# SAPOLIO Keep the Baby Fat.

"My baby was a living skeleton. The doctors said he was dying of Marase mus, Indigestion, etc. The various foods I tried seemed to keep him alive, but did not strengthen or fatten him. At thirteen months old he weighed exactly what he did at birth-seven pounds. I began using "Scorr's Emulsion," semetimes putting a few drops in his bottle, then again feeding it with a spoon; them again by the absorption method of rubbing it into his body. The effect was marvelous. Baby began to stouten and fatten, and became a beautiful dimpled bey, a wonder to all. Scott's EMULSION supplied the one thing needful.
