Others still make a busi-FRUITS AND REERIES-PRESE. ness, of raising mushrooms. These last are the leaf-cutting ants, so-called. They live in tropical America, and are very destructive. They have been known to rain whole plantations of

orange and lemon trees, They cut circular pieces out of the leaves and carry them off to their mounds. What they do with them was long a question, but Miller, who studied these ants in Brazil, and Belt, who studied them in Nicaragua, have ascertained that the leaves are not used for food, but as mannre on which to grow a minute species of fungus. in other words, these leaf-cutting ants cultivate mushrooms.

They are described as taking the utmost pains to keep the mounds neither too dry nor too damp. Sometimes the inexperienced bring in grass and unsuitable leaves, but these are invariably carried out and throw away. When the chambers get filled with leaves that have been exhausted as

fertilizers, new chambers are built and fresh leaves are gathered, COWS WITH AN EAR FOR MUSIC, An English writer has published some curious observations on the effects of musical sounds on animals. A few

of those relating to oxen and cows will be of interest. "Opposite to our house was a large field in which twelve cows were put during the summer months. One day a German band began to play on the road which divided the house from the field.

"The cows were quietly grazing at the other end of the field, but no sooner did they hear the music than 25% they at once advanced toward it and stood with their heads over the wall attentively listening. "This might have passed unnoticed,

6.00c@ 6.05c but, upon the musicians going away, the animals followed them as well as they could on the other side of the 1234 wall, and, when they could get no fur-@ 3 25 ther, stood lowing piteously.

So excited did the cows become 7% that some of them ran round the field to try and get out; but finding no outlet, returned to the same corner where they had lost sight of the band, Both Houses of the Legislature Pass the and it was some time before they The Corbett-Fitzsimmons prize fight for seemed satisfied that the sweet sounds the championship of the world will never be were really gone.

an imprisonment of not less than one normore than two years. This tied by the Texas Legislature at Austin in the other bill, introduced in the Senate by the Mark three hours by the watch. By an imprisonment of not less than one fought legally in Texas. This fact was setting the power tied by the Texas Legislature at Austin in music has over oxen. The other day almost unanimous vote a bill passed both | we had a brass band playing in our garden. In a field adjoinging were four oxen. From the time the bill was placed before
