To collect the red of providing the distillers, the in the morning than at noon, when, on the other hand, the strength of a shaded bank all overgrown with soft time that second tavern is opened it will be most odors is increased by heat? most odors is increased by heat? Dr. Odiardy says that he thus obtains green moss and feathery ferns. Not the birds must have flown from the The other thunder roll says, 'All drunkards a drug store, or a bakery, or a dry goods shall have their place in the lake that establishment, or a school. Then there will be destroyed an insight into the condition of the far away there was an ancient tree-forests far below, crossed a region of patient that he could get in no other stump, with a hole running in under- hot or hardened lava and hunted for lems. As it is, here is an original way.

homeward with my treasure. On emptying the handkerchief into a boy covered with wire gauze, I found the had captured two beautifully de cate and elegant creatures, somewha larger than mice. Their fur was thick and soft, a rich velvet of reddishbrown on the back, and snowy white underneath. Their feet also were white. But their chief beauty lay it their eyes-great, black liquid orbi half protruding from the head. No gazelle ever had eyes half so wely.

They soon became quite tame, and without showing any fear would allow me to put my hand into their cage to give them fruits and berries. They carried their nest into a corner of the cage and reconstructed it there. After about two weeks I procured :

large cocoanut, sawed it in two, and taking one half of it, made in it a little doorway. When I put this into their cage, turned mouth down, they seemed to go wild with the excitement of de light. In and out they ran through the little doorway a hundred times in succession. Sometimes they would jump up on top of the cocoanut and survey it all over, and then, after "washing their faces" with their delicate white paws, jump down, and again run inside. Soon they made ur their minds to take possession of it as their home. Their nest in the corner they pulled to pieces, and carried if off mouthful by mouthful into the

ived ever since. During the daytime they sleep, but when evening comes on they busy themselves running and jumping about the cage, and they have never

BANK CAVED AT GARRISON'S, N. Y.

An Engine and Six Cars Plunged Into the Hudson-Most of the Dead Were sengers.

since the New Hamburg disaster of 1871
Most of the bodies of the dead were taken from the car toward night, and so identification was not made until a late hour.

Christian Temperance Union was formally opened in the pavilion at the Horticultural daylight, between Garrison's and High-'ands. The official statement of the company shows that at least nineteen persons lost their lives, and probably as many more were injured. The wrecked train, the Buf-

them were shouting for help and waving cesses say that these were in the jority, were trying to drag the less fo ide that was clear of water.

It was in the day coach that the greate net death there were drowned while the ar floated that short two hundred yards.

re 329,814, an increase of nearly 74,000 ver 1895, which had shown an increase of 53,000 over the preceding year. The revenue obtained in 1896 was 3,273,339 francs. It is said that the largest sum which a this?" asked the parachutist, in an amounts to about \$14,000. This sum repreents the amount pocketed by such men as Morrin and Jacquelin. It is made up of facturer who hires stars to ride for him. wered: "Good Lord, this is the parthe allowance granted by the track manish of Carnwath."—Harper's Round the mountain alive, but considerably agers from the gate receipts and the purses

William Rayman, a Yankee cycling tramp, wenty-eight years of age, has just passed through England. He rode an old solid tire Rudge safety, weighing about fifty ounds, on which he carried 206 articles, dding forty pounds to his outfit. He laimed to the English riders that he covred 20,000 miles in this country, Before eaving England he was presented with a rushion tire machine. Very frequently when riding a speck of just will be blown into the eye of the syclist. Tobacco dust may also lodge be-

eath the lid if he is smoking while pedaling along. To get rid of these things use a small camel's hair brush. Moisten it in he mouth, push it well under the lid of the eye at the corner nearest the nose and wipe over the ball slowly and out at the pposite corner. One application will genrally suffice

Zimmerman, who is probably an authorlty on training, says that he strongly advises against riding early in the morning before partaking of food. He says: "Yo might as well try to drive a steam engine without any steam as to ride a bicycle without first partaking of strength-giving food." Probably if you want to ride early n the morning it will do you no harm to ride a few miles after eating some fruitoranges preferred-and follow that with a bath and hearty breakfast. In fact, after taking this ride you will be surprised at your own appetite.

A TALK WITH MRS. PINKHAM

About the Cause of Anemia.

Everybody comes into this world with a predisposition to disease of some particular tissue n other words, everybody has a weak spot. In ninety-nine cases out of a hundred the weak spot in women is somewhere in the uter ine system. The uterine organs have less resistance to disease than the vital organs; that's why they give out the soonest.

Not more than one woman in a hundrednay, in five hundred-has perfectly healthy organs of generation. This points to the stern necessity of helping one's self just as soon as the life powers seem

Excessive menstruation is a sign of physical weakness and want of tone to be on the wane. in the uterine organs. It saps the strength away and produces anemia (blord

If you become anemic, there is no knowing what will happen. If your gums and the inside of your lips and inside your eyelids look pale in color, you are in a dangerous way and must stop that drain on your powers. Why not build up on a generous, uplifting tonic, like Lydia E. Pinkham's

Vegetable Compound? -MRS. EDWIN EHRIG, 413 Church St., Bethlehem, Pa., says: "I feel it my duty to write and tell you that I am better than I have been for four years. I used Lydia E. Pinkham's Vegetable Com-Liver Pills, and can say that I am perfectly cured.

pound, one package of Sanative Wash, one box of "Doctors did not help me any. I should have been in my grave by this time if it had not been for your medicine. It was a godsend to me. I was troubled with. excessive menstruation, which caused womb trouble, and I was obliged to remain in bed for six weeks. Mrs.

Pinkham's medicine was recommended to me, and, after using it a short time, was troubled no more with flooding. I also had severe pain in my kidneys. This, also, I have no more. I shall always recommend the Compound, for it has cured me, and it will cure others. I would like to have you publish this letter." (In such cases the dry form of Compound should be used.)
