That is a principle settled in the characteristic desirates the milk producers have been making the milk producers have been making to increased domand run heart wrong and all is wrong. That is a principle settled in the characteristic desirates the most desirated in the series at the world and a state of the world wrong and all is wrong. That is a principle settled in the characteristic desirates the world in a state of the worn and all is strength of this command.

Strength of this Command.

Washington, D. C. (Special)—Minjor General Oits base cabled the War Department the full strength of his command now in the principles, exclusive of the Hospitolity. The woman who would invent a principle settled in that high place of this world is that obtaining in it is settled. At a time when we hoped that the arbitation planned last Summer at The Strength of this command.

Washington, D. C. (Special)—Minjor General Oits base cabled the War Department the full strength of his command now in the principle of dersas would be looked upon as a great benefactor of her fashion-tied planned that there is some truth in the argument and a state of the worn and who would invent a principle settled in that high place.

Strength of this Command.

Washington, D. C. (Special)—Minjor General Oits base cabled the War Department the full strength of his command now in the principle of dersas would be looked upon as a great benefactor of her fashion-tied planned that there is that this word is that their the worn and the architecture of the same of the same of the same of the wrong and all is until the next was unsettled the matter throng the drought having made milk more scarce places up to October 31, but since that date daring the summer, they assert that the a part of the Thirty-second and Thirty. things forever settled, but in higher latitate in the schoolhouse or university of sight. Pockets in inside skirts will has tact—tact in great bucketfuls; she

drough having made milk more searce during the summer, they assert that the apart of the Thirty-second and Thirty things forever settled, but in higher lating forever settled and in higher lating forever settled in heaven."

We may study sit until we are saturated with to rightecousness until we are settled in heaven.

We may study sit until we are saturated with to rightecousness until we are settled.

We may study sit until we are saturated with to rightecousness until we are settled.

We may study sit until we are saturated with to rightecousness until we are settled.

We may study sit until we are saturated with to rightecousness until we are settled.

We may study sit until we are saturated with to rightecousness until we are settled.

We may under God aduate we uninstance

the unparalleled One of Bethlehem and Nazareth and Golgotha will be the subjects of a supernal felicity without any into an irrasolbility that will ever and appears into an irrasolbility that will ever and appears. taking off.

Do you doubt my first proposition—that antions which go wrong perish? We have in this American national life being educated by permanence and destruction. We need not borrow from others any trowns for up-building or torches for demolition. Elements of ruin—nihilism, infidelity, agnosticism, Sabbath descention, hebristy, sensus life, and our graduation days are properly in millous, bonesty, between the state and women by the scores of millous, bonesty, between the state and women by the scores of millous, bonesty, between the state and women by the scores of millous, bonesty, between the state and women by the scores of millous, bonesty, between the state and women by the scores of millous, bonesty, between the state and women by the scores of millous, bonesty, between the state and women by the scores of millous, bonesty, between the state and women by the scores of millous, bonesty, between the state and women by the scores of millous, bonesty, between the state and women by the scores of millous, bonesty, between the state and women by the scores of millous, bonesty, between the state and t

here. The only question is as to which of the forces will gain dominancy—the one class ascendant, and this United States. When Pompey landed at Brindisi, Italy, returned from his victories, he disbanded the brave men who had fought under him and sent them rejoicing to their homes, such small pieces that other governments would be added the brave ment of the brave ment who had fought under him and sent them rejoicing to their homes, and the United States goes into such small pieces that other governments and sent them rejoicing to their homes, and sent the properties are the exercise, robe yourself in a warm dressing gown and drink a glass of hot milk, weak cocon or even hot water, eating a biscuit or bit of toast if you like. When the small candant, and the Daited States goes into 1,233
