EXCURSION TO COOK'S GROVE. An opportunity will be offered to those who wish to join the excursion by the Sunday School of the South Methodist church, Monday Sept. 3.

It will be the last day before the children will have to go into school and settle down for the Fall term of school work, and many will feel like improving the day in this outing.

Cook's grove is becoming a very general favorite with all who go there. New attractions have been added to the grounds and it could hardly be more attractive than it is at this season of the year.

The school proposes to take a band of music which will greatly add to the pleasure of the day. Provisions will be carried by all and served by a committee appointed for the purpose, as in a general plan.

The price of tickets is, for those under the infant department 25c, for those under 16 years of age 45c, and for those who are 16 years and over 75c.

An enjoyable day is predicted, and it is hoped that a large number will avail themselves of the opportunities of the excursion. It will be a fitting way for the children to close their vacation.

The time of starting will be at 7.30 a. m. from South Manchester.

OBJECTING TO THE PARALLEL. The New York & New England Railroad company is opposing the building of the railway lines between Bristol and Rockville under the statute preventing parallel lines to be built to the detriment of existing lines, unless it can be shown that public convenience and necessity demand them.

The hearing was held before Judge Fenn in Hartford this afternoon, and will assume the duties of his office tomorrow morning, September 1.

The commission is dated Aug. 24, 1894 and the appointment is for four years from Aug. 2, 1895. Mrs. Rood is assistant postmaster, George E. Keith is chief clerk, and George S. West will be retained for one month to assist.

The retiring postmaster, W. B. Cheney, who held the position until May 1, 1889, when A. J. Spencer was appointed postmaster by Governor Cleveland and held the office until July 31, 1890, when W. B. Cheney was appointed as his successor, the commission being dated June 25, 1889, and has held the office up to this date.

The growing demands of the office called for more room, and the present new building was erected and occupied as a post office in August 1892.

Mr. Cheney has given excellent satisfaction as postmaster, has furnished all necessary accommodations for transacting the public business, kept capable, courteous and accommodating clerks, and conducted the office in a thorough manner.

Mr. Rood, his successor, is a thorough business man, has successfully conducted a lively and express business in this town for a number of years, is recognized as a man of fact, ability, sound judgment, is in every way qualified to fill the position up to the high standard that has been set by his predecessor, and is to be congratulated on the success in securing so strong a mark of favor at the hands of the party he represents.

APEL'S OPERA HOUSE. Manager Apel will open the season at his opera house on Labor Day, Monday Sept. 3, on which occasion he will present for the entertainment of the public, the well known and very clever musical farce comedy entitled "The Colonel and I," with the formidable artists Gallagher and West in the leading roles.

These people played here to excellent business last season, gave a performance that was one of the very best in its class, kept everybody laughing from the time they played to the finish, and were greatly appreciated. They should be greeted with a large house on their return and there is no doubt whatever that they will put up a show that will be in every way deserving. Admission 50, 25 and 10 cents.

A BARE FLOWER. Mrs. J. C. Barrett of the Highlands had a "Sweet Nightingale" unfold its beauty and give forth its fragrance last Sunday night. It is a rare flower, has but one blossom on a plant, is a night bloomer, and gives forth a very sweet perfume. The flower is pure white, has some ten inches long, by about five inches in diameter. We do not know of any other of the kind in this town. Mrs. Barrett has another plant of the same variety that is expected to bloom soon, as it now has a blossom.

For the second time this season the Willimantic was from the home town on the Neco grounds last Monday.

There was a large attendance, including many visitors from Rockville, Talcutville, Willimantic and other neighboring towns.

The visitors got six out of their nine runs on errors, and made the home players earn all but one of their six runs. The Willimantics had but two errors to eight by the local team. These errors got the game.

Ashe got but one man base on balls, while Lavin ran three. Ashe struck out five men and Lavin but one. Twelve hits were secured from Ashe's delivery and ten from Lavin's. So that taking it as a whole, Ashe's pitching was up to the average. The official figures follow:

THE HANNUM HARTFORD BUSINESS COLLEGE. Cor. High and Asylum Sts., Hartford, Conn.

The Hartford College has been organized and successfully at work for over three years and there is no feature of modern business education and practice which is not adequately represented. The various spacious rooms are fitted up with reference to practical work in the more prominent fields of modern trade with the addition of banking, commission and transportation departments, together with higher office work and a most satisfactory system of shorthand.

An important feature added in recent years is that represented by the INTERNATIONAL BUSINESS PRACTICE ASSOCIATION, which is composed of the leading business colleges of the United States and Canada, who are eminent for their attainments and recognized as representing the best thought of the times.

By this matured scheme of Business Practice, the students of the different colleges are brought into trade and correspondence relations through the mails. Each of these points is indented with the production of the staple commodities of its locality, and the student thus becomes acquainted with the production of the other localities, their distribution and consumption. A National Commerce is thus demonstrated and brought within the range of school work.

The visitors got six out of their nine runs on errors, and made the home players earn all but one of their six runs. The Willimantics had but two errors to eight by the local team. These errors got the game.

Ashe got but one man base on balls, while Lavin ran three. Ashe struck out five men and Lavin but one. Twelve hits were secured from Ashe's delivery and ten from Lavin's. So that taking it as a whole, Ashe's pitching was up to the average. The official figures follow:
