

September

has been our busiest month of the year and our large stock of Household Necessities has attracted nearly all the housekeepers in town we should think.

Why do we get this increasing trade all the time? It shows the people appreciate a complete House-furnishing Store where they can save time and money by getting everything they want in one place at

Uniformly Low Prices and then besides we give a liberal Cash Discount on large orders. Many have taken advantage of this.

Preserving and Housecleaning Goods...

Kettles, Mason and Lightning Jars, Jelly Tumblers, Brooms, Brushes and everything in this line. New Patterns Shell Oil Cloth.

Lamps.

We shall have something to say on Lamps in a few days. No other store will show such a beautiful line as we will, as we have taken pains to find the best on the market.

Therefore, after December 1st the price of these shoes here will be \$2.50 a pair. Call and see them and try a pair at the reduced price. I am sole agent for this well known shoe in this town.

RECEPTION MONDAY EVENING.

Last Monday evening all those who contributed to the success of the St. James festival by canvassing, taking part in the several entertainments, waiting on the booths or in otherwise rendering substantial aid to the project, were invited to the Orford Inn as the guests of the pastor, Rev. W. J. McGark. About 125 persons responded to the invitation. Dancing was enjoyed for which Keating's orchestra furnished music and C. Foley prompted. The ladies brought in cakes and light refreshments consisting of ice cream, cake, grapes, peaches, coffee, etc. were served. It was a merry social gathering, in which the young people were the principal figures and they managed to get a great deal of sport out of the opportunities offered. An extra attraction not down on the regular program was the introduction of Mr. Allan McDonald with his Highland pipes, who rendered a number of selections to the unbounded delight of the children and the received generous applause for his voluntary contribution to the festivities of the occasion.

EIGHTH ANNIVERSARY.

The eighth anniversary of the founding of Orford Lodge, No. 28, A. O. U. W. will take place in Cheney hall on Thursday evening, October 11. It is expected that Assistant Supervisor John Faber of Rockville, District Deputy Palms and Grand Guide Bulkley of Hartford will be present. Manchester Lodge of Workmen have been invited and no doubt will take part in the festivities. The following committee have charge of the arrangements: C. P. Montgomery, Robert Brothers, Joseph S. Bynum, Chas. A. Steyer, Fred Gutzmur and Master Workman William Rably. The members of the committee wanted Mr. Rably to act as chairman but he declined the honor. He is an active and enthusiastic member of the lodge and will render all the assistance in his power to make the eighth anniversary the success that its predecessors have been. These annual occurrences are always looked forward to with much pleasurable anticipation by all the members of the lodge and no doubt there will be a large attendance. It is expected that there will be an initiation that evening.

BUILDING NOTES.

Jencks Brothers have erected a new tenement near their lumber yard at the rear and to the northwest of same. It is a six-room building with bath room. The plumbers are now figuring on the job. T. O'Gorman is making extensive alterations and repairs on his building at the rear of his brick block on Charter Oak street. He is converting it from a two tenement house to a single one and will equip it with all modern improvements. When complete it will make a comfortable home. The building will be heated by furnaces, under the new arrangement.

MARRIED.

Engene S. Charter and Miss Mary L. Walsh, both of Stafford Springs, came here last Wednesday and were married at the South Methodist parsonage. Rev. J. I. Bartholomew performed the nuptial ceremony. As Mr. Bartholomew was pastor of the Methodist church in Stafford Springs before coming here the bridal couple honored him by calling here to have him marry them. There was no demonstration of any kind. By this plan they escaped all the rice throwing and other-observances that usually characterize the ceremony in this vicinity.

TOMORROW NIGHT.

Don't forget that the opening social of the Young Men's Club of St. Mary's Church will take place in the Armory tomorrow evening. An enjoyable time will leave no stone unturned to make it one of the most events they have ever undertaken. Bala's orchestra will discuss up-to-date music in their customary finished and catchy style and Foley will direct the dancing. The young men will be glad to welcome all their friends at the Armory tomorrow evening.

STAFFORD SPRINGS FAIR.

The Stafford Springs Fair will be held next week, Tuesday, Wednesday and Thursday, October 2, 3 and 4. As usual the association has prepared a program that will prove popular with all classes of people. There will be a good showing of poultry, cattle and horses. The poultry show is said to be the best in New England. There will be fast trotting and running, races for liberal prizes each day of the show. The vaudeville program, which is always a popular feature, has been carefully looked after and a corps of capable performers will keep the people entertained during each afternoon. In fact, no detail necessary for a successful fair has been neglected by the management.

Has always led all other business colleges of Connecticut both in number of students in attendance and in number of good situations found for graduates.

Founded in 1865 as a Bryant & Stratton College, it was the first commercial school organized in Connecticut. It took the lead in the start and has never been surpassed in the race for supremacy. Abundant proof of this claim can be found in the State reports of the statistics of private schools, gotten out by Connecticut's Board of Education. These reports are open daily for public inspection at the State Capitol. Furthermore we have twice as much room, desks and accommodations as any other college for college history. ANNUAL TOWN MEETING.

At the business part of the annual town meeting last Monday afternoon Charles E. Hathaway was chosen as presiding officer and the town affairs were gone through with in a very quiet manner, not a single thing occurring to mar the serenity of the occasion.

Nearly every article in the warning was determined without any discussion. It is true that certain explanations had to be made here and there, but nothing of the old time controversy was in evidence.

People generally seemed to be satisfied with town affairs as they have been conducted during the past year, or at least if they were not satisfied they did not avail themselves of the opportunity offered to be heard upon the several clauses of the warning as they were disposed of.

The matter of taxation was the chief feature of the meeting. John S. Cheney had a resolution presented fixing the tax rate for the year at 16 mills on the dollar, but it was strongly opposed by M. S. Chapman, who made a plea to keep the tax rate low and instead of raising the rate to have the town bonded and the property reassessed. The motion of Mr. Cheney was finally assented to 15 mills on the dollar instead and in this amended form was passed.

It was voted to reassess the property consisting of M. S. Chapman, C. W. Cowles, Frank Cheney Jr., John S. Cheney and John S. Hisey was appointed to make a scheme for reassessment and report at an adjourned town meeting to be held in the town hall on Monday, November 12th. The matter of reassessment was favored by the leading tax payers in town.

Claims were presented from many quarters for an increase in the number of electric street lights, or else a more equitable distribution of those that are now in use. A compromise was reached by voting to increase the appropriation for street lights during the coming year by \$500, making the amount \$6,000, that the selectmen relocate the street lights where practicable and meet the current demands as best they could with the m'ans at hand.

An appropriation of \$500 for the Manchester Free Public Library was made, after some explanation and discussion. The selectmen were authorized to borrow a sum not to exceed \$10,000, to meet current town expenses.

Cheney Brothers' claim of \$1,000 towards the expense of building the new bridge over Hop Brook on Hartford road was unanimously allowed. It cost Cheney Brothers \$3,000, all complete.

For Memorial Day purposes \$100 were voted, same to be distributed by the selectmen, the same as last year.

The annual appropriations for the cemeteries were made as follows: East cemetery, \$150; West cemetery, \$120; North-west cemetery, \$80. The cost of the respective cemeteries were reapportioned.

The matter of opening the polls at six o'clock a. m. for the annual town meetings heretofore was indefinitely postponed.

It was voted that the selectmen close the town accounts hereafter on the 1st day of August, so that the town reports may be placed in the hands of the voters at least one week before the annual town meeting.

The repairs of the highways and bridges for the ensuing year were left in the hands of the selectmen the same as last year.

The selectmen were authorized to appoint patrolmen for the ensuing year at a cost not to exceed \$2,500.

The reports of the town officers were accepted in bulk, without any opposition. Neither time nor space permitted to give further details of the meeting at this time.

BOUND TO OCCUPY A FRONT SEAT.

Walter B. Spencer passed his examinations for Yale college last week and was admitted without a single condition. This is an excellent showing for Mr. Spencer, and demonstrates clearly that he has put in some faithful work in his preliminary studies. He is sure to be a winner as he has the material in him for one, and if he pursues the course he is now following and displays the same perseverance and industry in his life's work as he is exhibiting in his studies, he cannot do other than succeed. No power on earth can keep that sort of a young man from going to the front and occupying a prominent position in the land wagon.

A. W. GREENE HERE.

Mr. A. W. Greene of Ansonia, N. Y., came to town last Tuesday and expects to remain hereabouts for at least a few weeks. He is going to dispose of his pretty homestead on Main street here. He will have no trouble in doing this as he has had about a dozen applications for it already. It is one of the very few desirable residences, or residential sites that can be purchased on Main street at the present time. Mr. Greene has not decided fully as yet where he will locate, but he does not think that he will pitch his tent in Northern New York. He says that the weather there is quite cold already; that sharp frosts are occurring almost nightly and that the climate is altogether more frigid than he can endure in the winter time.

COUNCIL NEXT WEEK.

The council to whom is entrusted the work of disuniting Rev. Thomas Stims from his pastorate of the Center Congregational church in this place, will assemble at the Center church next Wednesday at 3 o'clock for the purpose of attending to that duty. This body is composed of ministers from the surrounding Congregational churches and also one layman from each of the following places: Vernon, Rockville, Wapping, Bolton, South Windsor, Glastonbury, South Glastonbury, Hockanum, East Hartford and the South Congregational church in Hartford. Rev. Mr. Robbins and Rev. Mr. Forbes of Hartford will also take part in the deliberations. These gentlemen have served as pastors here. Rev. Mr. Stims' resignation will take effect next month.

CHORAL SOCIETY.

The second meeting of the Choral Society was held in the Center Church Wednesday evening. Mr. H. E. Brewer was elected president and Mr. W. H. Robbins, secretary and treasurer. The music committee consisting of Mr. James Hutchison, Mrs. Farley, Mr. Robert Cadman, Miss Balgait, and Mr. George Trotter were elected together with the president and secretary, to settle all business pertaining to the society. It was voted to have an entrance fee of fifty cents and to hold rehearsals in Cheney hall. The meeting next week will be held in the Center church as usual. The day evening, October 11, at eight o'clock. Mr. Brewer will be the conductor.

WORKING OVERTIME.

Owing to the tremendous demand for velvets at the present time, the operatives of the velvet department in Cheney Brothers silk mills are working twelve hours a day, and even at that rate are scarcely able to keep pace with the influx of orders for these goods. We trust that the good work may go bravely on. It will in part compensate for what the working people here lost during the business stagnation that extended four or five years ago, as all remember when in many cases they even half time could be had. He wants no more such times as were thrust upon us during those fatal four years preceding the advent of the present National administration at Washington.

ANNUAL MEETING.

The annual meeting of the South Manchester W. C. T. U. will be held in the parlor of the Methodist church, next Tuesday afternoon, at three o'clock. Officers and superintendents will prepare written reports for this occasion. Plans: blankets laundered, 15 and 25 cents; American Laundry. Mattresses, spring beds and pillows at Calma's.

Never in the history of this institution since it was founded as a Bryant and Stratton school in 1866 have we had such a prosperous opening as during the month just passed. Both day and evening sessions are patronized by a large number of pupils. Many are from Connecticut and some from distant states and territories. Our

seems to be the winning feature. There is nothing like it in the state and few commercial schools in the whole country come anywhere near having the elegant equipment, experienced teachers and realistic systems of instruction as do we. It thoroughly interests young men and women long after school hours and gets excellent results. Our price \$12.50 per month seems larger than that of smaller schools, but it is much cheaper when you come to consider our immense advantages. With us you learn by experience, you do some duties as you will be required to do again in business, then you furnish all books and supplies free.

Our opening of Millinery, despite adverse weather was well attended, confirming the good judgment of our millinery buyers that they purchased the kind that is not only stylish and Pretty, but also, as usual, the "kind that suits."

Our purchases of jackets, Capes and Suits are large and more desirable, having the benefit of our own experience and the advantage of Syndicate buying to get the Very Lowest Prices as well as the Latest Styles.

Through our Syndicate's purchase we received a Large Assortment of Walking or Rainy Day Skirts at Unusually Low Prices. We have a Good Heavy Walking Skirt at \$1.59

Another lucky purchase came our way in these very desirable as well as Seasonable Waist Cloths, in a full line of colors. One of the most attractive features is the price, 59c yd.

We have now, and more to arrive in the near future, Full and Attractive Stock of Fall Waists, made from Silk, Satin, Mohair and Flannel materials. We think this department worthy of your early attention.

THE NEXT BIG FAIR.

SOME FACTS ABOUT THE FORESTERS' ENTERTAINMENT IN THE ARMOY OCT. 23-27.

Beautiful Decorations Will Transform the Hall into a Fairy Land—Brilliant Lights Music Sweet, and Dazzling Surroundings.

The public will hear a good deal about the Foresters' big fair during the next three weeks. Up to this time comparatively little has been said about it, although more than half a hundred men and women have been actively at work on its committees for the last two months.

A large appropriation for advertising has been made, and from now until the fair opens the attention of the people in this vicinity and for miles around will be drawn daily to the attractions of the coming fair.

Arrangements are so far completed that it is possible to give a fairly definite outline of the attractions of the fair, although fresh novelties are being introduced each week. The fair will begin Tuesday, October 23, and will close the following Saturday evening. In giving this fair the Foresters simply submit a business proposition to the community. They are conducting it on business lines, not on charity. For every dollar they receive they will give an equivalent value of 100 cents. The season tickets are sold at so low a price that they would be giving good value in admission to the Armoiy for the five nights of the fair. But the ticket holder secures not only admission to the hall but also other valuable considerations. There will be nothing "small" in the Foresters' methods of money making at the fair. On the contrary they will give patrons an unusually large return for their money.

A view of the Armoiy when the fair opens will be worth the price of the season ticket, for the large hall is to be transformed into a dazzling scene of beauty. The Armoiy will not look like the same hall when the fair opens. Designs are being considered by the New Haven Decorating Co., one of the largest decorators in New England. The walls and ceilings will be artistically hidden with fabrics in delicate tints. The booths will occupy the alcoves on either side of the main floor. The entire wing will be devoted to refreshments. In the west alcove there will be booths for the sale of temperance drinks. Dancing will be enjoyed each evening and a good stage entertainment will be provided. Local and out-of-town talent will appear in minstrel, character sketches, farces and specialties. The program will be announced in these columns later.

OLD FOLKS DAY.

Taber Chapter Epworth League are making arrangements for the observance of Old Folks Day at the South M. E. church on Sunday, October 21st, at 10 a. m. There will be a preaching service held suitable to the occasion and carriages will be provided to bring the old people to church, wherever convenient service may be necessary, on sending notice of such desire. Further details as to this and other features of the work will appear in these columns next week.

BROKE HER WRIST.

While riding her bicycle last Monday afternoon, Mrs. Leroy Dutton of Spruce street was accidentally thrown to the ground and in the sudden fall broke her left wrist. She was attended by Dr. Moore who set the broken bone and made Mrs. Dutton as comfortable as possible under the circumstances.

DANCE AND BASKETBALL.

The Young Men's Social Club will give a dance in the Armoiy Thursday evening, October 18. The dance will be preceded by a game of basketball between the Foresters of Rockville and the South Manchesters. The game will be called at 8 o'clock. The dancing will begin promptly at 9 o'clock. Bada's orchestra will furnish music. The young men intend to run a first class dance in every respect and hope to receive a share of the patronage of the dance going people.
