### Some of Our Specialties.

Our own brand of Baking Powder is meeting with much favor and the presents of Crockeryware etc.
that we give with it are useful and attractive. Enquire about them.
Among our New Lines of Shoes are "The Motorman", which every trolleyman should wear They are right as to price also when the heavy summer traffic is on it and probability some sheep, of a large variety, may be kept also.
The whole amount of land is already bargained for and it only remains for when the heavy summer traffic is on. Another favorite is the "West Rad" which is a great wearer and very popular.

For Boys we have "The Pilot", one of the best school shoes on the market for the price.

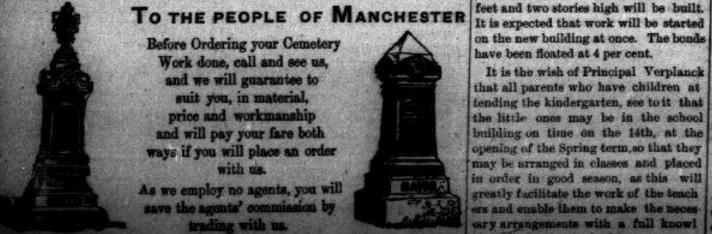

Our two new favorites for the ladies are "The Guseie" and "The Esther". You get full buy either of these shore. Besides these specialties we have as good a general line of shoes for ladies, gentlemen and children, as about Hartford, you can find in town and we are right in it on prices. Call and equaler about this.

"Let us make it unanimous," exclaimed several members in chorus.

Mr. Tucker insisted on his demand for the ayes and nays, so Mr. Hitt remarked, "Let us give him a roll call," and accordingly a sufficient number of members arose to warrant the Speaker in ordering the roll call.

The roll call was devoid of special incident, although as veral members followed the calling clerk closely. When the call was completed several members gathered around the clerk and waited for the official announcement. There were twenty-seven votes against the resolutions.

The result was greeted with cheers and great applause. There were many explanations pending the announcement of the vote. There was an anxiety on the part of members to be recorded, so a recapitulation was or-

I know of no better way to practice economy, and do you know it is a wonder how soon you learn to detect the real from the false, intuitively, almost? I do not think I have ever been "taken in" by an advertisement; there is always something about the false ones that repels me. You hear a good deal nowadays about the "practical pages" of magazines and newspapers, but for me the practical pages are those containing the business announcements of reputable houses. The housekeeper who takes advantage of the practical hints in those pages shows a great deal more common sense than does the one who tries to furnish a seven-room cottage with a lot of soap boxes covered with

denim worked in fancy stitch, and to feed her growing family with neverending reminiscences of the meal that went before. To the economical housekeeper the advertisements are the most important part of any publi-
