WEIGHTY WORDS.

The following serious and eminently truthful language was uttered by Hon. Elibu Root, Secretary of War.in closing the admirable address he delivered at Canton, Ohio, the home of President McKinley, last week, and it is laden with so much truth, so much patriotism, so much genuine Americanism, so much sound, common sense, that we earnestly commend it to the most careful perusal and consideration of our readers at this issu-s now before the American nation.

PROSPEGTS AS TO POLO.

There is a prospect that a series of polo games will be played here during the present season and the chances are that if such be the case the Manchester team will be under the management of a Manchester man. Michael J. Tuohey of this town is negotiating for the franchise and the probabilities are that he will secure it as he is well known here, s popular, is well posted on the game nd players and would make a good nanager. It is believed that a Mancheser team should have a Manchester manager, and that under such manager they would do better work. At least there is one thing sure that if a Manchester man be manager there will not be so much fugling in the matter of having games here as there was last season. When a game shall have been announced it will be pulled off on schedule time thus the public will not be disappointed, as they were many times last year, and owing to out of town management no satisfactory explanation could be secur-

ed. In other words we were at the and Lamps mercy of Hartford and they did with us as they pleased. It is hoped and expected that such will not be the case this year. This is a good field for a polo team and one rightly managed can be Two games of pole were played in the rmory last Tuesday evening; the first

Mr. and Mrs. Thomas Hallows, of Peckham St., Globe Village, Fall River, Mass., have cause to thank Dr. Greene's Nervura for restoring to health, and probably preserving the life of their little son. Almost from infancy Everett the fire.

Hallows was troubled with indigestion and nervous troubles, and nothing seemed to help him. Finally Dr. Greene's Nervura was recommended and tried with success. A few bottles were sufficient to effect a cure, and to-day the little one is enjoying the best of health. By the use of Dr. Greene's Nervura the slickly child was transformed into a happy, hearty, robust boy.
