TOWN NEWS.

FIRE AT SILK MILL. A fire was discovered in the machine shop at the silk mills last Sunday morning shortly after 6 o'clock.

Ten lines of news were brought into play, the great Knowles pump was set going and willing hands worked for some five hours, before the flames were entirely subdued.

Meanwhile the greater part of the machine shop was burned out and the fire spread to the engine and drying rooms, burning the roof and more or less of the upper part of the building.

In the drying room there was some \$3,000 worth of silk but one third of this was saved.

The lathes etc in the eastern portion of the machine shops were not injured to any great extent.

While the loss cannot be accurately estimated at this time, it is believed that it will be somewhere between thirty and forty thousand dollars, all of which is amply protected by insurance.

The engine was not injured very much. It did its work on Monday as usual.

The probabilities are that in the Spring a new one-story fire proof engine house will be built.

The drying will be done in another part of the works for the present and the drying room will not be connected with the engine room hereafter.

No building will be undertaken until Spring, and then the chances are that a new machine shop will be erected farther up the track, as most of the work of the machine shop is required at the upper mills and thus it will be more convenient to have it there on account of freights.

A temporary roof has been placed on the engine room and part of the machine shop, and work is being pushed right along.

Cheney Brothers are in a position to fill all orders promptly, as they had an abundance of stock on hand, and are able to meet any immediate calls that may be made.

The heaviest loss is on tools as some very valuable ones have been destroyed. It is likely that the main belt on the engine will have to be replaced soon, as the present one is so thoroughly soaked with water, as to shorten its life very materially.

The dynamo that supply electricity at stores, etc. with electric lights are not injured, and that service is going on with its accustomed regularity.

The street lighting dynamo are not in quite as good shape. They appeared to be all right, but on being tried it was found that they did not work well, and men are now at work trying to discover what is wrong, and if possible, correct it.

It is a likelihood that those two men may have to be sent to the Mather factory and have them re-wound, before they will do their work as heretofore. Should this not be necessary, the lights should be run tomorrow night, or probably tonight.

Men are at work removing the debris, cleaning up and adjusting the machinery and setting things in rights generally. Few have been compelled to lose any time on account of the fire.

The insurance adjusters have been here this week and will come down next week again, by which time the inventories will be all made out and the loss will be accurately determined upon.

It may never be positively known how the fire originated, but the most reasonable supposition yet advanced is that of spontaneous combustion.

The construction of the machine shop was such as to make it almost impossible to fight the fire. The main shafts were built in place for the first, and the tin roof had to be cut, in order to get at it. This was slow work. The error will not be repeated in any new building that Cheney Brothers may erect hereafter, nor has it been in the case of more modern construction now on hand.

The weather conditions were about as favorable for saving the property as could be expected in winter. The morning was not cold, it was damp and what little wind there was, (and it was very little) blew from the southeast, and therefore helped to save the large group of buildings.

Cheney Brothers feel very well satisfied to get out of the damage as lightly as they did, and the people of the village all breathed a sigh of relief when they learned that the fire was extinguished.

The well being of nearly everyone here depends in a large measure on the safety and success of this concern, and hence the very great interest manifested in everything appertaining thereto.

It is a great consolation to know that the proprietors are able to push ahead, meet all demands and keep things going with wonted regularity.

A twelve pound boy was born to James Maxwell of Birch street yesterday.

Thomas Mirey welcomed a son last Monday.

A daughter was born to Thomas Trotter this week.

Thomas Tolford of Spruce street, welcomed a ten-pound son last Wednesday night.

George Spencer left for San Francisco, Cal. last Wednesday. He was the guest of his brother Dwight, for some weeks past.

CHURCH REPORTS.

ST. JAMES. Rev. D. A. Haggerty read his annual report at both masses last Sunday, and from it we glean the following particulars:

Balance on hand January 1, 1894, \$4,39. Total receipts, \$4,014.35, falling off during the year of \$375.65, total expenditures \$3,838.88; a decrease of \$1,690.71 from last year; balance in treasury January 1, 1895, \$1,193.67.

The revenues received during the year have been as follows: pew rentals \$1,729, which were \$212.70 less than last year; annual collection \$670, this is \$52 less than in 1893; offertory collections \$629.46 whereas the year preceding they were \$1,038.41 more. In 1890 the total receipts were \$2,992.79 less than in 1892, and in 1894 they are \$438.63 less than in 1893, which makes a total shortage from the standard of 1892 of \$1,331.42. This is a vast difference and no doubt is attributable to the hard times through which we have been passing and to the further fact that there was no fair field.

The funded debt of the church is \$9,800, on which, interest at the rate of 3 per cent is being paid, and in addition there are some \$1,000 have been borrowed during the past two years, in order to keep the interest paid up on the main indebtedness and meet running expenses. The total annual interest is now about \$550.

The church building, furniture and fixtures are insured for \$22,100 the parsonage is insured for \$2,500 and the furniture for \$1,000 additional.

There are some 1,800 souls in the parish, a loss of 30 during the past year. The longest lived being Mrs. Mary Ann Kelly, who lived 113 years in 1894, as against 9 in 1893; the baptisms were 28, which is 15 less than the previous year, and 18 deaths have been recorded as against 49 in 1893. There is but one infant child in the parish. Last year there were two. There have been 40 first communicants, which is 35 less than in 1893. The membership of the Church of Mary is 100 and that of the Scapular Society is 72. The Sunday school registers show an enrollment of 180 pupils and the average attendance has been 147.

ST. MARY'S. Rev. R. C. Grogan, pastor of St. Mary's church, read his report last Sunday for the nine months ending January 1, 1895.

On coming here he found the treasury empty, a funded debt of \$1,900, and also a floating debt of \$497.64, making a total indebtedness of \$2,397.64.

His receipts have been for the past nine months, \$2,878.38, his expenditures on hand of \$92.24.

He has paid off \$117.45 of the debt and the church owes \$2,280.19 of the funded debt and \$112.46 due for the care of orphans, making a total present indebtedness of \$2,392.

He received from pew rentals \$900, from the church festival \$721, from the annual collection \$400, from cemetery accounts \$118, and from the concert \$511.5. These have been the principal sources of revenue during the nine months just past.

The estimated value of the church property, parsonage, barn lands, furniture, etc., etc. is \$10,000. The insurance on same is \$2,000. There are 200 families and 900 souls in the parish. Father Grogan has had 15 marriages, and 26 baptisms since he came here. There have been 17 deaths in the same time. There are 3 dependent children in the parish now.

The Children of Mary Scapular Society and St. Mary's T. A. Society have each 60 members. The Angel Sodality has 26 members, the Young Men's Catholic Association has 23 and the Sacred Heart Cadets 22. There are 100 Sunday School pupils and an average attendance of 60.

The Sacred Heart League has 54 members and the Ladies Dime Club 47.

The parish has done remarkably well under Rev. R. C. Grogan's administration, particularly when the hard times are considered, and he is to be congratulated on the success that has crowned his efforts.

LUTHERAN CHURCH. The annual report of the Swedish Lutheran church shows that the Swedish church on hand January 1, 1894, was \$168.12, that the receipts during the year have been \$1,958.87, the expenditures \$1,222.23 and the balance on hand January 1, 1895 was \$714.74. The church consists of 18 chapters, illustrated with 100 plates, presenting every style of effective advertisements, with examples of reading notices, circulars and leaflets. It tells the plain truth about advertising and exposes ineffective methods. Any advertiser of The News who will send check, postal note, or postage stamps to the value of twenty five cents to The Trade Company, Boston, Mass., will receive the book by prepaid mail.

KNIGHTS OF THE MACCABEES.

The State Commander writes from Lincoln, Neb., as follows: "After trying other medicines for what seemed to be a very obstinate case of rheumatism, we tried Dr. King's New Discovery, and at the end of two days I was entirely cured. We will not be without it hereafter, as our experience proves that it cures where all remedies fail." Signed F. V. Stevens, State Com. Why not give this great medicine a trial, as it is guaranteed and trial bottles are free at Cheney's drug store. Regular size 50c and \$1.00.

IT MAY DO AS MUCH FOR YOU.

Mr. Fred Miller, of Irving, Ill. writes that he had a severe kidney trouble for many years, with severe pain in his back and also that his bladder was affected. He tried many so-called kidney cures, but without any good results. About a year ago he began to use Electric Bitters and found relief at once. Electric Bitters is especially adapted to the cure of all kidney and liver troubles and often gives instant relief. One trial will prove our statement. Price only 50c for large bottle. At Cheney's Drug Store.
