'THE MINER'S DAUGHTER."

"The Miner's Daughter," which the Modern Woodmen of America are to produce in the Armory opera bonse on Thanksgiving night, is one of the best constructed dramss ever written and is meeting with good success on the professional stage to day. In a recent criticism of the play the New York papers spoke very nighly of the piece and aded all their readers to see it. teaches a strong moral lesson.

The play is entirely beyond the reach f amateurs, but in the production o next Thursday evening the parts are in hands of capable persons. Each characer seems fitted to the role assigned and Manager Dougherty feels assured of a smooth production. It will certainly eclipse snything ever attempted on the

The comedy team composed of Mrs. L. J. O'Dowd and Laban B. Adams is a strong one. People who advocate women's rights will be delighted to see the fight Mrs. O'Dowd well make for A pretty woman will come in to the plot, and shatter the warm friendship existing between Mr. Dougherty and

Mr. Ogden. She will cause these two men of broad military experience to fight a duel. 'The Miner's Daughter' is always in the deal and will appear as Dougherty's second in this thrilling Tickets are selling rapidly. Some good seats are yet obtainable. A large delegation of the Rockville Camp of

Modern Woodmen will be present to witness the production, with a view of presenting the play in that city at some date in the near future under the auspices of the order there. Watch for the beautiful lithographs which will be displayed this week. Secure your seats early for this soul-stirring play. Re-served seats can be procared at Ogden's studio, at the stores of F. W. The Scientific Production

of a laxative of known value and distinctive action is rapidly growing in public favor, along with the many other material improvements of the age. The many

who are well informed

must understand quite clearly, that in order to meet the above conditions a laxative should be wholly free from every objectionable quality or substance, with its component parts simple and wholesome and it should act pleasantly and gently without disturbing the natural functions in any way. The laxative which fulfils most perfectly the requirements, in the highest degree, is

The sale of millions of bottles annually formany years past, and the universal satisfaction which it has given confirm the claim we make, that it possesses the qualities which commend it to public favor.

"WHAR DEW I CUM IN?"

(Being the Sollloquy of a Farmer on the Free Raw Sugar Question.)

'Thar's a mighty lot er talkin' about farmers 'n thar rights, 'N the wonderful prosperity that beet growin' invites.

Than's a heap er foolish crowin' 'n the "beats" begin ter shout boller fer the Tariff ter keep free raw sugar out But I notis that the beet-producin' farms are very few, An' the farmers through the country aint got much of it ter dew. The hull land aint a-raisin' beets, 'n aint goin' ter begin,

The farmer gits four dollars now fer every ton o' beetshandsom price, I must allow-but hidin' sum deceits. Beet sugar manyfacterers admit es they hev found "granylated" costs 'em sumthin' like tew cents a pound In fact that leaves a profit on which they'd greatly thrive And-if it kin be sold fer three, why should we pay 'em FIVE ? t seems ter me es thet's a game thet's mighty like a skin-But-if thar's any benefit-waal,-whar dew I cum in ?

Beet growin's right fer sum, I guess-but, whar dew I cum in ?

When Uncle Sam's in want o' cash we're glad ter help him out, 'N we'll stand all the taxes thet are needed, never doubt, But when his pocket-book's well lined an' nary cent he lacks, Et seems ter me his duty's ter repeal thet sugar tax. Them fellers wot is interested sez its to protect The beet-producin' farmer that the duty they collect, But I guess thet explanation es a little bit too thin-The sugar maker,-he's all right;-but-whar dew we cum in?

Take off raw sugar duty an' the price will quickly fall, o everybody's benefit, fer sugar's used by all. he poor will bless the Government that placed it in thar reachn millions of our citizens free sugar now beseech) The dealer 'll be delighted-less expenditure fer him-More demand 'n bigger profits-which at present are but slim. An' the farmer 'll be as well paid as he ever yet hes ben-But he'll buy his sugar cheaper-thet's whar he an' !"I cum in.

Now, whar's the sense er reason of the sugar tax to-day, When our treasury's a-bulgin' an' we hev no debts ter pay ? The duty on raw sugar's Fifty million every year-An' the people's got ter pay it-thet's a fact thet's very clear. Fifty million! Great Jerusha! Ter protect beet magnates. too, Why should they tax ALL the people-just ter help a scattered FEW ? And the FEW? Beet-sugar MAKERS! Don't it really seem a sin Thus ter help an' fill thar coffers ? Whar dew you an' I cum in ?

The farmer growin' beets hes got a contract price fer years-Free raw sugar wouldn't hurt him, an' of it he hes no fears. But mebbe, like myself-he's also growing fruit so niceer preserve it-at a profit-be needs sugar-at a price ! The repealing of the duty, surely cuts the price in two-Thet'll make a mighty difference, neighbor, both ter me an' you! Let the sugar manyfacterer make such profits as he kin-Ter him it may seem right enuff-but whar dew I cum in ?

An' I aint agoin' ter swaller all the argyments they shout Thet the farmers need protection-an' must bar raw sugar out. Common sense is plainly showin' that the people in the land Want raw sugar free in future—an' its freedom will demand. Tis a tax no longer needed—hateful to the public view, laxing millions of our people to enrich a favored few. They can't blind me any longer with the foolish yarns they spin,-While they're busy making money—whar dew you an' I come in?

I'm agoin' ter keep on hustlin', talkin', pleadin' with my frends,-Aint no sense in lettin' others gain thar selfish privet ends. I'm agoin' ter write termorrer to my Congressman 'nd say Thet he oughter do his best ter kill that tax without delay! Feller-farmers, do your utmost-whether you grow beets or not to repeal the tax on sugar-you can but improve your lot! heaper sugar helps your pocket, greater blessings you can win-

When we've three-cent granylated-that's whar you an' I cum in ?"
