Wednesday Evening, March 6, 1901 one of our most respected cilivens will be charged with Breach of Promise.

A rousing good game of pole was layed in the Armory last Tuesday vening, for a starter in the series. The ontestants were the Manchester and Rockville teams, and although the atendance was not large the srticle of polo that was served was up to the regalation standard. There is nothing that elights the hearts of local polo cranks acre than to see the Rockvilles properly last Tuesday evening in proper shape, as can be learned from the details which are given below. The players on the resent Manchester team are all well known and popular here and are sure of meeting with good support. They are lacking in team work, but this they will soon acquire with a little practice together. All are excellent individual players of the amateur grade, and as a

matter of fact are top-notchers in their class. The Rockvilles showed better team work than the Manchesters at the opening of the game and put up a stiff proposition with their opponents for the first two periods, but after that they were outplayed at almost every point, The game throughout was a warm one and a number of times it looked as if the boys would mix it up after the fashion of some of the recent professional games in Waterbury. However they all managed to keep control of their tempers and content themselves with giving to their respective opponents as

One Night Treatment

Soak the hands on retiring in a strong, hot, creamy lather of CUTICURA SOAP. Dry, and anoint freely with CUTICURA, the great skin cure and purest of emollients. Wear, during the night, old, loose kid gloves, with the finger ends cut off and air holes cut in the palms. For red, rough, chapped hands, dry, fissured, itching, feverish palms, with shapeless nails and painful finger ends, this treatment is simply wonderful, and points to a speedy cure of the most distressing cases when physicians and all else fail.

I tried at least eight doctors, but my hands were worse than when I commenced doctoring. I tried every old Granny remedy that was ever thought of without one cent's worth of good and could not even get relief.

I would feel so badly mornings when I got up, to think that I had to go to work and stand pain for eight or nine hours, that I often felt like giving up my job, which was to the bottling works of Mr. E. L. Kerns, the leading bottler of Trenton, N. J., who will vouch for the truth of my sufferings.

Before I could start to work, I would have to wrap each finger on both hands, and then wear gloves, which I hated to do, for when I came to take them off, it would take two hours and the flesh would break and bleed. Some of my friends who had seen my hands would say, "If they had such hands they would have them amputated"; others would say "they would never work," and more would turn away in disgust. But thanks to Cuticora, the greatest of skin cures, it ended all my sufferings.

Just to think, after doctoring three years, and spending dollar after dollar during

Just to think, after doctoring three years, and spending dollar after dollar during that time, Cuticura cured me. It has now been two years since I used it and I do not know what sore hands are. I never lost a day's work while I was using it or since, and I have been working at the same business, and in acids, etc.

Captain Thomson's strong statement, which we publish herewith, carries weight, and is echoed everywhere by those who rely on Dr. Greene's Nervura blood and nerve remedy, when disease attacks them, or they get run down in health which is so easy at this season of the year. There is no medicine in the world which will ward off attacks of the fatal grip, which is now so prevalent, and there is nothing which will drive it away so quickly or reinvigorate the body as well after the grip, as this famous remedy. Captain Thomson, whose address is 2406 Lincoln St., North East, Minneapolis,

"I am a great believer in the wonderful curative powers of Dr. Greene's Nervura Blood and Nerve Remedy. It has been used in my house for years as a body builder, strength restorer and general family medicine. It never falls to give beneficial results. It strengthens the nerves and purifies the blood. As a health builder, I believe there is no medicine equal to Dr. Greene's Nervura Blood

and Nerve Remedy." Remember that Dr. Greene's Nervura Blood and Nerve Remedy is the prescription of a regular physician, Dr. Greene, who can be consulted absolutely free of charge either by mail or calling at his office, 35 W, 14th St., New York City. Consultation is absolutely free of charge. If you cannot call upon him at his office, write him a letter, telling all about your case, and you can be treated just as well at home as if you called in person. Remember his advice is absolutely free.
