A SUBURBAN ECHO. HOW TO "EAT YOUR PECK OF DIRT."

An important Question that South Manchester People are Called Upon to Answer.

The custom of exposing fresh fractions and various candies, fish, vegetables and various other articles of food on the streets, other articles of food on the streets, is prevalent in many parts of America.

As our representative wended his way.

As our representative wended his way. As our representative wended his way to 22 Mather street, he asked himself more than once this very important question. Will the good people of South Manchester accept as positive proof the statement he was to bring being continually wafred on the breeze being continually wafred on the breeze time the state, and he is laid as country. We may not have much to eat, but if they see these cans and bottles and boxes, they'll thick we've had isters, one considers the dust and filth that are champague, figs and nuts, till we've got tired of 'em, and are living on bread and day. 'She vannist herself not unseem' proof the statement he was to bring being continually wafred on the breeze back touching the claims made for a medicinal preparation, or will they still believe the old storeotyped style they have read all their lives, viz : statements published in South Manchester newspositions of south Manchester newspositions and referse to purchase any article papers, about people living in every State in the Union, every city, every tiwn, except their own? Read what Mr I wan, except their own? Read what Mr I wan are all their times of the form of the world on the breeze time do it was a wan and the would not the breeze time do it was a wan and the would not a wan and the world of e M. W. Stone, 22 Mather street says and nentally answer: "I have suffered from lated in the public press; the more it is mentally answer: 'I have suffered from kidney trouble for years, having pains in my back and aching in the top of my head. It hurt me to lift anything or to get up after stooping. I had to rise trequently nights and had a tired deagging feeling clinging to me Doan's Kid ging feeling clinging to me Doan's Kid Laby E. LOUD POSTAL BILL BEATEN,

of the second-class mail matter privilege, which last year passed the House of Representatives, at Washington, by a majority of 144 to 104, was buried under an overwhelming majority by the House on Thursday. The vote was not taken directly upon the bill, but upon a motion to lay it on the table.

By a vote of 162 to 119 the motion was parted. Forty-average Republicant induction with the fixed jaw.

By a vote of 162 to 119 the motion was carried. Forty-seven Republicans joined with the Democrats and Populists in accomplishing this result, and ten Democrats with the majority of the Republicans. The releast of Mr. Loud to permit a vote on amendment at the last minute was responsible in a measure for the result, but the strength of the measure undoubtedly waned throughout the three days' debate. The announcement of the bill's defeat was greeted by a burst of applause.

last year carried 650,000,000 passen-gers with a loss of forty-six passen-gers, and 137 men belonging to the Row People Sleep. In England the old four-poster stead is still the pride of the nation but the iron and brass bedstead is beating out of the field. The English beds are the largest beds in the world. A peculiarity of the German bed is its shortness; besides that, it consists fre-

quently in part of a large down pillow or upper mattress which spreads over the person and usually answers the purpose of all the other ordinary bed clothing combined. In the tropics men sleep in hammocks or upon mate or grass. The East Indian unrolls his light, portable charpoy or mattress, which in the morning is again rolled together and carried away by him. The Japanese lie upon matting, with a stiff, uncomfortable, wooden neck-rest. The Chinese use low bedsteads, often elaborately carved, and supporting only mats or coverlids. The aucient Greeks and Romans had their beds. supported on frames, but not flat like ours. The Egyptians had a couch of a peculiar shape, more like an old-fashioned easy chair, with hollow back and seat.

The mines of the world produce every year 540,000,000 tons of ore and Oh, What Splendid Coffee,

es and Green rushed to take in the sail. The Daily News, the reorganized organ he jib flagged loose the squall caught of Union Labor in New York City, asserts the schooner and blew her clean over on that on May 1 next, there will be inaugu-the port side.

Collier, the deck hands and Mr. Bates were swept into the seething sea, but to secure the eight-hour day. the medical part in the seething sea, but caught the rigging just in time to save themselves. The wind, rain and surges drowned the dying cries of the imprisoned Nichols family and the Collier children.

The men lashed themselves to the rigging. After being there for two hours the sea subsided. Then they got the dingey loose, baled her out with a hat, broke a thwart in two pieces, and with these for oars rowed toward Marquesas. After going three miles they were picked up, exhausted, by a fishing sloop and taken to Key West.

It is proposed to introduce in the British Parliament a bill for the institution of working women's trains. It will really mean lengthening the present schedule of working mean lengthening the present suggested by the fact that, as a rule, women go to work at a later hourthan men, and are put to considerable inconvenience and expense by the present system.

CYCLING NOTES.

The Late George Lord, of California, En-

sions in Berlin, Germany, between bicy-clists and other persons or vehicles; there-were two fatal accidents.

The most developed muscles in a cyclist are those of the thigh, which are developed to a marvellous extent in many riders. The muscles of the calf and leg are also benefited, and the tendons of the ankle are strengthened and improved.

It is said that Miss Kirkwood, of Boston, bolds the records for the legest rides on
