other engagements in their course. On the two attractions already presented they have lost quite a sum of money, and do not intend to continue the matter further for this season. They had George W. Bain of Kentucky engaged to give his humorous lecture entitled "Boys and Girls Nice and Naughty, or The Pendulum of Life"; and A. W. Hawks of Baltimore, Md., his laughable discourse entitled "Hawks on Hash", Ye Deetrick Skule" &c.

DRAKE POST INSPECTED.

The annual inspection of Drake Post G. A. R. No. 4, was held in Cheney Hall last Tuesday evening, under the direction of Assistant Inspecting Officer J. L. Lamphar of Nathaniel Lyon Post G. A. R. No. 2, Hartford. Upwards of forty comrades responded to the muster roll, all attired in full uniform. After the duties of the evening closed in the Lodge room, all were invited to the dining hall where a genuine army supper was discussed, and a social hour pleasantly spent. Drake Post has 79 members in good standing.

NEW BUILDING.

Hartmann & Goldschmidt are tearing down the ruins of their building on North Main street, that was recently gutted by fire, and expect to erect a new wooden business block on the site, some 64 feet front and 70 feet deep, three stories high, the ground floor to have two stores and the upper stories to be used for dwellings. The building now used by Carter & Strong as a feed and grain store, will be built on so and brought out on a line with the proposed new block.

There will be three special meetings at the Salvation Army Barracks Thanksgiving Day. At 10.30 a. m. Monday, 11.45 p. m. The musical meeting will be the attraction for the evening. A very interesting program consisting of vocal and instrumental music will be given. Lieut. Hanson, formerly a soldier in the local corps, but now an Officer in the Army, will assist in the meetings Saturday and Sunday. He will give good bye Sunday evening, and leave Monday morning for Portland, Me. to take charge of a corps in that city.

Steam and Hot Water HEATING

If you are thinking of making a change in your heating apparatus we would like to talk to you.

We are putting in the celebrated

FURMAN BOILERS

for steam or hot water heating. These boilers are in more general use throughout the United States than those of any other maker. They were adopted to heat the Horticultural Building at the World's Fair.

We have put in a number of them in this town and can refer to the users who speak highly of them. Now is the time to attend to this in order to be ready for cold weather.

T. P. AITKIN,
Depot Square, Manchester, Conn.
