LA GASCOGNE SAFE.

Message of the President to Congress Giving Details.

Interest Rate About 3 3-4 Per Cent-Th

The President has sent the following message to Congress: To the Congress of the United States:

Since my recent communication to the Congress calling attention to our financial condition and suggesting legislation which I deemed essential to our National welfare and isting in business circles have continued. As of timely legislative aid through Congressional action, cautious preparations have pending to employ to the best possible advantage, in default of better means, such executive authority as may, without additional for by the resolution adopted January 8. islation, be exercised for the purpose of reing and maintaining in our Treasury

an adequate and safe gold reserve.

In the judgment of those es situation is so critical and the legislative situation so unpromising, with the omis-sion thus far on the part of the Congress to bil Secretary of the Treasury in the premises, as to enjoin immediate executive acion with the facilities now at hand. Therefore, in pursuance of section 370 of ment have this day been concluded with parbundantiy able to fulfil their undertaking whereby bonds of the United States auable in coin thirty years after their date, with interest at the rate of four per cent. per annum. to the amount of a little less than \$62,400,000. are to be issued for the purchase of gold | committees, coin amounting to a sum slightly in excess of \$65,000,000, to be delivered to the Treasury of the United States, which sum, added Executive and Judicial Appropriation bill. to the gold now held in our reserve, will so | The amendment to make the personal restore such reserve as to make it amount to cierks of members of the something more than \$100,000,000. Such a snnual employes, instead premium is to be allowed to the Government sional, was agreed to ent. per annum. At least one-half of the gold to be obtained is to be supplied from der the Income Tax law from March 1 to

after careful inquiry appears in present cirring all the objects desired, to be the best attainable, develops such a difference in the estimation of investors between bonds made payable in coin n favor of the latter, as is represented by -fourths of a cent in annual interest. It reement just concluded the annual savt. gold bonds should be substituted for 4 sent, coin bonds under the privilege reserved.

transaction herein detailed for the informaof the Congress promises better results than the efforts previously made in the diserve through the sale of bonds; and I bepresent circumstances to meet the determi-1890, and that in the language of such repealing act the arrangement made will aid our efforts to "insure the maintenance of th parity in value of the coins of the two metals, and the equal power of every dollar at all times in the markets and in the payment of GROVER CLEVELAND.

would allow any of us to touch the fruit.
One day, in the sinfulness of a nature inherited from our first parents, who were ruined by the same temptation, some of us invaded by the same temptation, some of us invaded by the same temptation, some of us invaded that orchard, but soon retreated, for the man came after us at a speed reckless of making his lameness worse and cried out, "Boys, and used when there were other materials in the immediate vicinity which alone or in combination would have produced and subsequently I called the found of the same temptation, some of us invaded to star will cost you nothing and will give me great delight. I should come to you, and I should come to you, and you were very sich, and doctors had the three was no chance for you, and I should take out a bottle and on communion days carry around consewho have the church under severe guard. There is fruit in this orchard for the whole world, but they have a rough and unsubstites way of accosting outsiders, as sympathetic way of accosting outsiders, as the largest and ripest fruit on the premises. The Lord wants them all to come and take the largest and ripest fruit on the premises. Have you an idea, because you were baptized at thirteen months of age, and because you were baptized have all your life been under hallowed innoved for the whole side of the Lord's table, spreading to the world bears and some portion of the Southern States, say: "Here is a medicine that will cure you. It has cured fifty people, and it will cure you. It has cured fifty people, and it will cure you. It has cured fifty people, and their consecrated to everybody, because you would say, "Won't you take it to oblige me?" "Well," you would say, "if it's any accommodation to you, I'll take it." My least the construction of good roads, then all to come and take they promptly did so, and them want to the year of the Mississippi beat they promptly did so, and then went and some portions of the Mississippi beat they promptly did so, and then went says if they make they promptly did so, and then went and some portions of the Mississippi beat they promptly did so, and then conserved. You rate been did take out a bottle and to the ceived in the theory and their conservation. You would say, "there is a medicine that will cure you. It has cured fifty people, and their conservation of good roads. The Lord is going to rejoice byer. Well," you would say, "if it's look in the same shouth that they promptly did so, and them conservation. You would say, "there is a medicine that will cure you. It has cured fifty people, and their conservation of good roads. The construction of good roads. The construction of good roads water garden combined. His land garden, which are not of this fold."

The lord is they promptly did so, and them ones of the same who conserved to the manner. The conservation of the Sout one whole side of the Lord's table, spreading told me one Sabbath after the service was yourself out and taking up the entire room? Over: "I have tried this world and found it are some people in this house whom I give I tell you no. You will have to hauf in your elbows, for I shall place on either side of you those whom you never expected would sit there, for, as Christ said to His favored people long ago, so He says to you and to this fold."

Now I come and tell you of a physician who have never yielded their heart to this fold."

Now I come and tell you of a physician who will cure you, who has cured hundreds who were as sick as you are. "Other sheep I have which are not of this fold."

MacDonald, the Scotchman, has four or five dozen head of sheep. Some of them are relatively. In the same of some thing better." You have come to that. You are sick for the need of divine medicament. Now I come and tell you of a physician ward morality, but who, notwithstanding twenty, thirty, forty years of Christian advantages, have never yielded their heart to convenient railway distribution, there are abundant supplies of rock well fitted for such use, It lonly remains to discover the supply of such rocks as done of them are done thing better." You have come to that. You are sick for the need of divine medicament.

Now I come and tell you of a physician ward morality, but who, notwithstanding twenty, thirty, forty years of Christian advantages, have never yielded their heart to convenient railway distribution, there are abundant supplies of rock well fitted for such use, It lonly remains to discover the supply of such rocks as the discover the supply of such rocks as the fitted for such that the margin of this great area, often within the limits of convenient railway distribution, there are abundant supplies of rock well fitted for such used, might give excellent highways; and that around the margin of this great area, often within the limits of convenient railway distribution, there are abundant supplies of rock well fitted for such that around the margin of this great area, often within the limits of convenient railway dist tell you no. You will have to haul in your an insufficient portion. Tell me of some up. I mean those who have been churchtacDonald, the Scotchman, has four or five Him." But will you not try Him? Accoming the head of sheep. Some of them are modate me in this matter; oblige me in this hardened! A sermon has no more effect upbrowsing on the heather; some of them are lying down under the trees; some of them are in his yard—Fey are scattered around in eight or tend different places. Cameron, his neighbor, as a matter of accommodation introduce of them." They have resisted all work of the survey advance. - Popular | cribs. Science Monthly. den he kept hard clams, and he had

Mrs. driving and draught horses, that they of Spruce street last Sunday.

Mrs. Margaret Topley and family moved from School to Eldridge street adjunction. He sustained a shock correction are and has never re-If so, you had better go to FERRIS BROTHERS at once, as they are of Spruce street last Sunday. Islieb is still feeble, and George and are ready to offer for sale now. BLOOD WINE Arthur Islieb have been contending They are a nice lot and horsemen that giving the greatest bargains in whips that were ever offered in this town. They moved from School to Eldridge street shock sometime ago, and has never re with the grip for a couple of weeks are in the market as buyers, will do
