Good-bye then to the pansles,

And littles fair and bright.

To suit the children's fancies

The children all betriending

With keen delight attending,

And all are glad to-night.

Hail zero, snow and bluster,

The children all will muster

With such delightful wraps!

Look how the boughs are bending,

See every hue of light;

UNDER THE HOLLY-BOUGH,

Have made a kind beart bleed, Come gather here. Let sinned against and sinning, Forget their strife's beginning. And join in triendship now : Be links no longer broken,

Be sweet forgiveness spokes Under the holly-bough. Ye who have love I each other, Sister and friend and brother, In the fast-fading year; Mother and sire and child,

Young maiden mild, Come gather here : And let our hearts grow fonder as memory shall ponder Each past unbroken vow; Old loves and younger wooing Are sweet in the renewing Under the holly-bough.

Ye who have nourished sadness, Estranged from hope and gladness In this fast-fading year ; Ye with o'er burdened mind.

Made aliens from your kind-Come gather here. Let not the useless sorrow Pursue you night and morrow ; If e'er you hoped, hope now-Take heart, uncloud your faces, And join in our embraces

Under the holly-bough.

Mr. Billups's Christmas Gift

-Charles Mackay

BY W. J. LAMPTON. was a bachelor Not a real hard cynical old bach-

elor, who hated children and women and love and romance, but dreadfully diffident bachelor one who dreamed dreams and hoped for all things, yet dared not grasp anything.

Now is the winter glory.

The beauty of the year,

The night of sweetest story,

Of love and song and cheer;

The bells ring out the sweetest,

And children dress the neatest,

With merriment completest,

To-night a tree is blooming,

The very air perfuming,

And never honey-bee

In such exquisite bowers

As in this tree of ours,

Could revel in such flowers,

This shining Christmas tree.

The gardens have no roses,

The apple boughs are bare,

The woodland flower reposes

Hid from the wintry air ;

And vanished is the clover,

And all its beauties rare.

KENNEDY'S MEDICAL DISCOVERY,

CHRONIC RHEUMATISM.

MONBOE, IOWA, Nov. 25, 1894. DEAR SIR, MR. KENNEDY:-In '64 I began taking your Discovery for Chronic Rheumatism; suffering as much pain till I used to call some one to sit on my limbs to deaden the pain. I had doctors for six years. No use. I then began with your Medical Discovery. The first bottle went to every joint and gave me pain. My husband said, "Keep on, till you see it spring the joints." So two and one-half bottles cured me so that I was able to walk two miles. Had not done it for six or seven years. I have kept it in the house ever since. I opened the 22d bottle today, for I take it instead of doctoring. I have never had a doctor since I have taken your Discovery. I am a widow 74 years of age, and a well woman.

LLOYD, TEXAS, Oct. 5th, 1894. DONALD KENNEDY, ROXBURY, MASS, KIND FRIEND :- I will now give you the particulars about my little girl. She was five years old the 2nd of last May. When she was less than a year old a kernel came under her right jaw on her neck. I asked the best doctor what to do, and he told me to grease it with old bacon grease, and it might rise and run which it did, and I tried everything, but it kept running for nearly two years. I came to Texas, and was at Aubrey, Texas, where I saw the present poetmaster at Aubrey. I noticed his face had a bad scar, and I asked him the cause and how he got it cured. He said Scrofula was the cause and Kennedy's Medical Discovery cured it and if I would get some for my little girl it would surely cure her. I got one bottle and she was soon better. I picked white lumps out of her neck as big as peas, and almost as hard as a bone, and after being mashed up they looked like burnt bone crumbled up. In less than a week the swelling was gone, and had quit running. She is still taking
