TOWN NEWS.

Leander H. Snow of this place, who has been employed as teamster with Cheney Brothers for the past thirteen years, has moved to Phoenixville in the town of Eastford, where he will take up farming. Mr. Snow says that in all those thirteen years past he never found it necessary to remain unemployed until this winter.

Some twenty five or more of Miss Mamie McFarlane's friends gave her a surprise party at her residence on Main street last Friday evening. She was away from home when the merry makers arrived, and on returning was heartily welcomed. They brought supplies with them, had quite a feast and enjoyed themselves very pleasantly with music, singing, games etc.

W. W. Smith, General Agent for the National Loan and Investment Co., whose advertisement appears in another column, has been in town for a few days this week and has interested a number of prominent business men in this enterprise. A local board will be formed in a few days with some of our leading men as officers and directors.

The Boston Store, in the Orford building, gives notice in the advertising columns of The News, that they will have their millinery opening tomorrow, March 17. They intend to place on exhibition a nice display of the latest novelties in the millinery line and are prepared to trim and make to order anything special that may be required. Go and see the new Easter bonnets. They are beauties.

The Hibernians and their friends will dance to the tune of "St. Patrick's Day in the morning" at Cheney Hall this Friday evening. Handsome programs will be given to every dancer. All indications point to a very pleasant event. The sport will continue until midnight. Admission to ladies 30 cents. Bussies will be provided to carry Manchester patrons home after the dance. Word has been received that delegations from East Hartford, Glastonbury and Rockville will be present.

Remember that The Jacksons will present their illustrated stereoscopic lecture entitled "The Land of the Midnight Sun or a Trip Through Scandinavia", in Armory Hall, Wednesday evening March 21. It promises to be a very interesting and instructive lecture and one that young people generally should hear, as it will give them a much better idea of that part of the globe than they can possibly get from their books.

The paper makers of this town are among the lucky ones at the present time in the matter of having plenty of employment and at a dance recently given by Heckman Lodge No. 13, Bro. Simms, Mrs. Adams and Miss Foster, after which general discussions of those and other interesting topics were given by Mrs. Bogue, Mrs. Russell, Mrs. Trevis, Mrs. Curtis and Messrs. Redgrave, Trognak, Adams and Seid also took part. The meeting as a whole was very interesting and instructive.

TOWN AID FOR UNEMPLOYED. What shall we do to help the unemployed? We have many in town and their number is increasing. Ordinary charity will not meet the case. Charity is not for strong men and women, but for the helpless and sick. Strong men and women must earn their own living. This they wish to do, but many can find no work.

Two ways present themselves in which the town may meet the case. The one is to open up new work, or improve old ones. This will employ men for a time, but it affords no permanent relief. It is not productive labor. It is soon finished and leaves the laborer out of a job, as badly off as he was before. The other way is not so easy, but if it can be carried out, will fully accomplish our purpose. It is to use the town money in establishing worthy families upon the vacant lands in town.

I am informed that there is much land in Manchester that is not well cultivated, or cultivated at all. It does not require a vast deal of capital to start an industrious man, in a small way, upon a little farm and give him a chance to earn his own living. The money required need not be given away, but loaned at a small rate, or no rate of interest.

I believe if our selectmen were empowered to do something of this sort, it would be of immense advantage to both the town and the unemployed. It is worth thinking about and trying. J. A. BRONZ.

ST. MARY'S CHURCH. The following services will be held in St. Mary's church during holy week. The ante-communion office will be read on Monday, 10 a. m. and on Tuesday, Wednesday and Thursday at 7.15 a. m. Evening prayer and instruction on Wednesday 7.30 p. m. GOOD FRIDAY. Morning prayer and sermon at 10 o'clock. At 2 p. m. the Sunday school will sing "The Story of the Cross." Saturday there will be an Easter Even service with holy baptism at 8 p. m. EASTER SUNDAY. Morning prayer, sermon and holy communion at 10.45. The Sunday School will sing "The Story of the Resurrection" at 5 p. m.

The Glenwood Range.

Contains many new features combined with those proven by experience to be very valuable. Every detail has been considered at great length by men who have had long experience in the business, and nothing has been left undone to make this a perfect range. The castings are of the best quality of iron, and their smoothness and fineness of texture are remarkable. This range should be critically examined to fully comprehend all its many points of excellence.

The manufacturers of this range started in business in 1877. They were a half dozen of practical workmen, who had grown tired of strikes etc. and joined themselves into a company to manufacture these goods, which, solely on their merits, in open competition with others, have pushed themselves to the front, until to-day these turn out more ranges than any concern in New England.

T. P. AITKIN, Sole Agent for Manchester, Conn., Depot Square.
