How Old are You?

You need not answer the question, madam, for in your case age is not counted by years. It will always be true that "a woman is as old as she looks." Nothing sets the seal of age so deeply upon woman's beauty as gray hair. It is natural, therefore, that every woman is anxious to preserve her hair in all its original abundance and beauty; or, that being denied the crowning gift of beautiful hair, she longs to possess it. Nothing is easier than to attain to this gift or to preserve it, if already possessed. Ayer's Hair Vigor restores gray or faded hair to its original color. It does this by simply aiding nature, by supplying the nutrition necessary to health and growth.
