TOWN NEWS.

THE CARE OF THE POOR.

As there seems to be a misunderstanding of my plan for charity distribution, in some minds, permit me to state it in your paper.

The plan assumes that, as a rule, each man will support himself, each family its own members, each town its own citizens, and that the parishes, as christian brotherhoods will care for those of their own brethren who are destitute of their food.

These principles are so obvious, that their simple statement carries conviction, and my plan is only the practical application of these almost self-evident principles.

1. Let all private almsgiving be to those to whom the giver is personally related by blood, friendship, or business. Let neighbors help each other, relatives give to relatives and employers to employees, as they have been doing.

2. Let the selection take care of the non-resident poor, commonly called tramps, by providing wood-yards at convenient places, and temporary food and lodging for those who are willing to work.

Let all public charity to our own residents be dispensed through the parishes to those who are members and through the town to those who are not.

This simple plan places the responsibility of all begging relief where it properly belongs. It can be easily worked if the selection and ministers are willing to assume the responsibility involved, and the people of the town will furnish them the funds. It is working in very simple and it covers all cases.

If a person asks alms, give it. If you wish, if he is a stranger, or if you are in his need, or if he is a resident, if he is a resident, refer him to a resident, if he is a resident, refer him to a resident, if he is a resident, refer him to a resident.

As a remedy for all forms of Head ache, Electric Bitters has proved to be the very best. It effects a permanent cure by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only Fifty cents at Cheney's Drug Store.

THE ELECTION.

In spite of the snow storm last Tuesday, 1475 persons came forward in this town and voted. There were 603 straight republicans, 322 straight democrats, 54 straight people, and 94 straight prohibition. There were 85 split republican ballots cast, 34 split democratic and 17 split people, and 3 rejected.

The prohibition ballots cast were straight. Win C. Cheney received 1029 votes for representative, that being the highest number cast for any one candidate, his colleague, Francis H. Watson, receiving 1023, the next highest number. This was very complimentary to both of these gentlemen. The democratic candidates for representatives received the following votes: John E. Dunn, 310; Frederick B. Horton, 218. Judge of probate, Olin R. Wood, the republican candidate, received 970 and Charles H. Owen, the democratic candidate, 325.

The following were elected as justices of the peace.

REPUBLICAN. Olin R. Wood, Charles S. Cheney, Herbert O. Bowers, C. R. Hathaway, William B. Covill, Sanford M. Benton, Charles E. House.

DEMOCRATIC. William H. Ellsworth, John E. Dunn, Sanford T. Finlay, James M. Burke, Charles E. Bunce, George H. Allen.

The highest number of votes for the state ticket was 290 for E. Stevens Henry, for representative in congress, and on the democratic state ticket 491 for Miles B. Preston for sheriff.

DOCKSTADER'S MINSTRELS. The performance given by Dockstader's minstrels in The Armory last Wednesday evening was superb in every particular, ranks among the very best of its kind in this country, and certainly is far above the average of entertainments to be seen in towns of this size anywhere in New England.

Yet this fine minstrel show did not pay expenses here, and that the parishes, as christian brotherhoods will care for those of their own brethren who are destitute of their food.

This we have from Manager Watkins himself. There are some thirty people in the troupe, several of them taking first rank in their profession, and all of them uniformly clever.

A careful and conservative estimate places their expenses at \$200 a day, and the proceeds did not amount to the education of the person and his or her adaptability to various kinds of work.

Education presupposes a higher condition for the individual and a better reward for his work. But we must have a change in the present system of preparatory and classical study to suit the times itself.

Business education prepares direct for the business itself and is a combination of the very elements necessary for success. At that worthy institution, The Hannum Hartford Business College, the above points are brought out from beginning to the end of the course and that by genuine practice in actual business.

For the last thirty-four years this institution has prepared and placed hundreds of young men and women in good paying positions. It teaches hard, and the way from the shop, the methods of the most complicated expert work, and practices the same with the students of the leading colleges of the United States and Canada.

The Hartford college is, by its continual placing of students in positions, persistently sounding the keynote to which worthy ambition so promptly responds.

Huntsinger's College placed Misses Brodie, East, Connor, and Messrs. Halliday White in shorthand positions, and Mr. Sussbach in a position as head bookkeeper, the past week.

Found—A shepherd dog. Owner can be named by bringing property and paying charges to N. Rousseau, 17 Birch street, South Manchester, Conn.

THERE'S MONEY IN IT FOR YOU. Homekeepers should read carefully each week the "Home Market" column in THE NEWS. It is up to date, as the market changes, and furnishes each week a good list of prices of the staple products that each family has to use, together with current notes on the fluctuations that are continually occurring. By keeping posted in this way, the careful housewife can save, year after year, more than the price of this paper. It is not convenient for many persons to get around and ascertain prices, and by consulting THE NEWS each week they can keep well informed on this important matter. It is profitable to do so.

Persons desiring of securing papers for their pantry shelves, or for other purposes, can get back numbers of THE NEWS at a cost of 10 cents for 25 papers.

FOOT BALL.

The foot ball teams from the South Manchester and Rockville High Schools, played their first game at Hyde Park, Rockville last Saturday afternoon. The South Manchester boys have been practicing every day for the last few weeks, with their second eleven, and have more thoroughly mastered the game than their heavier opponents, whose superior weight won for them.

In the first half, Rockville had the "kick-off". Phil Cheney secured the ball and made a good run for fifteen yards without any help. The ball was lost on "downs" to Rockville, who directed most of her plays through the South Manchester center. But they were kept from scoring for fifteen minutes, during which time the ball was mostly in the center of the field. Meacham, after a fine run of fifty yards, made the first "touch-down" for Rockville. Loomis failed to kick goal. Score, Rockville 4; South Manchester 0.

Shortly after the second half, Kenney scored the second "touch-down" for Rockville from which Loomis kicked the goal. Score, Rockville 10; South Manchester 0.

Another "touch-down" was very nearly made by Meacham, who had passed everybody but Hills. But there was his difficulty. Hills dived him by a beautiful "tackle". After this the ball was constantly in Rockville territory. Doing their best they could not stop the sharp rushes of Dougan and Babt through the line and around their ends. They relied on Loomis entirely to keep the ball away from their goal line by his "punting". Twice South Manchester nearly scored. Once while four yards from the line but Babt tripped them then the ball both times.

Taking all together it was not a bad defeat and would have been larger but for the plucky defensive game of the South Manchester boys.

For Rockville, Meacham, Kenney, and Paison did the best work.

For South Manchester, Hills put up a superb game in every particular. His tackling and interfering were of the first order. Dougan, Arnott and Babt also played well.

A return game will be played tomorrow in South Manchester.

EDUCATION FOR THE LABORING CLASSES.

Success in life depends entirely on the education of the person and his or her adaptability to various kinds of work. If you are only educated sufficiently to work at the bench or loom, you will rise no higher than that occupation.

Education presupposes a higher condition for the individual and a better reward for his work. But we must have a change in the present system of preparatory and classical study to suit the times itself.

Business education prepares direct for the business itself and is a combination of the very elements necessary for success. WOMAN AND HOME.

HOW TO MAKE A PLAIN GIRL ATTRACTIVE IF NOT PRETTY.

How to Keep Bread—Women and Accident Insurance—Physical Culture at Home—The Carriage—Woman as a Citizen—For the Carriage Party.

She never thought she had any points. She quite made her mind to let the handsome ugliness which she had been told, was her lot. She spoke a good, sweet, wise woman, and your mother to let you come to spend the day with me when ever you are going to a party, and will see what can be done for the poor ugly duckling, and this is what her fair god-mother did for her.

She took her first for a short expedition, which interested and amused but did not please her. Then she gave her a thoroughly comfortable lunch and made her lie down in a warm room for two or three hours. A tumbler of diluted alcohol induced by the warmth and quietude and a cup of tea, followed the dressing began.

One day the carriage was taken, the party that night. The regulation was to be a defense from snobbish. She had never been interrupted because there was to be a party that night. The regulation was to be a defense from snobbish. She had never been interrupted because there was to be a party that night.

But one of the pleasant things to read about her, was the modesty devoted to the mother's welfare of her children. In this she is an example to all mothers. She allows her children to play with their toys, and coming for a few hours a day, and those days not consecutive, have not time to be too long, and the impression of the future of her children as would one employed constantly.

AN EARLY SNOW STORM. An unexpected snow storm descended upon us last Monday night, covering the ground to the depth of about four inches. Rain had been falling more or less all day and about 8 o'clock in the evening turned to snow. Many of the trees had not parted with their foliage, and on Tuesday morning (election day) the unusual spectacle was witnessed of having trees in full bloom, with snow and ice. In many sheltered places flowers were still in bloom, out of doors.

AT APEL'S TONIGHT. "Enemies For Life," a thrilling realistic melodrama will be presented at Apel's opera house tonight, with the powerful emotional actress Miss Joan Cravan in the title role, supported by a well selected company of clever artists. The play is of a very sensational and emotional character, introducing special scenery and mechanical effects that are startling and realistic...

TO ACCOMMODATE THE PUBLIC. George F. Day is arranging to erect a horse-shed, some 25 x 40 feet, at his carriage repository on Charter Oak street, same to be devoted to the public use, free of charge.

The idea is that, in the near future, the electric cars will be running here, and many persons from the outlying districts will want to drive in so far, leave their horses where they will be comparatively safe and comfortable, and not likely to be frightened by the electric cars, and then get aboard themselves and go wherever they choose along the route.

NOTICE. During the months of November, December and January, Miss Sault will call upon her patrons in South Manchester and Manchester for subscriptions to Harpers, Century, St. Nicholas, Scribner's, North American Review, Forum, Munsey's, Cosmopolitan and Ladies Home Journal. Those who find it inconvenient may leave their subscriptions at Dr. W. R. Thiker's, corner of Park and Main streets.

G. M. BARBER HAS THE CONTRACT. The contract for building the new carhouses and offices of the tramway company, at the Center, was let to George M. Barber, our well known contractor and builder, last Tuesday. It is to be a wooden building 98 x 100 feet.

It will be 30 feet high in front and 26 feet high in the rear. Will have a tin roof sloping from front to back. Will have a basement 90 x 90 feet. There will be 25 windows on the building, besides those on the basement.

Nine tracks will be laid the full length of the building and arrangements made so that the electricians can pass under them for repairs, inspection etc. The basement will be of stone, with brick piers.

Work on the structure will commence as soon as the timber, lumber etc. can be gotten out, which will be in about three weeks, and it is intended to have it ready for occupancy by January 15, 1895. Patrick Gorman will build the basement.

OPENING SALE. Wm E. Gleason has moved his store to Childs' block, on School street, and will be in charge for his opening sale tomorrow, when he will be pleased to see his many friends, and the public generally, and will sell goods way down low, and give the people the benefit. He has some good bargains in boots and shoes for men, women and children as a fall and complete line of rubbers, a good assortment of men's furnishings such as underwear, shirts, collars, cuffs, neckwear, cuff and sleeve buttons, scarf pins and many other articles of that kind, too numerous to mention, and it will be sold at lowest possible prices. All are cordially invited to attend the opening and remember that the new location is in Childs' block numbers 9 to 13 School street.

"THE LOVELY GALATEA." The Boston Ideal Opera Company will be at The Armory Tuesday evening Nov. 13, and the public will be delightfully entertained. "Lovely Galatea" is especially impressive in scenic effects and in its supernatural aspect. Galatea's transformation from sculptured marble to the reality of life and love will be accomplished naturally and with captivating simplicity. Mr. Macomber, the manager, is to be congratulated upon his excellent organization, which is of such a character as to deserve and command popularity. Seats are now on sale at Watkins Brothers. Remember that the date is Tuesday Nov. 13, and if you want to have the best selection of settings, call early and secure them. It costs no more to do this and then your mind will be at ease on that point.

GLEASON-QUINN. Wm E. Gleason and Miss Mary Quinn were united in marriage in St. James' church last Wednesday morning, the ceremony being performed by Rev. D. A. Haggerty.

A nuptial mass was sung, Prof. Wm. M. Keating presiding at the organ. The choir was assisted by Martin Mannix of Hartford.

Miss Anna Campbell was bridesmaid and Martin Gleason was best man. The bride was attired in cream-colored corded silk, wore orange blossoms and carried a white bridal prayer book. The bridesmaid was dressed in lemon-colored crepe and wore tea roses. The church was well filled with the many friends of the bride and groom. A reception was given at the bride's residence on School street.
