The free library movement in rural towns has been greatly encouraged by the liberality of the Wisconsin, New York and Massachusetts legislatures in providing state aid for towns in those commonwealths that are willing much to add to the attractions of rural life, maintains the American Agriculturist. It is probable that ere many years, every thrifty town in the country will have its free library. New Jersey, Ohio, Iowa and other sion this winter, should see to it that due provision to encourage this movement is made by the state.
