Wapping Creamery Butter.

Best Butter sold here, and if any demonstration is needed it can be found in the fact that we are now selling more of this butter than was ever sold by any one store in town, in the history of the creamery. Last month we sold of Wapping Creamery Butter alone 2.160 pounds, Our total sales of butter for the month were 2,700 pounds. It is simply amazing how much butter we are selling. These are actual figures, and they speak for themselves. We have a butter put up for us by the Wapping Creamery that is our

own formula, and is not to be found at any other store. It is known as a "Special" and that it satisfies our patrons is amply proven by our wonderfully arge sales.
