### KNIGHTS OF COLUMBUS.

At a preliminary meeting held in St

James church last Sunday for the purpose of organizing a council of the Knights of Columbus nearly enough signers to the petition for a charter were secured and the number has been increased since then to 30. Alfred Magnell was chosen as temporary chairman of the meeting and William McHale as nated as examining physician and as LIFE INSURANCE COMPANY headquarters as such, examinations of applicants will begin. The charter will be kept open until about April 1 and it is almost certain that the new council will then be formed with about 35 members. It requires but 20 to secure a charter. Persons interested in this matter and wishing to join can consult any of the gentlemen named above and all necessary information will be cheerfully

Letters Proving Positively that there is No Medicine for Woman's Ills Equal to Lydia E. Pinkham's Vegetable Compound.

(ALL LETTERS ARE PUBLISHED BY SPECIAL PERMISSION.)

"I cannot say enough in regard to Lydia E. Pinkham's Vegetable Compound. It has done me more good than all the doctors. I have been troubled with lemale weakness in its worst form for about ten years. I had leucorrhoen and was so weak that I could not do my housework.

also had falling of the womb and inflammation of the womb and ovaries. and at menstrual periods I suffered terribly. At times my back would ache very hard. I could not lift anything or do any heavy work; was not able to stand on my feet long at a time. My husband spent hundreds of dollars for doctors but they did me no good. My husband's sister wrote what the Vegetable Compound had done for her, and wanted me to try it, but I did not then think it would do me any good. After a time, I concluded to try it, and I can and seven packages of Sanative Wash have made a new woman of me, I have had no womb trouble since taking the fifth bottle. I weigh more than I have in years; can do all my own housework, aleep well, have a good appetite, and now feel that life is worth living. I owe all to Lydia E. Pinkham's Veg. etable Compound. I feel that it has saved my life and would not be without it for anything. I am always glad to recommend it to all my sex, for I know if they will follow Mrs. Pinkham's directions, they will be cured." Gratefully yours, MRS. ANNIE THOMPSON, South Hot Springs, Ark.

Captain Ward asked what should be done, and Jordan, judging from the great damage that would be done by jagged rocks, said: "Get out all your boats at once." Captain Ward sprang to the starboard side and was getting boats out when the bow suddenly dropped down. Jordan rushed from the bridge down to the deck, realizing that the ship was sinking. He helped Mrs. Wildman into a ing. He helped Mrs. Wildman into a boat and had one of the Wildman children grasp him around the neck. Then the vessel sank. He thought he went down fully fifty feet. When he came up the child was gone. He could see nothing of the steamer nor of any boats, so he struck out and was soon able to climb on a part of the

deck house on which one Chinaman was floating. After three hours they were picked up. From the story told by Mrs. Kate West, of San Francisco, it is plain that Captain William Ward committed suicide just before his vessel went down. Mrs. West said: "On the voyage over to Hong Kong I was with Captain Ward at his table. He said one day: 'If anything ever happens to my ship by which any lives are lost I shall go into my cabin and blow my brains out. I could never endure the disgrace of a wreck.' Captain Ward also made the same statement to Dr. Wintermute, former surgeon of the Rio, When tain Ward was very calm. He put not thought to be dangerous.
