The Ins and Outs of It.

If you get best wear out of a coat, best work made gone into it. You can't get good bread out of poor flour.

More's the pity. You can't get the best out of anything, unless the best is in it; and the best has to be put in before it can be taken out. Now, we have a rule to test those saraparilla with a big "best" on the bottle. "Tell us what's put in you and we'll decide for ourselves about the best." That's fair. But those modest saraparilla say: "Oh! we can't tell. It's a secret. Have faith in the label." . . . Stop! There's one exception; one saraparilla that has no secret to hide. It's Ayer's. If you want to know what goes into Ayer's Saraparilla, ask your doctor to write for the formula. Then you can satisfy yourself that you get the best of the saraparilla argument when you get Ayer's.

TOWN NEWS AND NOTES.

Thomas M. Trotter of Waterbury has taken a position with Ferris Brothers as treasurer. He was formerly employed as a timekeeper with Cheney Bros. under the supervision of Geo. W. Ferris, but latterly has been working and living in Waterbury. He will store his goods and board with his father, John Trotter 2nd, for the present.

The heavy rain of last Saturday night demolished the foundation of J. H. Hill's new store and residence building on Cottage street to such an extent that the foundation walls cracked on the north and west corners through brick and stone clear down to the bottom. The water filled the cellar to the depth of about three feet. The ground is sandy and was newly broken and the water rushed through it freely.

John Duffy died suddenly, in his residence on Depot square last Saturday afternoon. He was taken ill while being driven from his work at Hilliard's mill and although Dr. Whitton was called, nothing could be done to save his life. He was afflicted with asthma. His funeral took place Monday morning from St. Bridget's church. Interment was in the Catholic cemetery. Deceased was 63 years of age. He leaves a wife, but no children.

Manager Watkins has cancelled the engagement of Raymond Hooper's "The New Canada," that was booked for The Armory Thursday evening, March 13, as he wished to give the Methodist church people a clear field for their entertainment by the "Canadian Jubilee Singers" in Cheney hall on that evening. This end of town is not large enough to give two public entertainments of any size the same evening, and where such is the case, one or both are sure to go short.

George H. Gould has moved his carriage shop to the rear of his lot and is arranging to move his blacksmith shop in like manner, so as to give him more yard room fronting on Main street. The remodeling of the Wartella property adjoining, and bringing the building out to the line, took up the space that Mr. Gould formerly used for yard room, and hence the general shifting of the buildings became necessary. It will make quite a changed appearance about the premises and will no doubt be an improvement.

Everybody is wishing that the local trolley company had their new power house in operation now, and no one wishes it more than the conductors and motormen, who are temporarily thrown out of employment. Mail carrier John Ribley has not lost much time this week however, and his services have been highly appreciated by the public. He is not running what is known as "The Fast Mail," but he gets there after a time.

The Canadian Jubilee Singers have billed all parts of the town very thoroughly, for their entertainment in Cheney hall on the 13th and in the North Methodist church on the 13th of this month, and the prospects are that both entertainments will be well attended. Tickets are on sale at Tiffany's and Ross's and can be procured of members of the Epworth League. The performers are highly spoken of by the press wherever they have appeared and there is every reason to believe that they will give a pleasing concert.

Advertised letters Manchester, Conn., March 3, 1896. Mrs Rebecca Anderson, James Anderson, Mrs Ora Bolton, Patrick Dorsey, Min Kate Hanlon, Monroe Huntington, Wm J Jones, Mary C Keeney, Mrs Mary Anne Kerr, Miss Alfred Larson, E J McCona, E Martin Ogden, Miss Jennie M Peterson, John H Shea, BOLLIS M. ROOD, P. M.

BARGAINS IN COPPER WASH BOILERS. Last year we were lucky enough to buy a lot of copper boilers at a remarkably low price and while they lasted gave our customers the benefit of the reduction, but there were not near enough to go around. This year we have secured another lot and are able to offer a 14 ounce, No. 4, all copper wash boiler at less than the price of tin boilers. The number is limited and only those who call early will get the bargain. FRANK BROTHERS, South Manchester.

SPRINGTIME AGAIN.

We had our Springtime come again as a timely, warm, refreshing rain. With gentle, warm, refreshing rain, The bright sun shone with golden face To bless and cheer the human race. With joy we greet the longer days, The bluer heavens on which we gaze, The warmer blood the best of life, The shimmer frame on which we live.

All nature wakes from sleep again And bids with smiles the falling rain. Now all can have the warmer breath For Heat is Life and cold is death. Let every heart rejoice and sing High praise to God our Heavenly King In praise He let all our days Proclaim our Great Creator's praise, Highland Park, Conn.

NEW SHOE STORE. L. N. Charter of Rockville has taken a lease for one year of the store lately occupied by Dyer & Howe in the Park building and in about another week will have his new line of Spring samples on exhibition.

He intends to carry such a complete line of goods, as to quality, style, fit and price that nobody will need to go to Hartford for their footwear. He will have in stock many of the best lines carried by city dealers and will be pleased to have the public call, inspect his goods and get his prices.

HIBERNIAN BALL. On Tuesday evening, March 17, St. Patrick's Day, the local division of Hibernians and their friends, will assemble in Cheney hall and dance to the music of Professor George F. Ketchum. Wm P. Smith will prompt. Tickets admitting gentleman with lady are 50 cents each. Admission to the gallery is 25 cents.

It is customary to have delegations of Hibernians from East Hartford, Glasgow and Rocky Hill attend these annual gatherings and no doubt such will be the case this year. The Hibernians always have a good time at their socials and this being a permissible break in the austerities of Lent, no doubt it will be well patronized.

THE CHICKENS CAME BACK. On Tuesday morning last it was discovered that 30 of the 50 chickens owned by the neighbors of the late John Hunsford had disappeared from the coop during the howling gales of the night previous, and the coop door had been securely closed after the birds were removed.

A great deal of curiosity was aroused among the neighbors as to what had become of the chickens, when, to the surprise of all, they were seen returning from the woods to the east of the premises about noon.

It is believed that the birds were stolen, but that the matter aroused so much interest and sympathy in the neighborhood, that the thief or thieves desisted their return advisable and acted accordingly. Through the courtesy of William C. Mowry, secretary of State, we have received the "Register and Manual of the State of Connecticut" for 1896. In his preface the author says "Its compilation has been performed with more than the usual accuracy, if that is possible. The votes of such towns as voted on the Home question are given, and where no vote was taken the result of the last vote is given. The book contains a great deal of very valuable information about the state of Connecticut and is a most useful document to possess."

NOTICE. The Scotland (Conn.) Dairy Co. which for the past year has been under the management of J. Fred Dosscher, by the use of the Cooley Creamer, Worcester salt and careful management, has enabled to secure the highest quality of any creamery in the State of Connecticut at the Conn. Dairyman's Association, held at Hartford Jan. 21, 22, 23, 1896. About 70 creameries were represented. The score was higher than any heretofore reached scoring 97 1/2 points. This creamery has been making butter a little over two years and has made nearly double the amount of butter the past year that it did the first. The value of the prize is about \$100. This is the second time Mr. Dosscher has exhibited his butter, the first at the Williamsburg Fair Association held at Williamsburg, Conn., Oct. 1, 2, 3, 1895. At that time he took first premium over many competitors. C. D. Strickland & Son are Agents for the town of Manchester.
