and in their place (except, of course,

for reception, afternoon tes and evening

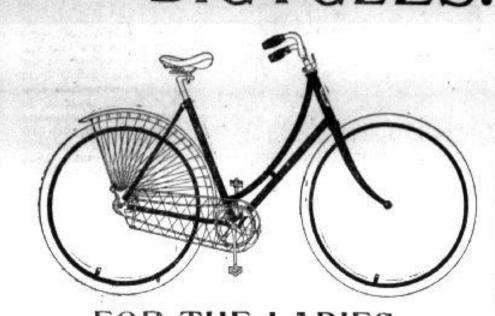

wear) have come in heavy, stout boots

and thick, durable gloves that make

the maid of this spring a very different kind of a creature. And that these shoes and gloves are genuinely boys' articles, too, is a fact not to be doubted. The fashionable girls not only acknowledge it, but they have been heard asking for these thing in shops. Even more incontrovertible gvidence (for some people not in the swim are certain to believe that this hion cannot exist) is furnished in the testimony of a very well known and high class men's and women's bootmak er, who told me the other day that this spring he had placed a woman in his boys' department especially for the girls who come daily to buy boys' boots.

Up a Church Steeple. Two riggers in a Western city a few

side of the steeple. The topmost ladder, however, was not high enough to enable them to reach the desired spot, and as the upper part of the steeple of his father, the late Duke of Aosta, and as the upper part of the steeple of his father, the late Duke of Aosta, and as the upper part of the steeple of his father, the late Duke of Aosta, and as the upper part of the steeple of his father, the late Duke of Aosta, and all nervous diseases permanently cared by the use of Dr. R. H. Kline, Ltd., 361 Arch Street. Phila., Pa. was too small to permit the proper which cost \$2670. lashing to it of a ladder, a daring expedient was resorted to.

One of the men carrying a pot o melted solder climbed from one ladder to another until he had reached the last one, and then, bracing himself, he raised an extra ladder that the other rigger had brought up in his hand, and leaned it against the steeple. Then the man below grasped this ladder and held it steady while the man above mounted it to the point where the work was to be done. He began the work at once, and all promised well until suddenly he jostled the solder pot, and the flery stuff ran out and fell over the hands of the man who was holding the ladder.

But the brave fellow did not move. With a presence of mind and a courtained a firm hold on the ladder until is companion could come down from his perilons perch.

Authors' Autobiographies.

While Edward W. Townsend and John Kendrick Bangs were giving readings from their books together. one night in a Western town, Mr. Bangs gravely announced that he "would be followed by Mr. Townsend, who will read from his antobiography, 'Chimmie Fadden.'" When it came to Mr. Townsend's turn to read, he had his revenge. "Speaking of autobiographies," he said, "Mr. Bangs made his first success, as you know, with 'The Idiot.'"

Stocking Protectors. A simple invention which promises

to save hours of stocking mending is a thin sole or half sole covered with satin to slip inside the boot or shoe, with a stiff backing of velvet round the heel, which entirely prevents friction with its danger of chilblains and blisters. The protectors also keep the shoes from slipping and are useful to pedestrians, cyclists and dancers or skaters.

Women in Business. From the Free Press, Detroit, Mich. A prominent business man recently expressed the opinion that there is one thing that will prevent women from completely filling man's place in the business world-He is but twenty-one years | they can't be depended upon because they are sick too often. This is refuted by Mrs. C. W. Mansfield, a business woman of 58 "A complication of female aliments kept | Spaniards themselves adopt this flower Farrar St., Detroit, Mich., who says: me awake nights and wore me out. I could | as a symbol of faith, and one of their get no relief from medicine and hope was poets says; "Real faith is like the slipping away from me. A young lady in employ gave me a box of Dr. Williams' Pink Pills for Pale People. I took them and was able to rest at night for the first time in months. I bought more and took them and they cured me as they also cured
