There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many rears doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to care with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Choney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it falls to cure. Send for circulars and testimonials. Address F. J.
