A True Incident.—A woman was picked up in the street in an unconscious condition and hurried to the nearest hospital. (examination her body was found to be covered with sores caused by the hypode mic injection of morphine.

This mere wreck of a woman had once held an honorable and lucrative position in a large publishing house in New York. Her health began to fail. Instead of taking rest and medical treatment, she resorted to the stimulus of

The hospital physicians discovered that her primary trouble was an affection of the womb, which could readily have been cured in the first stages.

If, when she had felt those severe pains in the back, the terrible headaches, the constant sense of fullness, soreness and pain in the pelvic region, she had used Lydia E. Pinkham's Vegetable Compound, it would have dissolved and passed off that polypus in the womb, and to-day she would have been a well woman sitting in her

Why will women let themselves go in this way? It seems passing strange that a woman like this one, so highly educated, and so well placed, should have de-

pended on morphine, instead of seeking a radical cure. There is no excuse for any woman who suffers she need not go without help. Mrs. Pinkham stands ready to help any woman; her address is Lynn, Mass. Write to her; it will cost you nothing. In the meantime get a bottle of Lydia E. Pinkham's Vegetable Compound at the nearest drug store. The following letter from one of your sisters will encourage you: MRS. BERTHA LEHRMAN, No. 1 Eric St., 27th Ward, Pittsburg, Pa., writes to Mrs. Pinkham: "I can hardly find words with which to thank you for what you have done for me. I suffered nearly seven years with backache

and sideache, leucorrhoea, and the worst forms of womb troubles. Doctors failed to do me any good. I have taken four bottles of Lydia E. Pinkham's Vegetable Compound and one box of Liver Pills, and used one package of Sanative Wash, and now can say I am well and have been steadly gaining flesh; am stouter and heartier now than I have been for years. I am recommending your Vegetable Compound to my friends. Again thank you for the good health I am enjoying."
