Good Attendance at Agricultural Fairs. Agricultural fairs are being more largely this century, a New England funeral

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be pourable. For a great many years doctors pronounced it alocal disease and prescribed focal remedies, and by constantly falling to core with local treatment, pronounced it inconstitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Chemey & Co., Toledo, other than a funeral feast, manufactured by F. J. Chemey & Co., Toledo, where jollity was sanctioned by uni-police, a mob of about two hundred of the common people went to the Municipa constitutions internally in doses from the first of the swift and horrible fate of the swift and Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucops surfaces of the system.

At 4 p. m. Thursday three prisoners apat Columbus, Onio, and, leveling revolvers at Captain Saxbe, attempted to escape. A fight ensued. Two of the prisoners, Botts and Clark, got away. Lincoln, the third prisoner, was held. Benjamin James, sub-guard, was shot twice. Botts is from Lucas and Clark is from Cuyahoga County.

CYCLING NOTES. Late Wholesale Prices of Country Produce

> ul cause of disease—the cycle is the enemy of such disease. With the increase in the number of wo men cyclists, accidents in which women Never start on a eveling tour without four youngsters. Their ages are three, five, seven and eight years.

A paper saddle is one of the latest novel-The papier mache is susceptible of receiving a very high-grade enamel finish, A well-known London physician says that one ride on a cycle at a moderate pace is far more beneficial to the health than half a dozen listless walks. Lord Salisbury has resolved to end his days as a non-evelist, so it is said. His irst trial of eveling was so disastrous that he has given up the attempt to learn.

Palace, London, disposes of the horse as a rival in speed by beating Salvator's mark of 1m. 35%s. September. October and part of November furnish the ideal days for cycling. autum: foliage combine to brace the nerves and delight the eye. Heinrich Horstman the latest eveling

globe trotter, has returned to his home in Barmen, Germany, from a trip around th world. It took him two years to do it, and he used up six wheels in the course of the

For long-distance or long-time rides a irinking device is to be attached to the wheel, consisting of a reservoir to hold the water, with a flexible tube fastened to frame over the handle bar extending to the reservoir, thus making it unnecessary for the rider to dismount when thirsty According to an Australian wheel paper, Jerome J. Murif attributes much of the success of his recent ride across that country to the fact that he used chewing gum. This item of news should be of much interest to the evelists who delight in this habit, which is condemned generally A eveling philosopher says that a good brake is like good common sense and wellbalanced judgment-it will restrain the natural tendency to impetuosity when most needed. He might have added that the possession and use of a good brake prima facie evidence that the writer is not lacking in common sense and judgment. After one has learned to ride a few
