TOWN NEWS AND NOTES.

A republican mass meeting will be held in the armory next Wednesday evening, by Hon. Joseph E. Hawley. The South Manchester Military Band will furnish music. Col. Frank W. Cheney will preside. All are cordially invited and it is expected that there will be many ladies present to lend their enthusiasm to the occasion. General Hawley has many ardent admirers in this town, who will be glad to see and hear him.

Fred E. Boughton, engineer on the South Manchester railroad, captured a very handsome specimen of the screech owl last Saturday afternoon. The bird was found in the bushes by the railroad tracks and was secured without injury, as he could not see well enough in the day time to make his escape.

The Ferguson-Hawley Company's paper mill in Barnstable, better known as the lower mill, or the Chas. F. Hamner mill, has been leased by F. F. Carpenter of Boston and will be started up as soon as the necessary arrangements can be made. The property is in the hands of a receiver at present.

Cheney Brothers are laying a new drive way from Hartford road to the main office and buildings grouped around same. It is located west of the spur track leading down to the coal elevator, has a solid foundation of stone and will have a gravel surface, as it was found that the present sloping concrete driveway leading to the horse in icy weather.

The American Hand Laundry at 11 Cottage street, will call for and deliver your laundry, if you drop them a postal. See their notice elsewhere in this paper. They were more or less delayed in making their arrangements for getting started this week, but are all right now and will attend to the requirements of the public in their line with promptness, efficiency and dispatch.

Yesterday was Lincoln Day, a legal holiday in this state. It was observed here by Janitor Southwick, in unfasting a handsome new \$215 American flag from the South Manchester school building. There were no fireworks, nor bugle blast, but there was a fervent patriotic sentiment in the janitor's breast and devotion, love and respect for the martyred president whose memory the newly made holiday commemorates.

Almost every week some excellent bargains are offered by our local merchants in the advertising columns of THE NEWS and prudent housekeepers and others are finding it to be very profitable occupation for them to read the advertisements in this paper, as the time and when they see bargains they mean it and give them accordingly.

Cheney Brothers have placed two new culverts at the corner of Main and Forest streets, have taken up the cobblestone gutter at that point and laid in large drain tiles, extending to a point opposite Eldridge street, where there is another culvert that connects with the dry brook at C. Stenberg's stables. This will be a great improvement, as the water used to lie at that point, and notwithstanding that there was a good cobblestone gutter there it did not seem to give the necessary relief. The gutter will not be replaced.

TOWN NEWS AND NOTES.

FREE SILVER RALLY.

A free silver rally was held in the Army last evening. R. P. Bissell was chairman. R. M. Jacoby of New York was not present and Judge Blydenberg of New Haven made the address, which was an exceedingly well and tame affair, and an utter disappointment to many who went there expecting to hear some good arguments offered for the free silverites, but left the hall in disgust.

After speaking for about an hour he stated in substance that the debt of three billion dollars had not been reduced a fraction and defied contradiction.

James Tanner replied that between 1890-96 the national debt had been reduced from one billion, eight hundred millions, to six hundred millions. Three cheers were given for McKinley and an uproar ensued.

Mr. Tanner protested against this proceeding, said he came to listen and not to interrupt, but he could not help protesting against this charge.

He said that this country was under gold cottage during the period named above, that its prosperity during that time depended on the world, that the banking power of the people increased from eight hundred millions to two billions, two hundred millions, while the national debt decreased as shown above, and quoted Mullhall as stating that the prosperity of this nation during those years was without a parallel in the world's history.

Mr. Tanner was frequently interrupted by a young man on his left, told to sit down and asked to have him ejected from the hall, but he maintained that he was a citizen, that it was a public meeting, that he had the right of free speech, and proposed to exercise it, and appealed to Chairman Bissell to sustain him in the position. The chairman very promptly responded that everybody had the right to discuss the questions and asked for fair treatment to all.

In reply to a question from the speaker, Mr. Tanner stated that under President Cleveland's administration the national debt had been increased by one billion and sixty-two millions by the bond issue, and when the speaker asked him why this increase was necessary he replied that if he asked Professor Wilson to answer that question, he would be ashamed to do so, and suggested that he ask the workmen of this country, who proposed to answer it at the hall on the third day of November next.

The speaker saw his opportunity here and added, by the election of Wm. J. Bryan.

In conclusion he urged the people to labor for the complete overthrow of Bryan, to give it a salvage equal to that of Noah and end it for all time, to get out every voter and to leave no stone unturned to make the victory the most stupendous ever witnessed in this country.

"We want our country to bloom and blossom as the rose, and to abound in prosperity. We want Uncle Sam to be a gentleman. We will whip these economic heretics. We will stop the war with them, as the boys say, on the third day of November 1896, the Goddess of Liberty in all her radiant beauty with a majestic wave of the lovely folds of her drapery, will sweep these creatures from the face of the political earth forever."

A meeting was held in the Army on Monday evening for the purpose of forming a marching battalion. M. S. Chapman was elected chairman and W. C. Cheney as clerk. It was voted to form a marching battalion and a committee was appointed to bring a list of nominees for officers of the battalion and an enrollment of the same who wanted to join was started at the same time, it being decided, on motion of Leslie Cheney, that all eighteen years of age and over be permitted to sign the roll.

James W. Cheney had secured samples of three different styles of caps, which he had seen on his recent tour in the west. One was a gold color fatigue cap, one a white fatigue cap, with a golden eagle in front and the third a gold eagle and white cap with a golden eagle in front.

A good looking man was called for to put on the different caps so that the audience might be able to see and determine which one to select, and John Cheney very promptly stepped into the ring and in a very pleasant, good natured and graceful manner performed that duty, the crowd meanwhile giving him unstinted applause.

It was voted to adopt the white fatigue cap with the golden eagle and James W. Cheney was authorized to order 500 of them by telegram at once evening so as to have them here by Thursday evening, the caps to cost the wearers twelve cents each.

The ball was put in play at once and had been so but a short time when the home team forced it beyond the dividing line and made the master stroke of the play, by a strategic move. Montgomery made a feint to secure the ball and for the center, thus getting the Hartforders to concentrate their efforts at that point and they piled in so rapidly, that they did not notice the fact that the ball had been deftly passed to Madden, who darted around the end and by a grand dash of about fifty yards made a touch down, the crowd hurrying along and sending up a yell that could be heard fully a mile away. He then kicked a goal safely and the score stood 13 to 4, the work having been accomplished in ten minutes.

Play was continued until 5.08, but no further scoring was done.

The boys received great applause from the audience, and especially from the high school girls who were out in force, waving the high school colors and lending their enthusiasm to the occasion, very generously.

The play moved along rapidly, the players were well

TOWN NEWS AND NOTES.

The South Manchester Military Band will give their opening concert and social in Cheney hall, Wednesday evening, November 11, 1896. Besides giving a concert before the dancing begins, they will play for the round dances during the evening. Krause's orchestra will furnish music for the square dances and W. P. Smith will prompt. The concert will begin at 8 o'clock and the grand march will form at 8:45. Admission has been placed at 25 cents each person and tickets are being sold by the members of the band. This concert will be at the town hall from 9 a. m. until 4 p. m. tomorrow, Saturday, and also next Tuesday and Wednesday, October 27, 28 respectively. It should be borne in mind that Wednesday, October 28, 1896, will be the last day they will be in session and per se who do not hand in their lists on or before November 1, 1896, will have to pay an additional ten per cent of their whole tax list. Owners of bicycles will do well also to consult the assessors and have their bicycles properly listed, as the same penalty will be imposed upon them, should they neglect this very important duty. Trade has been very active in Chas. R. Peterson's men's furnishings store in the Park building, as he has just received a handsome new line of goods for Fall and Winter wear and is offering them at prices that make them sell. His neckwear pleased his patrons so well that they bought nearly all he had at first and he had to place another order at once. He will be pleased to have the public call and patronize him. He tells about these things in his new advertisement which will be found in another column.

ENCOURSION TO BOSTON. The New England Railroad Company will run an excursion to Boston, including admission to the World's Food Fair, Wednesday, Oct. 28, 1896. Round trip rate \$1.50. Trains will leave from station over north at 8:10 a. m. Returning, special train will leave Boston at 6:10 p. m. NOW FOR THE HIGHLANDS. A grand republican rally will take place at the Highlands next Tuesday evening, when a McKinley and Hobart flag will be swung to the breeze at the Highlands Park store. Addresses will be made, fireworks will be burned, the heavy artillery will be brought out and placed in service, and a rousing and successful night is anticipated. All are cordially invited to join in the celebration which will begin at eight o'clock. The Highlands are all right every time and can be relied upon without fear of failure. The marching battalion will be there.

HOSPITALLY ENTERTAINED. A special meeting of the Ladies Auxiliary of the A. O. H. was held at the residence of the Misses Mary and Lizzie Sullivan on Walnut street last Friday evening, to make further arrangements regarding their reception and social. It was the largest gathering they ever had at a special meeting, some 30 members being present. When the business of the meeting was transacted the members were surprised by being invited to further partake of the hospitality of their hostesses, who furnished and served a beautiful collation, which was heartily enjoyed and for which a vote of thanks was extended to the Misses Sullivan, whose generosity and forthrightness gave so great a surprise and so much pleasure to the members and furnished so fine a treat. All were enthusiastic in their praise, and expressed their unbounded delight and appreciation of the courtesies extended.

ST. JAMES' CHURCH NOTES. The forty hours devotion will begin in St. James' church next Sunday at 10:30 a. m., with a high mass, benediction and procession of the most blessed sacrament, in which the Sunday school children will take part. It will be a very pretty ceremony and no doubt many from other churches will be present as is usually the case on occasions of this sort. The altar will be prettily decorated with flowers etc. for the occasion and will present an attractive appearance. A nice musical program of Organist Keating. A class of Sunday school children will receive first communion at the early mass.

I have for sale all my household goods also 14 tons of hay, 2 boxes of working harness, 2 single harness, one two-horse team wagon, one four-wheeled berry, one Concord sugar, one sewing machine, one saddle, one horse, one potato digger, one cultivator, etc. Apply to C. LADIES AUXILIARY.

THE D Y'S WERE IN IT. After the wet and threatening weather of last Wednesday, the clouds rolled in by the evening and the handsome Hunters moon shone forth in all its brilliancy and gave a delightful evening and night as one could wish for. This was very gratifying to the D Y's and the large gathering of their friends who took part in their first social dance for this season. The orchestra furnished music and gave a concert for three quarters of an hour before the dance began. J. C. Smith prompted and the grand march was started at nine o'clock, and was led by Chris. McCalla and Miss Marie Malina. Thirty-eight couples joined in the procession, but these were many who did not take the floor until the dancing began.

There were about 200 young people in the hall and everything rolled along as merrily as a marriage bell until shortly after midnight, when all of a sudden the electric lights went out, to the utter dismay of the managers of the dance as well as of the dancers. The janitor hurried around, turned the electric switches and did all in his power to bring the lights, but all to no avail. He could not stop the X ray. Constable Curran was on hand and did not hesitate to use his flashlight, and finally everything was righted and the dancers taking the affair as philosophically and good naturedly as possible, dispersed. The managers felt very much mortified at the occurrence, as they hired the hall until one and so advertised it, and everyone understood that light would be furnished accordingly, and at that time no explanation of this unexpected happening could be given. Yesterday morning, however, the matter was investigated and it was ascertained by Manager Watkins that the engine is kept running all night as a rule, under the new management, to furnish light for the bar born in particular, and for any other purpose that may be necessary, but that on Wednesday night, shortly after midnight, an accident happened to the jack-shaft at the power house, and compelled the shutting down of the engine, and the consequent turning out of the lights; and Manager Watkins authorizes us to state for him that this was the cause of the trouble, that the D Y's were not to blame for it and neither was he, nor any one else, and that it was merely an accident, although it must be admitted that it was a very awkward one.
