JOHNSON'S PURE FOOD STORE

It is not good policy to offer substitutes for pure foods. The consumers whose trade is most valuable, want the best and purest foods. It is not necessary for those customers to go out of town for these goods, as we have the purest and best goods obtainable on the market, at lowest possible prices. It is our greatest aim to supply the trade with pure foods, and the response from the public has proven to us that this is the only safe way to success.

ORANGEMEN'S NEW BUILDING.

The weather so far this winter has been favorable for our work, and as a result, considerable in the building line is in progress. Stakes have been driven for the new structure which the Orangemen are erect on East Center street. Given such weather as we have been enjoying, there is no good reason why the building could not be erected forthwith, but they do not intend to do so at present. They have let the contract for the mason work to Patsy Gorman, and will begin that part of the work April 1st. It is their intention to dig the cellar themselves, and then let Mr. Gorman put in the stone foundations etc. In all probability they will make the excavations on East Day, weather permitting. They can put a large force of men and handle the work along in the course of one day. Owing to the slope of the ground, they will not have to dig but about four feet at the deepest point. The foundation of the building proper has not been let as yet. The contractors are still figuring on the job.

BISHOP BREWSTER COMING.

Bishop Brewster will pay his annual official visit to St. Mary's parish on Thursday evening, March 27th, for the purpose of conferring the rite of confirmation. Rev. J. A. Biddle will organize a confirmation class, and all those in his parish who are 14 years of age or over, and wish to be confirmed are requested to present themselves at the church next Wednesday evening, at 7.30 o'clock. Plans for imparting animation for confirmation will then be made known.

NEW CLUB FORMED.

A new literary and social club was formed at the Center Congregational church last evening. It is to be known as "The Parish Club." The following officers were elected: President, Rev. George W. Reynolds; vice president, Miss Gertrude Rogers; treasurer, Charles Chesney; secretary, Mrs. D. C. Y. Moore. Meetings will be held twice a month. The first meeting will be held in the Town hall Monday evening, Jan. 27th.

ANNUAL BALL.

The annual ball of the Hartford, Manchester & Rockville Benefit Society will take place in the Army opera house on Wednesday evening, Jan. 29, and the boys are looking forward to a delightful occasion on that date. They have secured Beaman & Hatch's celebrated orchestra, and intend to furnish their patrons with a first class event. Prof. C. Foley will preside. The transepts boys have already given the sports-loving portion of this community attractions of superior merit, and have established a reputation in this regard. They do not intend that this one will lose any of the good qualities which have characterized their previous efforts. They are an active, bustling body of young men and have many friends. They expect to entertain the public in an agreeable manner at the Army opera house on the date indicated above.

SURPRISE PARTY LAST NIGHT.

Geo. H. Howe of the Center Grocery was greatly surprised last evening to see about 30 of his friends from all parts of the town pay him a visit at his new residence on Center street, near Main. A new piano had been brought in during the afternoon by Watkins Brothers, and this came into active demand at once. There were plenty of excellent musicians in the party and they made the piano speak for itself. It was thoroughly christened. A delightful luncheon was served and heartily enjoyed. It was a merry party and they made the most of their opportunities for having a glorious time. The event was heartily enjoyed by Mr. and Mrs. Howe, no less than by the friends and neighbors who took part.

BIRTHDAY PARTY.

A number of the friends and relatives of Herman and Mrs. Brick gathered at the Brick residence on Main street last evening for the purpose of celebrating Mrs. Brick's birthday. Charles Sweet was at hand with his camera and gave a number of selections. The party contained plenty of vocalists and piano players, and music, both instrumental and vocal, abounded. A substantial luncheon was served and there was no lack of merriment. Not a dull moment transpired from start to finish. The gathering was fully equal to the requirements of the case, for guests had a right jolly time, and they proved themselves experts at the trade. It was an exceedingly enjoyable and happy event.

HARTFORD ARCHDEACONRY.

At a meeting of the Hartford Archdeaconry which will be held in the church on Wednesday, Jan. 22, at 11 o'clock, memorial services will be held for the Rev. V. C. G. Bristol. Rev. Mr. Litch of New Britain will give the eulogy, and the latter will preach a memorial sermon. Archdeacon J. A. Biddle of this place will have charge of the services.

SPECTACULAR EFFECTS.

At the masquerade ball which the D. Y. Y. gave in the Army opera house on Thursday evening, Feb. 6, they proposed to introduce some spectacular effects which will be entirely new in this place. Their intention is to have about 100 couples in costumes in the grand march. They will have 30 couples in rich satin costumes of gorgeous hues and elaborate designs, thus constituting the grandest affair of the kind they have ever attempted. The effects of the occasion will be heightened by the fact that they will have colored lights of many colors thrown on the masqueraders as they move about the hall in the maze of the serpentine march. This will certainly be a striking feature and no doubt will attract a great many spectators. It will be so much out of the general order that the young people will enter into it with a will and the prettiest grand march of the season will be seen.

WILL CELEBRATE FIRST ANNIVERSARY.

The local camp Modern Woodmen of America, No. 100, is making arrangements for the proper celebration of their first anniversary. This event will take place next month, the exact date of which has not been set as yet. It is expected that the affair will be a memorable one. They are an enthusiastic body of energetic hustlers, and everything of importance is sent along at a whirlwind pace. Particulars of the event will appear in these columns.

"THE DEESTRICK SKULE."

Everything is progressing finely for the performance of this language affair. When the curtain rises on the night of the 21st, the "skule" of fifty years ago. The boys and the girls are playing various games contemporaneous with the time, and many language incidents will be presented. "Ye Skule Master," represented by Wesley Porter, whose dry humor is well known, will call "ye Scholars" together promptly at the appointed time, and then the regular exercises of the day will take place. School teachers and prospective school teachers, come and get new light on teaching. Come and hear the "dances." Come and see the "Blang lisher" and the "stutterer" in their parts.

FAIR WELL ATTENDED.

Unusually large numbers of persons crowded into Apple's hall last night to attend the St. Mary's T. A. Fair which opened Wednesday evening. The intention was that it close tomorrow night, but owing to the demand, the managers have decided to continue it to next Monday evening. Dancing and entertainment take place nightly, and will last the close. A change of stage performance is offered each evening and the public is well provided with entertainment. The dancing is exceedingly well patronized and is a source of much revenue. The success of the fair surpasses the most sanguine expectations of its promoters. The St. Mary's have many friends and they are proving their friendship in a substantial way.

ENTERTAINED SUNDAY SCHOOL TEACHERS.

Last Monday evening all the Sunday school teachers of the Swedish Lutheran church were the guests of Sven Emil and Mrs. Johnson of Chestnut street, and were pleasantly entertained. Light refreshments were served, and music, song, and social intercourse were featured in a very pleasant meeting. Mr. and Mrs. Johnson did everything in their power to make matters pleasant and agreeable for their young friends, and the latter made the most of the opportunities offered to secure an enjoyable time.

NOT TRUE.

Reports have been circulated about here that the three children of William and Mrs. Bostwick are suffering from small pox. Mr. Bostwick assures us that this is not true. He states that his children were never in better health than at present, and he wishes to set at rest this false and injurious report.

JEWEL ROBBER CAUGHT

New Orleans Police Think They Have Thebaud Valet.

AN ACCOMPLICE GAVE HIM AWAY.

Kern had represented himself as a Paraphrase Agent and was trying to dispose of his ill gotten gains. New York, Jan. 16.—Edward Kern, who robbed his employer, Paul G. Thebaud, of his gold and jewelry valued at more than \$50,000, is believed to be under arrest at Gretna, La. Acting under instructions from Captain Titus, L. H. Marrow, sheriff of Jefferson parish, yesterday arrested a man named T. E. Manners, who answers the description of the man believed to be Kern. In bringing about his capture, Captain Titus followed a clue the existence of which he did not reveal even to Mr. Thebaud. By a star collector, Manners seems to have made a mistake in New Orleans that would have been his last had he not had the Louisiana authorities not been on the watch for him.

MINISTERS FOR SCHOOLS.

Jackson, Miss., Jan. 16.—Both houses of the legislature have unanimously adopted resolutions declaring West Adair, Tenn., to be the rightful hero of the battle of Shiloh and "entitled to the unflinching gratitude of his country." The resolution indorses the report of Admiral Dewey in the Shiloh court of inquiry and condemns the majority report of the other members constituting the court. By the same resolution the legislature extends a cordial invitation to Admiral Schley to visit Jackson and receive a public manifestation of the respect and confidence and admiration in which he is held by the people of Mississippi.

OLDEST MURDER DEFENDANT.

New York, Jan. 16.—Nesio Gaslini, do of St. Mulberry street, aged seventy-five, is the oldest man ever tried in this country charged with murder in the first degree. He was put on trial yesterday before Justice Keenick in the criminal branch of the supreme court, charged with killing Frank Rollins on Aug. 1, 1871. Former Assistant District Attorney Purdy said that his client killed Rollins because the latter was an anarchist and had said he wanted to go to Italy to murder the king and queen.

CRANKS THREATENED OATH.

Albany, N. Y., Jan. 16.—It developed last night that the action of Superintendent of Public Buildings Tender in providing a guard for Governor Odell on New Year's day was inspired by the receipt of three threatening letters. The letters came from cranks, who threatened injury to the governor. The cranks, however, were provided with their knowledge of the fact that they were being watched by the police and were not allowed to make good their threats.

TRAGEDY IN PITTSBURG.

Three Poles Arrested For What May Be Wholesale Murder.

Pittsburg, Pa., Jan. 16.—A family named Violek, Polish, was found terribly mutilated by a rail cutter here yesterday. The wife was dead, the husband dying and the three small children badly cut and bruised. Late developments add mystery to the tragedy. Three Poles who were boarders in the Violek home are under arrest, and the police are searching for a fourth. The Violek home is on the city for John Oleski, who was also a boarder, but who has not been seen since the murder was discovered. It is learned that the woman had \$1,200 on her person Tuesday night, and this is also missing. Oleski is accused of having cut her to a mattress in the house a week ago, and later Violek tried to have him arrested because he had threatened to rob the home.

MILITARY BALL LAST NIGHT.

LARGE AND BRILLIANT GATHERING IN CHENEY HALL—UNUSUALLY ATTRACTIVE DECORATIONS.

Colt's First Regiment Band and Orchestra Discourse Sweet Music—The Thirtieth Annual Ball of Company G, First Regiment, C. N. G., will be remembered for many a day as having been an event of the first rank—Best People of This Town Present, as well as Many Guests from Hartford, Rockville and Neighboring Towns.

The thirtieth annual ball of Company G, First Regiment, C. N. G., took place in Cheney hall last evening, and attracted one of the largest and most fashionable gatherings of the season. Colt's First Regiment Band and orchestra furnished delightful music for the concert and dancing. Music was continuous, as the band alternated with the orchestra, in playing for the square and round dances respectively. Many spectators were present in the gallery, who did not go on the floor at all. They came to listen to the music, to admire the pretty gowns and fashionable assemblage. Professor C. Foley directed the dancing and gave satisfaction.

The decorations of the hall were more handsome than ever and were greatly admired. Howe & Laddler Company No. 1 have made these decorations all over, and now own them. They are exceedingly more beautiful than when first seen. It is their intention to keep them for use to other dancing parties on public occasions. A detailed description of these decorations was published in these columns a few weeks ago, when they were first used at Howe & Laddler Company No. 1's first social. The lights shone with unusual brilliancy, under the new arrangement. This was particularly noticed by people who had seen them in use before.

At 8.30, Scott Snow, the capable and popular leader, swung his baton and the band played. The following numbers were rendered: March, Invincible Eagle, Sousa; Overture, Maritana, Wallace. (Continued on Page 2.)

SWEDISH LUTHERAN CHURCH.

ANNUAL STATEMENT FOR THE PAST YEAR—THE CHURCH IS NOW MORE PROSPEROUS THAN EVER.

In Entirely Free From Debt and Has the Largest Membership in its History—These Facts are Highly Pleading to the Parishioners and are Very Complimentary to the Pastor, Rev. W. P. Anderson. The annual meeting of the Swedish Lutheran church was held on Wednesday evening, January 9th, and was adjourned to Monday evening, January 20th. We give below a synopsis of the principal features of the annual report which Rev. W. P. Anderson made at the meeting.

The total receipts during the year were \$2,419.88, and every dollar of debt was removed from the church property, including the church, the parsonage, and the grounds on which these buildings stand, and the beautiful building lot directly north of the church. This certainly is a very gratifying result and reflects much credit on the financial ability of the pastor, Rev. W. P. Anderson.

During the year the increase in membership has taken place as follows: Communicants received, 46; baptized children received, 11, making a total increase of 57. At the last annual report the congregation had 365 communicant members and 550 persons in full church membership. Rev. W. P. Anderson here are 399 communicant members and 606 persons in full membership. This is a very gratifying showing in point of membership for the past year.

During 1900 there were 30 baptisms, 11 marriages and 10 funerals. Ferdinand Swartz and Fritz Henning Johnson were elected trustees for three years and C. J. Peterson trustee for one year. Amundson Friberg was elected as church treasurer and Nils Anderson as church secretary.

The Ladies Sewing Circle chose Mrs. C. J. Peterson as secretary, and Mrs. O. P. Olson as treasurer. The Young People's Society held its social at the home of Mrs. M. A. Durall as their secretary and C. H. Johnson as treasurer.

Now that the debts have been all removed, attention will be given during the present year to the matter of making necessary repairs to the parsonage, including the introduction of electric lights. Additional electric lights will also be placed in the church, and some other improvements in the school.

It is not the intention to do much in the way of improving the present church edifice, as it is constantly demonstrating the fact that it has outgrown its usefulness. It is so far from a present need as to be a serious matter, and is not strong enough.

It will be necessary in the near future to actively engaged in making preparations for the presentation of the new church, or very materially enlarge the present one. It is thought that the better way out of the dilemma would be to erect a new church building which would be as adequate to present day needs. The congregation is growing steadily, and apparently is destined to go on in this direction for some time. Therefore, an entirely new building is likely to be what will come out of the situation.
