Wantsinger's Business College. THIS SCHOOL IS THE BEST. Business and Shortland school and a mere statement of the fact is usually enough. For ten years we have been proving that our training is ABSOLUTELY THE BEST. Our attendance proves it, the success of graduates in business proves it, the whole public has pronounced it to be the best. This school is an aggressive and progressive school. Its attendance is more than double that of any other business college of Connecticut, and it has twice as many regular teachers.

TOWN NEWS AND NOTES.

Rev. Thomas Simms and family will go to Yarmouth, Maine, next Monday, where they will spend the month of August. His pulpit will be occupied on Sunday, August 7, by Rev. Kingsley Norris, associate pastor of the Fourth church, Hartford and on Sunday, August 14, by Professor Arthur L. Gillett of the Hartford Theological Seminary. The church will be closed on the last two Sundays in August.

When preparing to close his store last Saturday night Ward S. Grant counted his change and placed a roll of bills amounting to \$88.90 in his pocket. He thought to buy a cigar in the drug store adjoining before starting for home, when he discovered Frank E. Belcher in an unconscious condition, as noted in another column. In the skrimishing around which followed he lost the money.

Quartermaster Sergeant A. C. House of Co. C, sent a bull dog home from Fort Knox, Maine. His name is "Buckshot". The dog drifted into camp and became attached to the quartermaster sergeant, who advertised the animal in the local papers there but no one claimed him he was sent home as a souvenir of the Company's stay on the banks of the Penobscot far away.

The Company G boys are finding very hot weather at Camp Alger, Virginia. The temperature at high noon being about 110 degrees in the shade. They are clad chiefly in overalls when on drill and many of them go about barefooted. They are not standing much on ceremony in the matter of dress, but they are being strapped down firmly to strict military discipline otherwise. They are in training for probably seven weeks in Porto Rico or other Cuban points.

A union temperance meeting will be held on the lawn of the Center church next Sunday evening at 8 o'clock. Rev. A. C. Whitney, Rev. E. P. Pheasant, Rev. W. P. Anderson and Rev. WILL OPEN NEXT WEDNESDAY. The carpenters are not getting on with the work at the new store building, Backland corner, as fast as was expected and as a result Robert McVean, Jr. will not be able to open his new store next Monday morning, August 1, as advertised. They promise to be ready for him by Wednesday of next week however and he has his goods now on hand ready to be placed upon the shelves. He will begin business as soon as they are ready for him.

GIVEN A SURPRISE. On closing the Boston shoe store last Wednesday evening and going to his home on Pearl street, Henry Wilson was surprised to find about fifty of his friends there in waiting to receive him and give him a surprise party. As a testimonial of their esteem they presented Mr. Wilson with a handsome gold watch chain.

The details of the plan are not yet worked out in full, but will be given to the public as soon as perfected. LOOKING FOR GOLD BRICKS.

W. J. Rolston of the firm of Rolston & Brooks, 154½ Spring Street and Motor-mas George Dever are taking a sea voyage and trying to find some gold bricks out in Bolton Pond this week. They are not using the Jernegan process however and no "salting" will be allowed. They are camping out and are having a glorious time. We learn that a team has to be kept on the road daily in order to furnish them with enough to eat. They are feeling healthy and hilarious and have entertained a number of their friends during the week. They will have plenty of company from here to-morrow night. It is expected that they will return next week.

EXCURSION TO GLEN ISLAND.

The New York, New Haven & Hartford Railroad Company announce one more Glen Island excursion from Hartford tomorrow. The train leaves at 7:25 a.m. running express to the steamer landing at New Haven. With a delightful steamer trip of about four hours the excursionists reach the island at 12:30 p.m., where three and one-half hours are allowed in which to enjoy the band concert, to visit the museum and menagerie, and view the rare plants and horticultural wonders with which the place abounds; all these features being free. Ample facilities are also provided for boating, bathing, fishing, bowling and billiards. The rate is only \$1.25.

THE TYLERVILLE CAMP MEETING.

The annual camp meeting at Tylerville, near Goodspeed's station on the Valley railroad begins Tuesday, August 18, and continues over two Sundays. Round trip tickets are granted for one fare, from Hartford, Middletown or Saybrook, to any one calling for a "Camp Meeting ticket." Temperance Day is held this year on Saturday, August 20, and Mrs. Ella Boole of Hazardville, are to be the speakers. Both are known as able, eloquent, logical and interesting speakers. Entertainment and refreshments of the most satisfactory character and at very reasonable rates are furnished at the camp boarding house.

GOOD WORDS FOR THE WORKMEN.

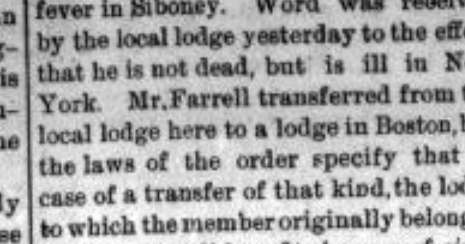

Frederick A. Betts, insurance commissioner of the State of Connecticut appointed three expert accountants to examine into the affairs of the Ancient Order of United Workmen of this jurisdiction and report their findings to him. These gentlemen have performed that duty and sent in a detailed statement of the financial affairs of the order which is highly satisfactory and also complimentary to all concerned. In concluding their report they make the following acknowledgment: "The system of bookkeeping is particularly well conceived and carried out. All bills and accounts are audited weekly by the finance committee; death claims also have to be examined and passed on by the committee. The average time for payment of death losses appears to be about twenty days and the society did not have a single contested claim on its books." This certainly is strong praise for the order from an official and disinterested source and must be highly gratifying to all its members.

G. A. R.

There will be a drive over the famous battlefield under the direction of Captain L. W. Minnigh. The old soldiers will leave Gettysburg at 3 p.m. Monday. They will cross the Blue Ridge, stopping for a short time at Fort Ma. They will reach Cincinnati at 7:30 a.m., Tuesday, September 6. IS NOT DEAD YET.

PHOTO ENLARGED AT LOWER PRICE THAN YOU CAN GET IN THE CITY.

THE HOLTZ ART CO. 117 Spruce Street, So. Manchester.

It was reported in the newspapers hereabouts that James F. Farrell, formerly a member of the local lodge of Foresters of America, had died of yellow fever in Sibikey. Word was received by the local lodge yesterday to the effect that he is not dead, but is ill in New York. Mr. Farrell transferred from the local lodge here to a lodge in Boston, but the laws of the order specify that in case of a transfer of that kind, the lodge to which the member originally belonged is helden for all benefits in case of sickness or death, for six months after the transfer is made. As Mr. Farrell was transferred about five months ago, the local lodge will pay the bills, should any be incurred. It is the duty of the lodge to which he has transferred, however, to investigate the case and produce satisfactory proofs of sickness or death, before the bills can be collected from this lodge. The Boston lodge is now working up the case.

It is to be hoped that the report here given may be the correct one and that Mr. Farrell may live, as he was a young man who made himself very popular while he was here and was very well liked. He was also a member of the D. Y.'s he had been employed as a foreman steam fitter here putting in their skillers for Cheney Brothers in their mills. He resided in Framingham, Mass. to Co. H of the Ninth Massachusetts Volunteers.

EDITOR NEWS.

I would like to call the attention of the readers of your paper to the careless manner in which people throw waste paper about our streets. There is nothing in my opinion, and I think you will agree with me, that makes a village like ours look so unkept and untidy as to see bits of paper lying about the streets, and in front of business houses and private residences. I notice that school children are very careless in this matter, as you frequently see them going through the streets, scattering papers all about. I think they should be taught in our schools not to do this, for no other reason than the looks of the thing, and besides this, it is a direct violation of one of our statute laws, which I fear is not generally known and which I will give in full. "Be it enacted by the Senate and House of Representatives in General Assembly convened, "Every person who shall deposit, throw or sink any paper or advertisement in any public highway, or on private premises or property, without the consent of the owner of said premises or property, shall be liable to a fine of not more than six dollars, or imprisonment not more than six months, or both."

Advertised Letters, South Manchester, Conn., Aug. 9, 1898. Anthony DeCaye, Mrs. Arthur Griswold Postal Mrs. Ida Anderson

ROLIN M. BOOD, P. M. We have been requested to state that Burdette Hills was not the motorman in the trolley accident last week. It was a man named Fitzpatrick who was in charge of the controller at that time. Mr. Hills was on the car but not in charge of the motor.

The New York, New Haven & Hartford Railroad Company have an excursion from Hartford to Narragansett Pier today at a round trip rate of \$1.50. They run a number of such excursions every season and they are justly popular.

There is a strong delegation of South Manchester tramway men employed on the new trolley line in Port Chester, New York, under the superintendence of J. L. Hall, and any person going from here to that bustling town on the borders of the Nutmeg State, is sure of receiving a very cordial welcome.
