Absolutely the Best Business and Shorthand Course

Huntsinger's Business College

Its graduates have stood the severest office tests for 13 years. It has educated 5,000 young people to take care of themselves. It has placed 804 graduates in paying situations in the 57 months ending August 16th. Its training is a stepping-stone to business positions. The difference in schools is not the difference in furniture, but in the course of training and the thoroughness of the teachers. We are constantly advancing, and consider nothing good enough that can be done better. We do the best work, and tell the white truth about it.

No one can afford to make blunders in school going, especially those who have to economize. Our liscipline is all that can be desired to advance the interests of the students. We have no outside interests to engage the student's attention and take him away from his daily work. Our whole time is devoted to preparing for business and office pursuits

The training is adapted to each pupil's needs, past advantages notwithstanding. We have plenty of teachers of large and successful experience. Mr. Huntsinger teaches daily and has been doing so for 27 years; Mr. Remsen has taught 20 years; Mr. Winkleman, 9 years; Mr. Barnes, 12 years; and the shorthand teachers, 10, 6 and 3 years. Huntsinger's is A HIVE OF INDUSTRY-it is the working school of Hartford. It invites as pupils persons who are anxious to better themselves. This is the only school in Hartford which has ACTUAL BUSINESS PRAC-TICE from the day the pupil enters until he graduates. The attendance of Huntsinger's is more than twice as large as that of any other business school in Hartford.

SOME OTHER POINTS-This school occupies three whole floors of the Hills Building. Passenger elevator. No text books to buy. One entire floor full of roll-top office desks for students' use. Twenty-eight first-class typewriting machines in the typewriting department. The whole course has been revised. Tuition only \$11 per month. Why not call to see the college? Mr. Huntsinger is in his office faily enrolling pupils. School opens September 2.
