NO MIRACLE

Strange that so many people

entertain the idea that "anything will do" in the way of glasses. Using improper or defective lenses they imagine they see well, or if aware that their vision is below par, think it impossible for anyone to improve their sight. We have many such persons fall into our hands, who almost imagine we have wrough a miracle, by simply placing a piece of giass before their eyes that entirely restores impaired or failing sight. They have failed to get auch vision before, simply because they have never had
