TOWN NEWS AND NOTES.

The Dingley law is still marching forward to complete success. Treasury receipts which were over \$23,000,000 in the 26 days of February are likely to be \$23,000,000 in March, while first ten days have produced \$11,000,000 in round numbers.

The spectacle of over \$100,000,000 in gold coming to this country within two weeks, at a time when the country is actively preparing for a possible war, is a striking commentary on the overvaluing of the silver shrewks about gold being a reward that grows in the ground.

The aggregate bank clearings of 77 cities of the United States during the month just closed amounted to \$5,334,433,678, an increase over February, 1937, of nearly 15 per cent, and compared with 1929, the heaviest February on record, a gain of more than 6 per cent. The percentage of gold in February is the largest on record.

Secretary Hester, of the New Orleans Cotton Exchange, reports that the cost of producing cotton has grown in the course of late years despite the low prices, last year's production netted the growers more than any preceding crop. The fact that the cotton crop of 1937-'38 is by far the greatest ever grown, now estimated at 11,500,000 bales, or ten times that of the year 1873, accounts largely for the fall in prices, about which the currency agitators are complaining.

Another large cotton mill in New England has, through the action of its board of directors, taken steps looking toward a transfer of its works to the South, where conditions are more favorable in the matter of fuel, wages, proximity to cotton fields, power, taxes, and labor. The advantages which the South presents in these particulars and which are now recognized as the real cause of the reduction in wages in the New England mills, are such that the cotton mills of that section, which numbered 180 in 1890, have now increased to 120; the number of looms, which in 1880 was 14,000, has increased to 115,000; the number of spindles, which in 1880 was 807,000, has increased to 4,100,000; and the capital employed, from \$21,000,000 to \$165,000,000.—Advertiser.

GOOD ADVICE TO BOYS.

You are learning a trade. That is a good thing to have. It is better than gold. Bring a reward to you. But to bring a reward, your trade must be perfect—no silver-plated affair. When you go to learn a trade, do so with determination to win. Make up your mind what you will be, and be it. Determine in your own mind to be a good workman.

Have luck and patience. Look out for the interests of your employer—though you will learn to look out for your own. Do not wait to be told everything. Be a leader. Act as though you wish to learn. If you have an errand to do, start off like a boy with some life. Look about you. See how the best workman in the shop does, and copy after him. Learn to do things well. Whatever it is worth doing at all is worth doing well. Never slaver off your work. Every job you do is a sign. If you have done one in ten minutes, see if you can do one in ten minutes, see if you can do one in ten minutes. Too many boys spoil a lifetime by not having patience. They work at a trade until they are about as good as a dead mule, and then they strike for higher wages. Act as if your own interest and the interest of your employer were the same. Good mechanics are the props of society. They are those who stick to their trades until they are old and blind. People always speak well of a boy who minds his own business, who is willing to work and who seems disposed to be somebody in time. Learn the whole of your trade.—Ex.

ST. JAMES' CHURCH NOTES.

Lenten devotions will be held in St. James' church this Friday evening at 7:30 o'clock. Father Bannon of Lakesville preached a sermon on the life of St. Patrick in St. James' church last Wednesday evening and celebrated mass on St. Patrick's Day.

A Father flaggerly is suffering with a severe cold and is unable to attend his pastoral duties.

STOP TRESPASSING.

A great many complaints are being made about persons trespassing on private grounds hereabouts and unless the practice is stopped, there are likely to be some prosecutions. Where good excursions are provided, there is no reasonable excuse for walking on people's private grounds. While this does not mean that on Main street, it is not confined to that thoroughfare alone by any means, there are other places that will readily occur to the minds of the people who are trespassing almost daily. If they are not deterred each day, they will bring upon themselves and their friends, before they are forewarned.

SALVATION ARMY NOTES.

Adjutant and Mrs. Faulkner of Hartford were present at the Army hall Tuesday evening, and conducted a very interesting meeting, at which there were several new recruits added to the rolls of the local corps.

SOUTH M. E. CHURCH NOTES.

The class meetings of the South Methodist church are now being held in the Wesleyan building on Wednesday evenings and the prayer meetings are being held on Thursday evenings instead of Friday evenings. These changes went into effect this week and have been made to accommodate persons who are employed in the stores, as most of the stores hereabouts close on Thursday evenings. This plan for the church meetings will be continued as long as the stores close on Thursday evenings, unless notice to the contrary is given.

In view of the above facts the social and literary meeting of the Epworth League was held on Wednesday evening, instead of Tuesday evening, as previously announced and will be held hereafter, unless otherwise ordered.

DID AS THEY AGREED.

The last of the series of ten entertainments was given in Foot Guard Armory last Friday evening and was well attended. The attraction for the evening was the Oxford Musical Club, composed of five young men who are versatile and capable vocal and instrumental entertainers. These entertainments were given under the auspices of the Eastern Entertainment Company, which is an organization for the purpose of raising money for the Epworth League.

TOWN COURT.

There seems to be great activity in the local town court, since the preparations for war with Spain have assumed such large proportions and war talk has become so general. The fighting prospect of several of our young men have been tested and found to be in such condition as to get them entangled in the tools of the law and cause them to pay sundry fines and costs, besides giving them headaches and heartaches, and several other kind of ills, as well as other troubles, and the whole of which difficulties have originated in drink.

Judicious CARPET buying comes to the consumers as a result of examination and comparison. Carpet buyers soon learn to trust the dependable store, where Carpets are sold with a guarantee of price. The accurate and just indorsement of Carpet buyers is what we strive to merit. Guaranteed as represented is the foundation of our selling. We invite an inspection of our Styles, Qualities and Prices. The Wm. H. Post Carpet Co., 219 Asylum Street, Hartford, Conn.

At the morning service in the Congregational church next Sunday, Rev. Thomas Simms will speak on "The Safety of Young Men," as suggested by the preceding controversy as to the alleged dangers that beset young men who are sent to Yale college. It is a timely topic and one that is being discussed very much at the present time, particularly by the New York City.

TOWN NEWS AND NOTES.

The W. C. T. U. will hold a Memorial Service in Memory of their late beloved White Ribbon Leader, Miss Frances E. Willard, in the vestry of the South M. E. Church, on Tuesday, March 23, at 3 o'clock p. m. The public are cordially invited to be present.

Louis Montgomery of this place, but now at Wesleyan University, received an offer of a position as base singer in New Haven church, but this being his senior year and not knowing where he will be next year, he decided to decline the offer. Mr. Montgomery has an excellent voice, has given it considerable culture and his services as a base singer are very likely to be in good demand.

C. E. House sold five bicycles between six o'clock on Tuesday evening last and the hour of closing his store. This was a very excellent record. The wheel fender seems to have a very strong ring in these quarters at the present time and as soon as the roads in general are in good order for bicycling, the call for wheels is apt to be louder, stronger and more urgent than ever.

George R. Wright of No. 9 School Street, South Manchester, has placed a store and is now in a position to save money for housekeepers on these goods. Weather is very likely to be here soon when refrigerators will be in active demand and Mr. Wright invites you to call at his place of business and inspect his goods before purchasing.

The athletic entertainment that was advertised to take place in the Armory tomorrow evening has been indefinitely postponed as it was found to be impracticable to carry out the plans the promoters had in mind. The walking match between James P. Dougherty and David H. Husbands, for the State championship, will take place Saturday evening, April 2, and the principals are in training for the contest now.

The D. Y. W. E. Club has decided to give their next social in the Armory on the evening of Wednesday, April 15.

Mr. James P. Dougherty and David H. Husbands, for the State championship, will take place Saturday evening, April 2, and the principals are in training for the contest now.

Another column will be found a "For Sale" notice of the property of the late Mrs. Clifton W. House, which will be disposed of at public auction. It is a splendid home and can be bought now for less money than it cost to erect the buildings. It will be difficult to find a more desirable farm homestead for sale any where in this vicinity. John Leonard where in this vicinity.

An effort is being made to suppress hoodlumism in front of the Farnell buildings on Main Street, where young men are in the habit of congregating at night, much to the detriment of the good and orderly doing business in that locality, and special officers have been detailed to do duty during the past week. It is one of the ills of this place to have regular patrolmen on Main Street from the Farnell building to Cheney's store, every night in the week.

Swedish young men who go from here on a visit to their native land, find it expedient to make their visit there reasonably short, as the representatives of that government look after them very closely and in case they have not served the term in the regular army of the land, they are forcibly detained and made to enter the army and serve their country for a period of three years, unless they have in the meanwhile become American citizens, in which case they have the protection of the Stars and Stripes.

Landlord Phalos of the American hotel reports that he is picking up a nice haul both in and out of town. He has had the words "Hotel Office," painted in gold letters on his street door, by C. E. Harvey of Charter Oak Street, will have the word "Hotel" in gold on the transom over the street door and will place a lamp over the entrance with the word "Hotel" painted on each of the glass sashes. He is improving the hotel right along and doing all he can to make it a respectable and good hotel, at a moderate cost.

Hon. Thomas A. Lake of Rockville, who was recently appointed by President McKinley as collector of internal revenue, has resigned his position as State senator of the Twenty third senatorial district. The office is likely to remain vacant until the election next November when his successor will be chosen. A man cannot hold a federal office and an office under the jurisdiction of the State at the same time. This is a wise provision, as it gives another man a chance for an office.

Wanted—Two young ladies can be accommodated with board in a nice private family by making application at the office of The News.

When you want a good oil for either bicycles or sewing machines, go to Ferris Brothers. It costs ten cents a bottle.

ST. MARY'S CHURCH NOTES.

Rev. J. A. Bidwell will deliver the fourth in the series of Lenten sermons in the Episcopal church next Sunday evening, on the general subject of "St. Peter," the particular theme for the next sermon being "His Education." On Wednesday evening, March 23, Rev. F. W. Harriman of Grace Church, Windsor, will deliver the Lenten sermon in St. Mary's church. All are cordially invited to attend these sermons.

BROKE HER ANKLE.

Mrs. Anna McGinn of School Street fell on her stairway last week, when she was unable to get up and called for her daughter, Miss Nellie, to assist her. Her ankle swelled so rapidly that the shoe had to be cut off her foot and then Doctor Wedden was summoned, and on examination found that a small bone was broken in her ankle. He set the broken bone and has the case in charge. It will in all probability be several weeks before she will be able to get about. The injury is a very painful one, particularly to a person advanced in years.

WEDDING ANNIVERSARY.

James A. and Mrs. Johnston of 31 Eldridge Street, were given a great surprise last evening, by their children and grandchildren, there being 43 in all. The occasion was the 48th anniversary of their marriage. The young people made all preparations for the celebration in a quiet manner, provided a bounteous turkey supper in Massena hall, presented their happy parents with a comfortable reclining chair, each, had vocal and instrumental music, short speeches, exchange of congratulatory letters, and wishes for a long, happy and prosperous career. It was a very pleasant social event and was well carried out in every particular.

SLASHED WITH A KNIFE.

A colored tramp called at the residence of W. P. Smith last night and demanded something to eat. Mrs. Smith refused the demand and the tramp immediately proceeded to slash her in the wrist of language. Her husband was upstairs at the time arranging his toilet so as to go to the mask sociable in Ape's opera house where he was to promote, and hearing the controversy, came down to restrain the colored man, but found the tramp at the door with a knife and a wound that required several stitches to close. He then made his escape.

WILL BUILD A NEW SHOP.

Hugh Moriarty has bought the building lot next east of his residence on Birch Street, fronting on Wm. Crawford street, and is making arrangements to erect a new workshop thereon. The building will be 30 x 35 feet and two stories high. The downstairs part will be fixed up in first class form for the business of a shoe dealer, plumber, tin and copper worker, etc., and will be conveniently arranged in every particular, so that stores, kitchen utensils, etc., can be properly displayed and a good workshop will make up a part of the equipment. He will also display just as he needs them. The upper floor will be let for a tenement. Work will be started as soon as the necessary arrangements can be completed. Mr. Moriarty is now at work getting out stone for the foundation.

FIRE LAST NIGHT.

An August and Mrs. Kurz were passing the double tenement of Gilbert L. Brown, 74 Main Street, about 11:30 o'clock last night, they saw a fire burning in the pantry of Dana Books' apartment and gave the alarm. Henry W. Charter, Sr., and his son Henry W. Charter, Jr., who live next door, and Loren Davis who lives close by, rallied to the rescue and found Mr. Books asleep and almost suffocated with smoke. They got her out and then proceeded to extinguish the flames.

The fire started in the pantry and spread up to the rafters. A hole had to be cut in the tin roof to get water into the flames. August Kurz got his garden hose in operation and had a stream on the fire in good order. Loren Davis got out the hose cart and soon had the fire under control, before very much damage was done to the building. Mr. Books is an electrician for the tramway company and was out at home. Mr. Brown is a traveling salesman for the T. J. Robertson Company and he was out of town. There were only women and children in the house. Mrs. Books had retired at 10 o'clock. The origin of the fire is not known to us at this writing, nor the probable loss. The lucky discovery by Mr. and Mrs. Kurz saved Mrs. Books' life. A great good assembled and gave all necessary assistance.

Peter Vincent wishes to hereby notify the public that he is prepared to do shoe repairing of all kinds at short notice, and also to make boots or shoes to order if desired. He repairs harnesses as well and will be pleased to have a share of your patronage. He is located in Barker's block on Spruce Street, corner of Wall, South Manchester.
