T TSE CUTICURA SOAP, assisted by Cuticura Ointment, the great skin cure, for preserving, purifying, and beautifying the skin of infants and children, for rashes, itchings, and chafings, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, and for all the purposes of the toilet, bath, and nursery. Millions of Women use Cuticura Soap in the form of baths for annoying irritations, inflammations, and excoriations, for too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves to women, especially mothers. No amount of persuasion can induce those who have once used these great skin purifiers and beautifiers to use any others, especially for preserving and purifying the skin, scalp, and hair of infants and children. Cuticura Soap combiner delicate emollient properties derived from Cuticura, the great skin cure, with the purest of cleansing ingredients and the most refreshing of flower odours. No other medicated soap is to be compared with it for preserving, purifying, and beautifying the skin, scaln, hair, and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Thus it combines in ONE SOAP at ONE PRICE, the BEST skin and complexion soap, the BEST toilet and baby soap in the world.

The Standard Business and Shorthand and Typewriting Training School is

Its graduates have stood the severest test in th business office for 13 years. It has educated 5,000 young people to take care of themselves, and has placed 800 graduates in paying situations in the 56 months and 3 weeks ending August 9th. This education is a stepping-stone to business success. The difference in schools is not the difference in furniture, but in the course of training planned and in the thoroughness of the teachers. We are constantly improving our course, and no matter how thorough our work is we consider nothing good enough that can be done better We do the best work, and tell the white truth about it, and stand or fall by the work we do.

Really no one can afford to make blunders is school-going, least of all people who have to economize. Mistakes in education are costly and far reaching. The discipline of Huntsinger's school is all that can be desired to advance the interests of the pupil. We never have any outside interests to engage the student's attention and take him away from his daily work. The whole time at Huntsinger's is devoted to preparing for business and office pursuits.

We adapt the training to each pupil's needs no matter what have been the educational advantages prior to his coming to this school. We can do this because we have plenty of teachers of large and successful experience. Mr. Huntsinger teaches daily and has been doing so for 27 years; Mr. Remsen has taught 20 years; Mr. Winkleman, 12 years; Mr. Barnes, 12 years and the shorthand teachers, 6, 10 and 3 years. The pub lic has named Huntsinger's A Hive of Industry be cause it is the working school of Hartford. It invites as pupils persons who are anxious to better themselves

This is the only school in Hartford which has Actual Business Practice from the day the pupil enters until he graduates. The popularity of this methodo training has been so successful that over 5,000 young men and young women have been started on the roa to success by this school, and business men have found them so well qualified that they hire their permanent and substitute help at this school. The attendance of Huntsinger's is more than twice as large as that of any other business school in Hartford.

Some Other Points: This school occupies three whole floors of the Hills Building. Passenger elevator. No text books to buy. One entire floor full of roll-top office desks for students' use. Twenty-eight first-clastypewriting machines in the typewriting department The whole course has been revised and improved Tuition only \$11 per month. Why not call to consult with Mr. Huntsinger? We publish the following booklets which will materially help to decide upon a course of training: Booklet 33 tells all about the importance of penmanship; Booklet 34 tells a lot of important things about the shorthand course; Booklet 35 describes the business course and what a young man or young wom man should know who goes into business; The Handwriting on the Wall, which has had a large circula ion from Maine to California.
