DON'T PAINT THIS SUMMER without seeing HUBBARD about it. He furnishes the best paints made and will do the work right. Citizens' Bakery. HOME MADE PIES and LOAF CAKE. SPECIALTIES. D. Lull & Son, South Manchester, Conn.

TOWN NEWS.

Mrs. Mary Chapman and her two children will set sail for the old country from New York on the steamer Farnesia of the Anchor line tomorrow. She is going to her native home on a visit.

Within the past week, John Joyce, local agent for the Stearns wheel, has sold three of the 1894 models "A" to persons here, as follows: Charles Lang, Richard Anderson and John Swanson. These models are classed as among the best wheels made.

Patrick Dougherty, sr., went down to the Roosevelt hospital, New York last Monday morning, for the purpose of undergoing a surgical operation for cancer. Dr. Weldon accompanied him. Late advices stated that the operation would take place yesterday.

Mrs. Harriet Hutchins of Parkville died last Sunday and was buried Wednesday afternoon, services being held by Rev. C. H. Barber. Interment in the East cemetery. Deceased was 83 years of age and resided with her daughter, Mrs. David Wilson.

The poles have been set this week down South Main street all the way to the Glastonbury line and in a few weeks the wires will be strung, lamps set and lights furnished, much to the satisfaction of residents in that section.

Mrs. E. D. Curtis of South Main street informs us that some malicious person or persons stole six of her fowls last week. Her circumstances are such that she feels the loss very much, as she relies to a considerable measure for her support from revenue obtained by keeping chickens.

Recent rains gave a new lease of life to huckleberries and they are quite abundant here at eight cents a quart. Housekeepers will appreciate this fact, as canned huckleberries are very wholesome and acceptable in winter time, and at current prices are reasonably cheap fruit.

The Salvation Army will hold an open air rally at the center, their old battle ground, Sunday afternoon at 3 o'clock, weather permitting, and at 8 p. m. will have wonderful times in the bar racks. The balance sheet of receipts and expenditures for the past three months will be read.

Mrs. Catharine Hughes of Maple street died of heart disease last Monday. She was 72 years of age. Her funeral took place on Wednesday morning, burial being in Hartford. Prayers were offered up in St. James' church, for the repose of her soul, but as it was a holy-day, a requiem mass could not be said at the time of her funeral.

The Willimantic will play ball with the home team on the Nebo grounds next Monday afternoon. This will be their second appearance here this season. When they were here in July they won by a score of 6 to 3, but did not earn a single run and the local team earned its entire 5. It will be interesting to see how the contest will come out this time. Our boys made 10 errors before and the Willimantics but one.

THE WAY IT'S DONE IN WINDSOR LOCKS. A delegation of the Wheel Club boys from this place took a spin up to Tariffville and other points last Sunday, and while en route, Harry Robinson broke a pedal on his Victor, and brought up in Windsor Locks, where the local agent for the Victor wheel was found, who very courteously put on a new pedal, did not charge a cent for either the pedal or his services, and sent the wheel man on his way rejoicing.

TO NEW YORK AND CONEY ISLAND. Chester and Mrs. Gould of Marlboro, Mass. spent a couple of weeks visiting with George Gould, and on Saturday last they went to New York on the steamer "Hartford." They were accompanied by Miss Hattie Strickland, Mrs. Oscar Hagson and Charles Sweetzer. They staid over Sunday and Monday, visited Coney Island and returned home on Tuesday morning. Mr. and Mrs. Gould returned to their home on Wednesday.

WILL ORGANIZE LATER. Rev. Richard C. Gragan gave notice recently, that the organization of a young ladies' temperance society in connection with St. Bridget's church would be perfected as soon as cooler weather set in, and appointed the following persons as a committee to solicit names: Maggie Doyle, Mary Welch, Mary O'Connor, Della Farmer, Nellie Mahoney. When the proper time arrives a public temperance lecture will be given and the society organized.

THE HIBERNIANS VINDICATED. The following letter explains itself. Mr. MAURICE MORRIS, Dear Sir—You request me to state whether a delegation from the A. O. H. made an appeal to the Board of Selectmen to prevent the parade of Orangemen in this town July 4th. I will say that no person or delegation came to me with such request or to my knowledge made any objection whatever to the parade. Yours respectfully, C. G. WATKINS.

LIGHTS ON NEBO AVENUE.

Residents of Nebo avenue are highly elated over the fact that two electric lights have been placed in position on that street within the past week, and they were badly needed, as the danger of pedestrians tumbling into the brook there on dark nights was very great, owing to the abrupt turn in the walk coming down the incline from an easterly direction. The ability to see where the deep gutter is, in dark and wintry nights, will be appreciated, as residents there have long been sorely annoyed by these disturbing conditions.

FOR BLOCK ISLAND.

A. H. Skinner has made arrangements to bring some 50 people to Block Island tomorrow. They will go by the New York & New England railroad to Willimantic, thence by New London & Northern to New London and thence by steamer to Block Island.

Fully one half of the party will be ladies. They go by special car. Tickets are good for an especially low rate, until Tuesday, the 21st. The party will leave South Manchester on the 8.30 a. m. train, and take their special from the Manchester station at 7.16 a. m.

A HANDSOME WHEEL.

Gordon Dunn and Harry Fay are entered in the Willimantic races for this Friday. Gordon Dunn will ride a special racing wheel made by the Stearns Company and known as "The Yellow Fellow." It weighs but 16 pounds, is one of the lightest racing wheels made, and was secured for this race through the courtesy of John Joyce, the agent for the Stearns wheels. The machine is quite a curiosity. Nothing like it has ever been seen in town. It is made for racing only, and is entirely too light for road use although it will safely carry a 160 pound man in a race.

EXCURSION TO NEWPORT.

The New York & New England Railroad company will run an excursion to Newport via New London on the magnificent new steamer "City of Lowell," Wednesday, August 22, 1894. Train leaves Manchester 7.16 a. m. Round trip ticket \$1.75. Arrives at Willimantic 7.57 a. m. and at New London 9.14 a. m., connecting with steamer for Newport.

Returning, steamer connects at New London with special train for home. The new twin screw steamer "City of Lowell," queen of the Norwich line fleet, is most elegant in all its appointments, has large and commodious cabins, saloons and decks. Refreshments served at all hours. Staterooms secured at clerk's office. Orchestra for dancing. A fine band of music. Seven hours sail from Long Island Sound and the Ocean. Three hours' stop at the fashionable Newport, to visit the most noted resort on the Atlantic coast. Embrace this opportunity for enjoying a trip on the newest steamer on the Sound.

ARTISTIC PENMANSHIP.

Rev. Richard C. Gragan, pastor of St. Bridget's church, received a handsome testimonial last Tuesday, from Aurora Council No. 23 Knights of Columbus of Seymour, Conn., of which body he is a member, and was formerly chaplain, consisting of an engrossed testimonial of their esteem, expressing their regrets at his being called away from them, commending him for his zeal in their behalf, for the able manner in which he performed the duties of his office, for the noble qualities which endeared him to all classes there, and wishing for him the same respect and esteem from all fellowmen here, that he received in Seymour.

The testimonial was elegantly engrossed by Professor J. P. Regan of Rockville, who is professor of penmanship in the public schools of Rockville, and an acknowledged artist in his line. A life like pen-picture of Father Gragan occupies a central position in the work, which is executed in a manner that is seldom equaled and is really worthy of a visit. It is set in pretty frame of silver and ivory finish, is 28 x 34 inches, and a piece of work that Father Gragan prizes very highly. It occupies a conspicuous place in his parlor.

THERE'S MONEY IN IT FOR YOU.

Housekeepers should read carefully each week the "Home Market" column in The News. It is up to date, as newly as we can make it, and furnishes each week a good list of prices of the staple products that each family has to use, together with current notes on the fluctuations which are continually occurring. By keeping posted in this way, the careful housewife can save, during the course of the year, many times more than the price of this paper. It is not convenient for many persons to get around and ascertain prices, and by consulting The News each week they can keep well informed on this all important matter. It is profitable to do so.

A well made, neat fitting, nice looking and serviceable suit of clothes can be procured at Peter McParlane's for a very reasonable sum of money. These are good strong points, and worthy of your serious consideration. Go there and be convinced.

Gotta's ice cream delivered for all occasions week days and Sundays.

HAVE YOU A BATH-TUB?

If you want to fully enjoy life this hot weather, get a bath tub. They are coming into greater demand than ever.

I have sold and set more bath tubs this season, than ever before in a similar period. They can be placed in any house at a very moderate cost and if you once have one, you will never want to live without it.

Call and talk the matter over. There is no better time to do this than now.

T. P. AITKIN,

Depot Square, Manchester, Conn.

Pedestrian torn are proper among the young men of New England.

An effort is being made in Scotland to revive the oyster cultivation, which has been falling off.

The "general managers" predict that within five years railroads will own all of their equipment except sleeping cars.

Atlanta, Ga., is booming her cotton exposition, which is to be held in 1895, with a vigor and energy that in the opinion of the Chicago Herald, deserves success.

Experiments are now being made with compressed hay for paying blocks. The hay after being pressed, is soaked in a drying oil, which, it is claimed, renders it indigestible.

A Japanese novelist has produced a story called "The Romance of a Dog," which is to appear in 108 volumes, issued at short intervals at a popular price. This is said, by the Detroit Free Press, to be the longest tale of a dog on record.

Dr. Cathel, in the Maryland Medical Journal, advances the opinion that fasting during the long interval between supper and breakfast, and especially the complete emptiness of the stomach during sleep, add greatly to the amount of emaciation, sleeplessness and general weakness so often met.

The Paris Figaro, at the time of Carnot's assassination, having in mind his more than possible retirement, had a cartoon ready for publication, and a water pointing at the president, and saying to another: "Look at him well. It is the last time you will see him." Of course the cartoon was not published.

The Northwestern Lumberman, which a few years ago took the ground that the supply of white pine in the Northwestern States was inexhaustible, now shows by what it believes to be authentic statistics, that the white pine in one district alone for the current year will be 700,000,000 feet, and information points to general shortage in all the Northwestern pine territory.

A crusade is being started against the engagement ring. One of the reasons given for its proposed abolition, states the New York Telegram, is that many girls become engaged for no other purpose than to add another ring to their collection and break off the contract as soon as it becomes convenient. It is always good taste to return engagement rings, which are not tokens of plighted troth, and not the useless baubles that some contend.

There is a contractor in Washington, Levi Maish, who is waiting for the war department to pay him \$8,000 which he earned very easily. It appears that for a long time past Fort Meyer has been short of water, and finally the department made a contract with Maish to bore an artesian well. The well was to flow 150 gallons a minute of good water, and the price was to be \$3000. To his own and everybody's surprise, Maish struck a tremendous flow of water at a depth of 80 feet. Its temperature is 80 degrees, and it is thought to come from the vein of some of the Virginia hot springs. The water is light, hot, pure and good, but yet the contractor has not got the money, the department apparently thinking that it was too easily earned, \$100 a foot for an artesian well is a good price.

It looks, to the Chicago Times, as if the days of iron were nearly over. There is a shortage of production as against steel every day. Steel is as cheap and sometimes cheaper than iron, while its durability is generally showing itself as infinitely superior. Scarcely a strip is now built of iron plates. A striking instance of the superiority of steel was lately shown. An Australian liner built on the Tyne from local steel plates was run on the reefs in a fog at Homerton. For eighteen days she was wrecked on the jagged rocks until a tidal wave lifted her off. All along the bottom the plates on both sides were bent inward, the keel bar being broken. The plates would only bend, however, not break; a single rivet had sprung nor had a drop of water penetrated the bottom. The vessel was brought by her own engines, just as she was, 19,000 miles to the Tyne. There experts examined her and made much favorable comment on the ductile and durable properties of steel as compared with iron. Iron would infallibly have given way, while steel stood the great strain with safety.

A BIG TEXTILE STRIKE.

TEN THOUSAND RHODE ISLAND OPERATIVES GO OUT.

A dispatch from New Bedford, Mass., says that the great textile strike—the biggest of its kind which this city has ever known and one of the largest in the history of New England—is on in full force. The factory bells rang as usual on the morning of the starting of the strike. At the north end, where are the Warratts and other great mills, only a dozen or fifteen kno-knockers were to be seen. All the rest stayed out in protest against the reduction of wages paid to operatives.

Of the honorary degrees bestowed by American colleges at their recent commencement, sixty-three, a little less than half, were given to clergymen.

At a cabinet council at Madrid, Spain, the other day the means of reconciling the interests of national defence with those of the railway companies in connection with the proposed construction of a tunnel through the Pyrenees were considered. The matter was referred to the ministers of war and public work.

The strength of China as a fighting nation lies in the number of people she can call upon to be killed, maintain the discipline of the army, and the fact that she is inexhaustible and if her resources are stubborn enough she can construct a war through numerous deadly campaigns. France has found this out when pitting her own military equipment against China's. How would Japan fare?

The use of corn meal in Europe is increasing, partly owing, explains the Boston Cultivator, to the efforts our Agricultural Department has made to increase the foreign demand for this great American staple. The Italians are the latest converts to the new food. They now use corn meal in making points, instead of the material formerly employed. The corn meal is cheaper and better, because not so hard to digest as meal from any kind of nuts.

There is a contractor in Washington, Levi Maish, who is waiting for the war department to pay him \$8,000 which he earned very easily. It appears that for a long time past Fort Meyer has been short of water, and finally the department made a contract with Maish to bore an artesian well. The well was to flow 150 gallons a minute of good water, and the price was to be \$3000. To his own and everybody's surprise, Maish struck a tremendous flow of water at a depth of 80 feet. Its temperature is 80 degrees, and it is thought to come from the vein of some of the Virginia hot springs. The water is light, hot, pure and good, but yet the contractor has not got the money, the department apparently thinking that it was too easily earned, \$100 a foot for an artesian well is a good price.

POTATO CROP FAILING.

Some advance in price on account of the drought. Recent reports from the Department of Agriculture in Washington show that there has been a very heavy decline in the potato crop this season. For the month of July the estimated decline in production is 10 per cent. This is an unusually heavy decline; in fact it is the greatest ever recorded in a single month. The chief cause of this falling crop is the drought and the fact that the potato plants in the country have suffered this season.

TWO FUTURE EMPERORS.

Czarevitch of Russia, the Czar's Eldest Son, and Prince George of Wales, Queen Victoria's Eldest Grandson.

PRINCE GEORGE OF WALES.

FIFTY-THIRD CONGRESS.

TOWN NEWS.

Mrs. W. R. Tinker is at Block Island. Claffin & Kimball of Boston have placed an attachment of \$50,000 on the Mather Electric company.

Clarence F. Bidwell, clerk in the Manchester post office, will enter Hunter's Business college next week.

Mrs. M. Bartlett and her daughter Emma are spending a couple of weeks at Block Island.

Rev. D. A. Haggerty is spending a few days at Block Island. Father Curtin of New Milford was a guest of Rev. D. A. Haggerty last Tuesday.

Some 22 persons went on the A. H. Skinner excursion to Block Island last Friday. Many remained over until Monday and Tuesday and all enjoyed the outing amazingly.

The hunting season is near at hand and Ferris Brothers are prepared to supply local sportsmen with everything in the line of sporting utensils needed. Read their new advertisement in another column.

Dr. Maine returned to his office yesterday afternoon, and is prepared to execute the work he had to see aside last week by being suddenly summoned to the bedside of his father, notice of whose death appears in another column.

The laws about the Ninth District schoolhouses have been moved off, and put in good form for the opening of the fall term of school. Necessary alterations and improvements have also been made on and about the buildings.

Word was received from the Roosevelt hospital, New York, yesterday that Patrick Donogherty of this place would undergo an operation for the removal of a cancer today. His relatives and friends here anxiously await the result and hope it may be successful.

John O'Keefe of Spruce street attended the funeral of his sister Nellie, who died in Middletown last week. Friday and was buried on Monday. Mrs. O'Keefe accompanied him. Deceased was 51 years of age and had been in feeble health for several months.

James Smith of Paterson, N. J. visited with his mother Mrs. Emily Smith of Center street last week and was tendered a surprise party. He was accompanied by Miss Annie Priestly also of Paterson, to whom he is soon to be married.

Will Barber and wife of Colchester spent Sunday in town. Will is in the employ of the Colchester Railway company as clerk and expects to move to Providence soon, as the company has closed down its mill in Colchester and is going to remove its office to Providence.

Principal and Mrs. F. A. Verplank have closed their vacation and are now in town. During their outing they made visits to places in Pennsylvania, to Niagara Falls, the St. Lawrence, Montreal, Watkins Glen, Liberty Hill etc.

Alexander and Mrs. Rogers of School street left yesterday for New York city where they intended to meet Mr. Rogers' brother and go to Rockaway Beach, Coney Island etc. and afterwards go to Middletown, N. Y. where they have relatives. They expect to remain away for four days.

George F. Day's fishing party had an enjoyable time of it last week, and secured some 1 1/2 blue fish. The event was successful in every respect, the arrangements being carried out to perfection in every detail. The only drawback was that fish did not seem to drift in their rack, but no one was responsible for that.

It is expected that the Willimantic will play ball with the local team here Monday August 27. A good deal of interest is manifested in the outcome of this game and no doubt there will be a large attendance. Ladies will be charged 10 cents admission and gentlemen 15 cents. The game will be called at 8:30 p. m.

The schoolhouse in District No. 15 Glastonbury, near the Manchester line, has just undergone quite extensive repairs. New blackboards have been put in, the woodwork has been nicely painted and the windows and all the interior nicely cleaned up to welcome the new teacher. The outbuildings have also been suitably remodelled.

Morse's Actual Business Practice as taught at the Hannum Hartford Business college, is the result of the best thought of the times and is yearly revised and extended by the commercial masters of the thirty leading business colleges of the United States and Canada, with which the Hartford College practices business by correspondence.

Wm. Martin was charged before Justice Ellsworth last Monday, with having the reputation of selling and making actual sale of intoxicating liquors. He pleaded guilty of both counts and was fined \$30 and costs on each, the whole amounting to upwards of \$100. Officers made another successful raid on him last Sunday and secured 147 bottles of lager beer.

Buy your stationery at Cheney's. New lot at low prices. If your boy needs a suit of clothes that are strong, well made and durable go and see what Peter McFarlane can do for you.

The directors of the tramway company voted last Tuesday to leave the matter of letting the contract for building the tramway to a committee consisting of M. S. Chapman, R. S. Hicks and H. C. Wickham. It is expected that the contract will be placed at once and the road built without delay.

ASSISTANT POSTMASTER. Postmaster Rood has appointed Mrs. Rood as assistant postmaster, and expects to assume control of the post office here September 1, 1894. At this writing his commission is momentarily expected as the necessary documents have been forwarded to Washington, such as bonds, affidavits etc.

NOTICE. The store of the Manchester Elevator company in Childs' block on School street, will be closed evenings from August 23 to Sept. 1, as I have gone on a vacation for eight days.

ALEXANDER ROGERS. ST. JAMES VS. ST. JOHN. A base ball team representing the St. James T. A. Society of this place went to Rockville last Saturday to play ball with the St. John's T. A. Society, and were defeated by a score of 18 to 14. Both clubs had players not members of the respective societies.

EXCURSION TO BOSTON. The New York & New England will run an excursion to Boston, including trip to Nantasket Beach or Bass Point, Nahant, and return, Saturday, August 25. Round trip rate \$1.50. Train leaves Manchester 8:55 a. m., due Boston 12:30 p. m. Returning, special train leaves Boston, 7:15 p. m. Tickets good going and returning by special train Aug. 25, and returning by regular trains (except 3:00 p. m. and 7:00 p. m. from Boston) Aug. 27.

IMPROVEMENTS AT HIGHLAND PARK. Case Brothers have supplied all their tenements with reservoir water from their own works, and are now fixing up a sidewalk along where the water main was laid. Tenants will appreciate the fact that they are now supplied with running water. They have had electric street lights for some time past and with good sidewalks added, their comforts will be very materially increased.

ROCKVILLE'S SONS DEFEATED. A base ball team representing Phoenix Division 8 of T. of Rockville played a game with a team from South Manchester Division on the West street grounds last Saturday afternoon. The local players won by a score of 34 to 19. A large audience witnessed the game and were highly entertained as it was quite amusing all the way through.

ENDORSEMENT COL. CHENEY. Yesterday's issue of the Hartford Daily Courant appeared with a strong editorial endorsement of the candidacy of Col. Frank W. Cheney of this place, for the governorship of the state of Connecticut, and urged the nomination of his nomination at the republican state convention to be held in Hartford September 18 and 19.

NEW SALVATION ARMY OFFICERS. Captain Lettner and Lieutenant Taylor of the Salvation Army were notified from headquarters to "farewell" on Tuesday last left town. They are succeeded by Captain and Mrs. Lindsay of Ansonia, who will be received with an enthusiastic welcome this Friday evening.

CHAMBERLAIN-CADMAN. A. H. Chamberlain of Hiltown, and Mary R. Cadman of Laurel street, were united in marriage on Sunday July 22, 1894, by Rev. Thomas Simms, pastor of the Center Congregational church. The ceremony took place at the residence of the bride's parents, Mr. and Mrs. Thomas S. Cadman, and was entirely informal. Mrs. Chamberlain has given up her position in the mill.

ON TO BOSTON. At a meeting of Manchester Grange held last Wednesday evening, it was voted that the grange go in a body to Boston and Nantasket Beach, Saturday, August 25, on the New York & New England excursion, the grange to pay the traveling expenses.

A special train has been engaged to leave South Manchester station at 8:40 a. m. in time to connect with the excursion train at Manchester, which is due at 8:55.

The special car will meet the excursion train at Manchester on its return. This will be a great accommodation. Anyone so desiring can go on this special car at the regular rate. An effort is being made to have a special car brought down from Manchester, to take the excursionists from the South Manchester depot right through to Boston. It is expected that quite a number outside of the grange will go on this excursion.

CALLED BACK. Robert M. Spencer, superintendent of the O-Hite Lime Stone Company at Cheshire, Ind., had called back to his position last week, as the works are overrun with orders, and are running day and night. Mr. Spencer intended to enjoy himself here with his parents until September 1, but the urgency of business changed his plans.

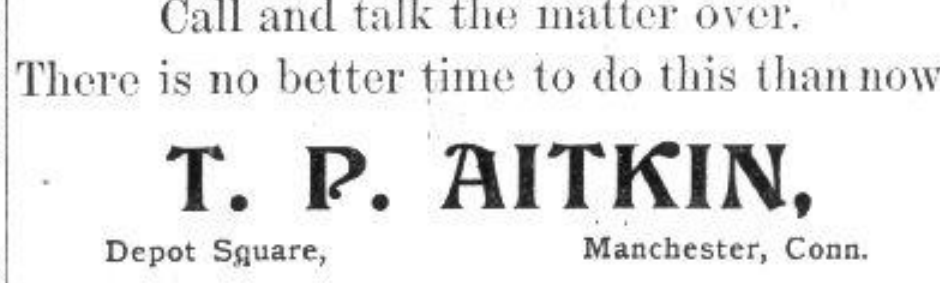

HAVE YOU A BATH-TUB?

If you want to fully enjoy life this hot weather, get a bath tub. They are coming into greater demand than ever.

I have sold and set more bath tubs this season, than ever before in a similar period. They can be placed in any house at a very moderate cost and if you once have one, you will never want to live without it.

Call and talk the matter over. There is no better time to do this than now.
