In fifteen minutes, with only a cake of Ivory Soap and water, you can make a better cleansing paste than you can buy.

Ivory Soap Paste will take spots from clothing; and will clean carpets, rugs, kid gloves, slippers, patent, enamel, russet leather and canvas shoes, leather belts, painted wood-work and furniture. The special value of Ivory Soap in this form arises from the fact that it can be used with a damp sponge or cloth to cleanse many articles that cannot be washed because they will not stand the free application of water.

DIRECTIONS FOR MAKING .- To one plot of boiling water add one and one-half ounces (one-quarter of the small size cake) of Ivory Soap cut into shavings, boil five minutes after the soap is thoroughly dissolved. Remove from the fire and cool in convenient dishes (not tin). It will keep well to an air-tight giass jar. COPYRIGHT 1898 BY THE PROCTER & GAMBLE CO. CINCINNATI
