Lam so Glad you are well. Dear Sister."

This picture tells its own story of sisterly affection. The older girl, just budding into womanhood, has suffered greatly with these irregularities and menstrual difficulties which sap the life of se many young women.

Lydia E. Pinkham's Vegetable Compound can always be relied upon to restore health to women who thus suffer. It is a sovereign cure for the worst forms of female complaints,-that bearing-down feeling, weak back, falling and displacement of the womb, inflammation of the ovaries. and all troubles of the uterus or womb. It dissolves and expels tumors from the uterus in the early stage of development and checks any tendency to cancerous humors. It subdues excitability, nervous prostration, and tones up the entire female system.

Could anything prove more clearly the ef-ficiency of Mrs. Pinkham's Medicine than the fellowing strong statement of Grace Stansbury?

"DEAR MRS. PINEHAM :- I was a sufferer from female weakness for about a year and a half. I have tried doctors and patent medicines, bu thing helped me. I underwent the horrors of local treatment, but reseived no benefit. My ailment was pronounced ulceration of the womb.

I suffered from intense pains in the womb and evaries, and the backache was dreadful. I had leucarrhesa in its worst form. Finally, I grew so weak I had to keep my bed. The pains were so hard as to almost cause spasma. When I could endure the pains no longer, I was given morphine. My memory grew short and I gave up all hope of getting well. Thus I dragged along. To please my sister I wrote to Mrs. Pinkham for advice. Her answer came, but meantime I was taken worse and was under the doctor's care for a while.

"After reading Mrs. Pinkham's letter, I concluded to try her medicine. After taking two bottles I felt much better; but after using six bottles I was cured. All of my friends think my bottles I was cured. All of my friends think my cure almost miraculeus. I thank you very much CRACE & STANSSURY for your timely advice and wish you prosperity n your noble work, for surely it is a blessing to broken-down women. I have full and complete faith in the Lydia B. Pinkham Vegetable Compound."—Gnace B. Stansbury,
