That which follows is the experience of a mident of Manchester. Incredulity cannot xist about the statement because it can Mr. J. W. Treat, of 14 William street, clerk for Morton, general groceries, says:-"I had pains in my back, in my shoulders and some kidney trouble. I had no headache, but I did have a lameness across my hipe which made it most painful to climb up on the wagon or straighten up. I was restless and did not sleep weil. I became interested in reading accounts about Doan's Kidney Pills, and thought I would see if they would give me any immediate relief, something nothing else ever did. He was not just sure whether t was the doctor or Doan's Kidney Pills which were helping him, but thinking it was the ther, he bought more of them and took them preference to the physician's medicine.
