## TOWN NEWS.

**P. J. Brown, the Hartford monument dealer, has just erected in Glastonbury, Conn., on lot of G. M. Johnson, a dark Quincy granite monument, cottage design, with polished urn, which for stock, workmanship and design, will compare favorably with any monument there, the same setting on principal avenue in cemetery, adds materially to the already quiet beauty of the place.**

**AN ALPHABET FREE.**  
Prof. E. M. Hurlinger, principal of Hurlinger's business college at 20 Aylem street, Hartford, Conn., has issued an alphabet of capital letters such as he uses in his college and will mail a sample of it free to any one, on receipt of one cent postage stamp. It is of a convenient size, printed with white letters on a black ground and is the same as he sent out to his students at the first of the year. Send and get one. It will be worth a great deal to you.

**ANONYMOUS COMMUNICATIONS.**  
If writers of anonymous communications know with what disfavour such communications are received in newspaper offices, there would not be as many of them sent in as in the case at present.

Items of legitimate news are always welcomed in this office and the person who sends them in need have no fear of signing them, as, on being so requested, the publisher will not print the name of the writer.

If you have confidence enough in the publisher to give him an item of news in this way, do the thing up properly by signing your name and if you do not want to have the letter appear in print, be frank enough to say so, and you can rest assured that this confidence will never be abused.

We are obliged enough to believe that, in most cases, this happens more from thoughtlessness than otherwise, but we wish to assure our readers that if they really desire to show their friendship in this matter, they can do it in a way that will be better appreciated by the publisher than by signing every document sent in.

Their communications then are reasonably sure of being courteously treated. Otherwise they stand a strong chance of finding their way into the scrap basket.

We trust that those persons who have sent us such letters recently will see this and reflect on the plain and simple suggestion contained herein, and thus add another link to the chain of mutual confidence and respect existing between the publisher and his patrons.

**HIGHLAND PARK.**  
A daughter was born to Wm. Hewitt of Oak Grove street last Monday.

Harry England has bought a bicycle from Ferris Brothers.

Mr. Fitch of Norwich has secured a clerkship in the Highland Park store.

John Porterfield has been hustling around quite actively for some time past collecting the school tax in the third district and has gathered it nearly all in.

Claude Porter, son of Adelbert Porter has just finished a six months' course at the Hartford business college, and expects to re-enter for another term next fall.

Wm. O'Rourke has been quite sick with the grip lately. He has been employed in Case Brothers paper mill at Chaplin, but had to give up work. He had recently bought a farm in Chaplin and expects to move there and take possession by April 1.

John Risley, sr. had an encounter with the grip lately and could not follow his four-horse team, but he is better and has resumed his position once more, although not feeling by any means as well as usual.

Thomas Hayes, jr., of Meriden was in town last Monday and Tuesday looking after his property here. He is anxious to sell out and make his permanent residence in Meriden, where he has a good situation. He was offered a position in a paper mill here in town lately, but declined to accept.

## NEW YORK & NEW ENGLAND IMPROVEMENTS.

The annual report of the New York & New England Railroad for the year ending Dec. 31, 1894, has just been issued by the vice-president and directors, and is one of the most important in the history of the company, in view of the present reorganization proceedings.

It is especially interesting from the fact that during the year a system of management entirely new to that property was introduced, and the result has already vindicated the judgment of those who, a few months ago, hopefully undertook the task of placing the road upon a paying basis.

The financial statement of operations shows that, although there was a total decrease in gross earnings of \$343,980, due to the general demoralization of a business, there was an actual increase in net earnings of \$1,984.

This would be a very satisfactory showing for a road in the hands of receivers even if only the ordinary repairs and improvements had been made, but when it is understood that the sum of \$308,694 was expended for improvements and extraordinary repairs and charged to the regular expense account, the result is seen to be a really remarkable one.

This encouraging condition of things was brought about mainly by a more economical and scientific system of running freight trains, by which the average number of cars per train hauled has been increased by nearly 25 per cent with a corresponding saving in expense.

This brought about a comparative saving of \$1,129,126 in 1894, representing a money saving of over \$300,000, or enough to pay for the year's extraordinary improvements.

Through this innovation the present age of operating expenses to gross earnings was reduced from 74.08 in 1893 to 71.45 in 1894. Other permanent economies were also introduced, from which a large saving was effected without detriment to the road. The total gross earnings were \$7,473,623, a decrease of \$548,380, and the net earnings were \$1,963,219, an increase of \$1,984. Total fixed charge decreased \$16,028 to \$1,877,957.

The present time finds the New York & New England road in better condition, physically and financially, than it has been in many years, with new road-bed, heavier rails, additional sidings, new rolling stock and freight sheds, the best signals installed over its entire main line, and new and up-to-date methods in operation in all departments.

The financial reorganization of the company, with its contemplated reduction of fixed charges and business administration, is also progressing favorably, so that, altogether, the vice-president would appear to have ample justification for this closing expression in his report:

"In view of the possibilities of operation which have been demonstrated under the receivership, it would seem that your property possesses such inherent strength as to justify any adverse conditions likely to arise, as to warrant the expectation of future results which can in no wise be measured by its past history and once it shall be placed through the proposed reorganization on a sound financial and physical basis."

**TRULY ASSURING.**—Miss Annette N. Moore, of Meriden, says: "Ayer's Cherry Pectoral has had a wonderful effect in curing my brother's children of a severe and dangerous cold. It was truly astonishing how speedily they were relieved after taking this preparation."

**CURE FOR HEADACHE.**  
As a remedy for all forms of Headache, Electric Bitters has proved to be the very best. Its effects are a permanent cure and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only fifty cents at Cheney's Drug Store.

**MEDICAL BOOK.**  
A revised and enlarged edition of Dr. Humphrey's Specific Manual will be sent free to any address. Humphrey's Medical Company, William & John Sts., New York.

Cheney's Drug Store, South Manchester, and Chas. H. Rose, Manchester, Drug-Gists, desire to publish the following extract from a letter of Chas. M. Gutfeld, of Reedley, Fresno Co., Cal., as they handle the remedy referred to and want their customers to know what a splendid medicine it is:

"It is with pleasure I tell you that by one day's use of Chamberlain's Cough Remedy I was relieved of a very severe cold. My head was completely stopped up and I could not sleep at night. I can recommend this remedy. A cold nearly always starts in the head and afterwards extends to the throat and lungs. By using this remedy freely as soon as the cold has been contracted it will cure the cold as once and prevent it from spreading to the lungs."

TOWN NEWS.

KILLED BY ELECTRICITY.

People at this end of town noticed last Wednesday evening that the street lights were extinguished about 8:30 o'clock, but not many were aware of the cause, explanation of which is here given.

F. E. and Mrs. Watkins drove up to C. R. Hathaway's residence on Chestnut street, about 8:15 o'clock, and finding that the hitching post was broken off and lying in the gutter, Mr. Watkins took the horse by the reins and proceeded to lead him over to the electric light pole close by to hitch him. Mrs. Watkins meanwhile remaining in the carriage.

The animal chanced to step into a mud puddle at this juncture, and immediately slipped, and fell on its back.

Mr. Watkins hanging on to an unsteady stick and reared up to the air. Mr. Watkins doing so to him with all his might. As soon as his forehead came back into the middle again he made another great lunge forward, this time dragging Mr. Watkins over to the electric light pole, when he immediately threw his arm around it and clung to the horse, the animal meanwhile moaning and shrieking frightfully, and making a desperate effort to release himself from his secret but deadly foe, and at the same time repeatedly pulling his owner to pieces, so desperately were his efforts.

All of a sudden he gave a terrible roar and lunge, and dropped dead in the shafts.

At the very first favorable opportunity, Mr. Watkins called to Mrs. Watkins to jump from the carriage and save herself, which she did, and luckily escaped unhurt.

Not knowing all this time what was really the matter, and supposing that the horse had a fit or something of that sort, Mr. Watkins went in called out C. R. Hathaway, and after a brief consultation they agreed that it was caused by electricity.

Electrician Howes was immediately notified to shut off the street current, which he did and came to the scene of the accident.

It is supposed that there was some imperfection in the insulation at that point, and that the 1000 volts from the street current were passing down the pole and attracted to the post and by the horse jumping up and down in the middle trying to avoid death, made the more deadly alternating current which killed him inside of five minutes.

As a matter of course he did not get the full 1000 volts, as they were scattered probably more or less in the water and mud around the pole.

It was a very lucky thing that Mr. Watkins was not drawn into the puddle by the efforts of the horse to free himself, or the story might be far more sad than it is. He is to be congratulated on his narrow escape.

THE YOUNG GERMAN GOT THERE.

The Young German American Association found plenty of persons willing to help them celebrate St. Patrick's Day at the opera house last Saturday evening, and the result was that they had a pleasant time and made a financial success of their venture. They seem to be an energetic lot of young men, and their efforts are well rewarded. They have several other events of a social character in contemplation full parties of which will be given in due season.

BROKE THE NEW SULKY.

M. J. Maguire, our well known milkman, recently purchased a new sulky and on Tuesday last hit the three-year-old colt into it to drive about town and transact some business. He stopped at a store on Main street and sent his man in to make some purchases, while he sat in the sulky waiting. The man was delayed by the store and the colt becoming restless began to back around and display signs of meanness.

In his twisting and prancing about he got one of his hind legs back to the whiffletree and then the trouble began in earnest. In his efforts to extricate himself he became unmanageable and kicked and slashed things generally, demolishing the vehicle very thoroughly, running the sulky and throwing Mr. Maguire out, but the driver managed to hang on to the colt and, after a time, subdue him.

Luckily, Mr. Maguire was not hurt, but the colt's leg was more or less scratched up. The colt has not had much to do this winter, was well fed and comfortably housed and hence, when he did get work was rather fresh and more work will be beneficial for the youngster.

LADIES TEMPERANCE SOCIETY.

The young ladies of St. Bridget's church have for a long time been contemplating the matter of starting a temperance society, but definite action was taken last Sunday afternoon when a special organization was effected as follows: vice president, Mary Walsh, secretary, Mary A. Connor, treasurer, Maggie Doyle. It is expected that the office of president will be filled at the next meeting.

The St. Mary's T. A. Society will, in all probability, permit the ladies to hold business meetings in their hall in Bissell block, where they have very nice quarters and provide for the most convenient organization very conveniently. The new organization starts out with twenty members and it is expected that quite a number of others will join soon.

GETTING IN GEAR AGAIN.

On Thursday evening March 28, Mt. Nebo Lodge No. 1423, Knights of Honor, will initiate two candidates. After the business of the evening is over, as follows: the time honored practice of the lodge on such occasions, which in the past were much more frequent than they have been for the last three or four years and which, it is earnestly hoped, may soon be revived. It is difficult for the officers to keep the ritual in mind unless they have occasion to practice it with more or less frequency, and certainly the chances have been decidedly against them of late, but a change for the better will be hailed with delight.

WORKING HARMONIOUSLY TOGETHER.

A very pleasant time was enjoyed in the vestry of the South Methodist church last week Thursday evening. A nicely arranged musical and literary program was lovingly well rendered by the young people and all present enjoyed and getting acquainted took place.

Some time ago it was announced by the pastor that there was a deficit in the church treasury and a number of Epworth leaguers and others promised to contribute a fixed sum each towards meeting the shortage; so after the musical and literary program was concluded, persons related the various expedients they resorted to in order to carry out their cash, many of which were quite novel and interesting. Upwards of \$275 were realized in this way.

WALTER LEWIS FINED.

Walter Lewis of Charter Oak street was arrested last week by Deputy Sheriff C. R. Treat on charge of reputation and keeping liquor with intent to sell. He was brought before Justice of the Peace Sanford M. Benton, and entered a plea of not guilty. The case was adjourned and he furnished \$100 bonds.

His plea being last Monday, he changed his plea to guilty and by consent of the court then mulcted him \$15 and costs on each count, the whole amounting to \$41.35, which he promptly paid.

THE SULTAN'S DAUGHTER.

The little favorite Ullie Akers from the Army, Wednesday evening, April 3, if you are a stranger and in want of congenial company, if you have the blues or any other imaginary ailment, then go and see Ullie Akers from the Army. She is a daughter of the Sultan's Daughter and is as delightful as any child you will see.

POULTRY WINE.

Ferris Brothers have just received about 15,000 square feet of poultry wine which they sell at a most liberal price. It will pay persons who intend to use much poultry wine this season to place their orders with this firm at once, as they only get B & W wine, which is the very best that money can buy, and besides, they buy direct from the manufacturer and thus their patrons can get the benefit of the deal.

Personal items of news are always specially received at this office, and inserted free of charge.

"Snow" is the reward of merit" not of assumption. Popular appreciation is what tells in the long run. For fifty years, people have been using Ayer's Sarsaparilla, and to-day it is the blood purifier most in favor with the public. Ayer's Sarsaparilla cures.

Prominent Physician Praises

Ayer's Sarsaparilla. The celebrated Dr. J. C. Rogers, M. D., of Philadelphia, Pa., who has for many years been connected with the Orthopaedic Dispensary of that city, says with reference to

"Having thoroughly tested, in my practice as a physician, the alternative action of Ayer's Sarsaparilla, I view it as of unequalled efficacy."—J. FRANCIS ROGERS, 1655 Walnut St., Phila.

IT WILL BE HERE SOON.

Although the snow, and ice, and frost do not vanish so rapidly as one could wish still we all know that they cannot all hang round us much longer. The promised coming of the trolley by April 1 will not be realized, owing to adverse weather conditions, but people will not have long to wait at most before the merry clang of the gong and whizz and hum of the trolley will be heard in the land.

FOR SOCIABILITY'S SAKE.

The people of the Center Congregational church are making an effort to get better acquainted with one another, and to that end they assembled in the town hall last week Thursday evening where a general mingling and exchange of courtesies ensued, and with this was blended a very pretty musical and literary program, which was followed by a collation; the whole making a very pleasant and entertaining event. It is intended to have these gatherings from time to time, to keep the people interested, increase their acquaintance and make matters in general more pleasant and enjoyable for all. The date is a good one.

STRONG TESTIMONY FOR COLUMBIA WHEELS.

A letter received this week from the Page Mfg. Co., by the local agent, C. F. House, contains the following: "Experience is proving the truth of all that we have been claiming for 1893 Columbia. Experience accumulating under our own constant and hard road tests and under the regular use of Models 40 and 41 by thousands of wheelmen are already riding them."

"In consequence, the fact is becoming very rapidly fixed in the minds of the public, that the new Columbia are the finest bicycles that have yet been seen, and that we have put more value, more service and more comfort into them, than have ever been put into bicycles."

"We are having greater praise for them than for any machine that we have ever put out. Among the most pleasant things that are being said of them, it is affirmed by those who know whereof they speak, that Model 40 is the greatest hill climber of them all."

The letter states that "the new crank shaft bearing is one of our great successes for this year."

It also mentions the fact that they have shipped more than twice as many machines since Jan. 1st than ever before at this season of the year.

OVER THE LINE.

Andrus and Mrs. Haling, and Arthur H. Haling and wife, are expecting from the grip, after suffering three weeks' illness, and positively cure Piles, or no pay required. It is guaranteed to give the best satisfaction or money refunded. Price 25 cents per box. For sale at Cheney's Drug Store.

In the fall of 1883 a son of Mr. T. A. McFarland, a prominent merchant of Lake Oak, Sutter Co., Cal., was taken with a very heavy cold. The pains in his chest were so severe that he had spasms and was threatened with pneumonia. His father gave him Chamberlain's Cough Remedy and it always cured him. He considers it the best cough remedy in the market. For sale by Cheney's Drug Store, South Manchester, and Chas. H. Rose, Manchester, Druggists.

KNIGHTS OF THE MACCOADES.

The State Commander writes us from Lincoln, Neb., as follows: "After trying other medicines for what seemed to be a very obstinate cough in our two children we used Dr. King's New Discovery and at the end of two days the cough entirely left them. We will not be without it hereafter, as our experience proves that it cures this ailment fall."

HOW TO CURE RHEUMATISM.

AGAR, COOK & COMPANY, NOV. 10, 1894.—I wish to inform you of a great discovery. My wife has done my wife. She has been troubled with rheumatism of the arms and hands for six months, and has tried many remedies prescribed for that complaint but found no relief until she used this Pain Balm: one bottle of which has completely cured her. I take pleasure in mentioning it for that trouble. Yours truly, C. B. BELLON, 50 cent and \$1.00 bottles for sale by Cheney's Drug Store, South Manchester, and Chas. H. Rose, Manchester, Druggists.

TOWN NEWS.

Major John Hickey will be in command of Company G at the armory next Monday evening and will have a battalion drill by sub-divisions of the Company. The drill will be open to the public.

John George Rogers, the eleven-month-old son of William Rogers of Bissell street, died last week Saturday and was buried Sunday afternoon. Interment was in the East cemetery.

Richard Donahue of Pleasant street has been dangerously ill this week and it is feared that he cannot recover. He has been suffering with asthma for a long time.

Clarence Heidecker for violation of the no-license law was up for trial at the March term of the superior court, but as there was no evidence against him, it was nolle.

T. N. Stanley of Highland Park returned from Tallahassee, Florida last week Thursday, where he left Mrs. Stanley who is seeking to recover her exhausted energies.

Mrs. Mary A. Weaver of Highland Park died last Tuesday, aged 83 years. Her remains were taken to Putnam, Conn., yesterday afternoon for interment. Watkins Brothers were funeral directors.

An enjoyable whist party was held at the residence of Miss Edith and Fannie Foulds last Tuesday evening and a large number of players were present. Dr. Whitton and Mrs. J. C. Taylor won the first prizes and the consolation were extended to Herbert Fitch and Mrs. George Sparks.

Advised Letters South Manchester, Conn., March 19, 1895. Sim Brown, Wm Carr, Orent St. Mrs. James Dowd, Samuel Edgar, John Fitzgerald, John McCann, Mrs. Robt McLaughlin, Max Prentiss, Mrs. Mary Speers, Eugene Stoddard, BOLLES M. ROOD, P. M.

The High school will debate this very important question today: "Resolved that soap is more beneficial than salt" and the appointees for the debate are as follows: Affirmative, Valentine Fubler and Gladys Hutchinson; Negative, Lili and Polkman and M. Wolcott.

C. S. Cheney took a trip to Canada last week, where he has whittled away many a happy hour on previous occasions hunting and fishing, and of his success in the latter sport, he has some rare and novel specimens at his residence, that he brought from the wilds of the Canadian forests and the like of which we believe cannot be found elsewhere in town.

P. S. Malone of Westfield, Mass., who formerly kept a grocery store corner of Main and Maple streets, where High Mortuary now runs a store, plumbing and steam-fitting business, was the guest of M. J. Maguire of Manchester, Green, our well known milkman, this week. He was accompanied by his nephew, Peter Malone of Fairfield, Mass.

"Hickory Farm" a comedy drama of New England life, is now being rehearsed by a company of young people under the management of Geo. E. Tracy of Hartford, a graduate of the Emerson school of oratory of Boston and a dramatic instructor of high ability. This play deals with the same phases of life as "The Old Homestead" and "The County Fair". When ready for production, it will probably be given at both ends of the town.

The first appearance here of the laughable comedy, "After the Ball", written by Mr. Joseph Herbert, at Apell's opera house Thursday evening, March 28, will no doubt draw a large attendance of our fun-loving citizens. The play, although it is said to be ludicrously funny, is also possessed of a very interesting story in which a young man of loose habits gets mixed up unprofessionally in a matrimonial mess. The complications, and his way out, suffice to serve up a dish of fun for the most dyspeptic mind. The play will have an excellent company among whose members are Alf Hampton, Robert Kane, Charles Drake, Frank Galloway, Josephine Lisleigh, Stella Bonheur, Sadie Stringham and Celia Clay.

DEATH OF DANIEL LOGAN. Daniel Logan, whose dangerous illness was noted in these columns some few weeks ago, died at his residence on Middle street last Saturday. His funeral took place from St. Bridget's church on Monday morning, where a requiem high mass was offered up for the repose of his soul, by the pastor, Rev. R. C. Gragan. Interment was in the Catholic cemetery. He was an old resident of this town and was 64 years of age. He was the father of John Logan of Oak Grove street.

MRS. MARTHA NEILL DEAD. Mrs. Martha Neill died in Paterson, N. J. and was buried there this week Wednesday. She was the daughter of Andrew Crawford of this place, was well known and highly respected here, where nearly all of her relatives live. She was 40 years of age and died after a lingering illness. Her many friends will be grieved to learn of her passing away.

DRESSMAKING. Miss Emma E. Brainard will spend this week in New York looking up the coming styles in the dressmaking business. After her return she will be pleased to have her old patrons call at her parlors, where she will be found ready to solicit orders for all kinds of dressmaking. No. 157 Main street, South Manchester, Conn.

SCHIEDLGE-POTERFIELD. Fred Schiedlge, son of Adam Schiedlge, boss painter for Cheney Brothers, and Miss Maggie Potterfield, daughter of John Potterfield, engineer for Case Brothers at Highland Park, were united in marriage by Rev. C. H. Barber, Wednesday evening March 20. The ceremony took place at the parsonage. The young couple will reside with the bride's parents on Laurel street for the present.

A PLEASANT RECEPTION. During Abel Vikberg's recent visit to his home in the vicinity of his sister Ruth took place and a number of friends were invited to take part in the proper celebration of the event. Quite a number were present, including Nils E. Kron of Yale college, and a delightful evening was spent with music, song, social intercourse and the disposal of a very elaborate collation. Addresses were made by Messrs. Kron and Vikberg, and the surprise of the evening was the formal announcement of the engagement of Miss Esther Vikberg and Nils E. Kron.

DR. WELDON'S FIRST CALL. Thomas McKinney has two little children that are dangerously ill. The girl has pleurisy and bronchitis and the boy had bronchitis. Dr. Gilman has the cases in charge and as the sickness became so serious he called Dr. T. H. Weldon into consultation last Tuesday.

This was the last official visit that Dr. Weldon paid since he was taken ill himself, and we learn that the effort was rather detrimental to him, and that he was not so well on Wednesday.

PRESENTED WITH A FLAG. At the dance given by John L. Otis Camp 8 of V last Tuesday evening the American flag recently donated to the camp by Col. F. W. Cheney was publicly presented by Leslie Cheney, the Colonel's son, in a brief but well chosen speech, and was accepted by Quartermaster Walter Gammans, who responded becomingly on behalf of the camp and the boys then united in singing "We'll Rally 'Round The Flag Boys". An enjoyable evening was spent and the event was quite successful.

PORRY TO HAVE HIM LEAVE. P. P. Boynton, our veteran and popular milk dealer, is preparing to retire from the business permanently and say in quite a number of years of his many years of toil. He will be succeeded by Chas. Geer of Wapping, who will serve the patrons along the route the same as heretofore. Mr. Boynton has many friends who will be sorry to have him retire, as he was always pleasant and obliging, and his customers were always happy to have him call.

SIGNS OF SPRING. Fred B. Hale reports that he has seen a number of birds this week that come with the Spring, including Robin, Red-brown, and on Wednesday March 20, he heard the peeping of the frog, and this, Mr. Hale considers, to be an infallible sign of the welcome return of Spring. We trust that those signs may not fail, as we are all exceedingly weary of the long and severe winter that has borne so heavily upon us all this time.
