shows it has "the call" to fill situations, and that it remains interested in its graduates. Huntsinger graduates are on the bookkeeping and stenographic force of all the daily papers of Hartford, which is a very strong indorsement of our school. Huntsinger's is always twice as large as any other business college of Hartford and we are enrolling new pupils faster than ever.

We have plenty of capable, experienced, polite teachers who give personal instruction. Nearly everybody knows that the Huntsinger method of Actual Business Practice is the best. If you expect to take a business or shorthand course, you should call now to enroll,
