How to Grate a Cocoanut.

"It is no trouble to grate a codoaaut," says Miss Cornelia C. Bedford, the cooking expert, "but there are ways and ways of doing it. Now, I consider it worth while to pay a few cents more when I am going to use a socoanut and have it peeled for me. Then I have a large almond grater and I break my cocoanut into small pieces and put it in the grater. Then I turn the crank for a few minutes and my nut is grated as finely as I wish it and with no trouble. There is a simple cocoanut pudding, which I think is very good, for which I buy codoaaut in this way and grate it. I butter thick slices of stale bread, cut into half-inch dice, and to one quart of the dice allow a heaping cupful of the nut, one-half cupful of sugar, one pint milk, four eggs, a pinch of salt, and a teaspoonful of vanilla. Then I butter a deep baking dish and put in alternate layers of the crambs and grated nut. Then I separate the whites from two of the eggs and beat the rest together, add the milk, salt and vanilla, mix well, pour over the contents of the dish and bake in a moderate oven until set in the centre. The two whites remaining I whip until frothy, add two tablespoonfuls of 81% thickly wi h powdered sugar, return to the oven until it is colored a delisate brown and serve cold. The juice 3516 of half an orange can be used in place 651 of the vanilla, if desired, and the Lard-City steam 5.20e @ 5.252 grated rind of a quarter of the peel with a few drops of the juice in the Irosting."--Chicago Times-Herald.

Grip is a treacherous disease. You think it ! is cured and the slightest cold brings on a its victims are always left in a weakened

condition - blood impure and impoverished; nerves shattered. Pneumonia, heart disease and nervous prostration are often the; result.

Dr. Williams' Pink Pills for Pale People will drive every trace of the poisonous derms from the system, build up and enrich the blood and strengthen the nerves. A trial will

prove this. - Read the evidence:

When the grip last visited this section Herman H. Eveler, of Sil W. Main St., Jefferson, Mo., a well-known contractor and builder, was one of the victims, and he has since been troubled with the after-effects of the disease. A year ago his health began to fail, and he was obliged to discontinue work. That he lives to-day is almosts miracle. He says:

"I was troubled with shortness of breath, palpitation of the heart and a general debility. My back also pained me severely.

"I tried one doctor after another and numerous remodies suggested by my friends, but without apparent benefit, and began to give up hope. Then I saw Dr. Williams Pink Pills for Pale Poople exioled in a St. Louis paper, and after investigation decided to give them a trial.

"After using the first box I felt wonderfully relieved and was satisfied that the pills were putting me on the road to recovery. I bought two more boxes and continued taking them.

"After taking four boxes of Dr. Williams Pink Pills for Pale People I am restored to good health. I feel like a new man, and having the will and energy of my former days returned, I am capable of transacting my business with increased ar bitton.

"Tr. Williams Pink Pills for Pale People are a wonderful medicine and any one cuffering from the after-effects of the grip will find that these pills are the specific." H. M. Evelum.
