JOHNSON'S PURE FOOD STORE

It is not good policy to offer substitutes for pure foods. The consumers whose trade is most valuable, want the best and purest foods. It is not necessary for those customers to go out of town for these goods, as we have the purest and best goods obtainable on the market, at lowest possible prices. It is our greatest aim to supply the trade with pure foods, and the response from the public has proven to us that this is the only safe way to success.

Aaron Johnson, Dealer in The Best Things to Eat. Chestnut Street, Just Below Monument Park.

Have You Tried

Wonderful Pudding Tablets? We have them. We also have Alpha Home Pudding, Omelette, Our Best Coffee of High Grade, and a Dainty Piece of Imported China is Given Free with Every Pound. SOCIETY SEGER.

Prosperous Condition of Popular Swedish Benefit Organization—Men and Women are Beneficiaries in This Society.

Good Work Being Done Among Swedish People.

The annual meeting of the Swedish Society Seger took place in Masonic hall last Saturday evening, and choice of officers for the ensuing year was made as follows:

President, August Casper; vice president, John Leander, re-elected; secretary, Henning Mellberg; financial secretary, Albert Anderson, financial secretary, John Swanson; vice financial secretary, Henni Hultman, re-elected; treasurer, Nils Anderson, re-elected; librarians, William Larson, re-elected; reading committee, Edwin Johnson, Oscar Anderson, Chas. Johnson, Frida Larson, Amanda Nilson, Emma S. Anderson, re-elected; E. Johnson, re-elected; assistant marshal, John Modin; inside guard, Emma Anderson; outside guard, Carl Magnusson; trustees, Alfred Johnson, Carl Anderson, Aaron Johnson, all re-elected; auditors, Ned Nelson, Carl Peterson, Thor Lindberg, re-elected; watchmen, Edward Anderson, August T. Johnson, re-elected; Alma Westlund.

The reports of the different officers were read and accepted, and showed the society to be in a healthy and prosperous condition, both as regards financial and membership.

At the close of 1901 Seger had in bank the sum of \$2,563.88. The total property and cash assets combined, at that date, were \$2,828.88. During the year \$20,277 had been paid out for sick benefits, and \$170.50 had been paid for funeral expenses in the same period.

STARTING BUSINESS LIFE.

Sherwood Martin, son of H. C. Martin, our well known dry goods merchant, has secured a position in the office of the E. E. Hilliard Company at Hartford and began his new duties there last Wednesday. He intends to learn the business thoroughly. Mr. Martin is a graduate of the South Manchester high school, and also of Hartland's Bestness college at Hartford, where he took a thorough business course, and is therefore well equipped for mercantile or manufacturing life. Given this start the right kind of a young man should be able to elbow his way through the world in good form. He certainly has not been lacking in training, and the course of course there is still much to be learned, and always will be.

FRASER—SMITH.

Cards are out announcing the coming marriage of William Smith and Miss Estima Fraser. The ceremony will take place at No. 3 Hackmatack street on Wednesday afternoon, February 27th, at 8 o'clock. The bride couple are at the place where the wedding will take place. It is in the double tenement of Thomas J. Gardner. The other half of the tenement is now occupied by Archie and Mrs. Colton, who were married a few weeks ago. Miss Fraser is the daughter of Alfred and Mrs. Fraser of Hackmatack street.

ANOTHER CENSUS.

Selectmen Henry W. Barrows is taking the census of all young men between the ages of 18 and 21. This is done in order that the authorities may have a knowledge of how many persons are subject to military duty and also of those who become liable for poll and consumption taxes.

VENNETT POISON CASE.

Action for \$5,000 Damages to Be Withdrawn from Court.

The suit of William Vennett of this city, as administrator of the estate of Thomas Vennett, late of South Manchester, against Wilkinson & Lyons, retail druggists of South Manchester, is to be withdrawn from the superior court, as the parties have agreed upon a settlement.

Thomas Vennett was employed at the Cheney silk mills in South Manchester and one night in April, 1900, he went to the drug store of Wilkinson & Lyons and asked for Rochelle salts. He took the package given him and on his way home stopped into a saloon and called for a glass of beer. He put a portion of the contents of the package into the glass of beer and drank it. A short time later he was taken sick and the claim was made that he got sugar-lead at the drug store instead of Rochelle salts, and that his death was due to the poison. His brother, the administrator of his estate, brought suit against the drug firm, claiming damages of \$5,000.

The death of Vennett was reported to Coroner Taylor at the time. He went to Manchester to investigate and had a postmortem performed on the body of Vennett. He held in his finding that there was not sufficient evidence to warrant a criminal prosecution. The case was assigned to be tried by the jury next year and the parties were in court early to go on, but as Coroner Taylor was absent and would not return in time to testify, the case was continued to the present term.

Both the attorneys were for the plaintiff and Holcomb & Pierce for the defendant. Mr. Tuttle, when asked yesterday, said that the case was to be withdrawn. He would not state what, if any, payment had been made, saying that the terms of withdrawal were private. It was learned from another source, however, that a substantial payment had been made.—Courier.

CHAMBERS—SMITH.

Recently Married in Springfield—Given a Rehearsal Reception at Their Homes—Green Eighteen Years and Bride Nineteen.

David Chambers, age 18 years, and Miss Lizzie Smith, age 19 years, went to Springfield, Mass., on Saturday January 18, and were quietly married. There was no particular note of their going away to be married, other than their desire to give their friends a surprise. The bride is the daughter of Abraham and Mrs. Smith, who reside at 148 Main street, and with whom the bride and groom are now living. The groom is the son of David Chambers of Ware, Mass., who formerly resided here.

GEORGE TROTTER'S MUSICAL.

George Trotter, the well known baritone, gave a musicale to a few of his gentlemen friends in the banquet room of Odd Fellows hall last Monday evening, at which he sang the following:

INVENTORY - SALE -

Great Reduction in Prices For One Week More.

In order to reduce our stock and turn it into cash, we shall cut the price on nearly everything in our store—for ten days only.

In our North Window you will find many bargains in the lot that we shall offer at special low prices. Also another lot at a lower price in our South Window. Come and see them for yourselves.

We are bound to makethis a great bargain sale.

You need the goods and we need the money.

Corporal and Dresser—C.E. HOUSE.—Bridal Room.

THE DR. PARKER PLACE SOLD.

Come Back Into Possession of Cheney Family From Whom Dr. Parker Purchased It About Twenty Years Ago—Will be Offered For First After April First.

People hereabouts will be very much interested to learn from this article that the property of the late Dr. Julian N. Parker, at the corner of Main and Charter Oak streets, has been sold to Mrs. Sarah G. Cheney this week. Mrs. Cheney's residence adjoins the Dr. Parker place on the Main street side, and directly to the north. The purchase consists of the residence and barn, and a piece of land about 100,000 feet. It is one of the most desirable corner properties on Main street, for residential purposes, or for the use of a physician. The property was sold to the late Dr. Parker about 20 years ago, by the late William H. Cheney, in whose possession it had been for many years.

At present the premises are occupied by Mrs. Parker, who will hold her residence there until April 1st, after which date the property will be offered for rent. It is possible that the barn may be made over into a small cottage, as soon as the spring arrives.

J. J. Sullivan, who for several years was the faithful assistant of the late Dr. Parker, and who learned from the doctor how to operate the electric light machine which he now owns the most complete patients, will probably establish an office elsewhere, unless some arrangements may be made later whereby he can continue at the old and well established corner. Mr. Sullivan is doing a good business with the electrical apparatus, and intends to continue it. He will remain where he is for the present, or until Mrs. Parker leaves. He does not intend to leave town.

SODERMAN SEXTET.

A prominent event in musical circles will be the coming of the celebrated Soderman Sextet to this town next Wednesday evening, when they will appear in Cheney hall and give one of their grand concerts. These gentlemen are said to rank among the best Swedish singers in the United States. They are making a tour of this country preparatory to going to Europe, where they will sing in all the leading cities. The sextet consists of six members, and includes William Dahlen, tenor, and Joel Mosberg, baritone. The press reports of the musical ability of these singers are the most flattering of any that we have here, and who have been so well sung here. There is little doubt that a concert of rare merit will be given. These gentlemen sing in English, Swedish and German, and give a program of music of the most varied character. Their songs, which are now on sale at the stores of F. W. Mills and Oliver Magellan. General admission will be 35 cents. Secure your reserved seats early. The demand is likely to be large.

ST. BRIDGET'S PARISH ENTERTAINMENT.

The annual children's entertainment for the benefit fund of St. Bridget's church will be given in Apell opera house on St. Patrick's night, Saturday, February 23rd, at 7 o'clock. Since Father Murphy's advent to Manchester, St. Patrick's day has always been observed in a fitting and patriotic manner, and this year will be no exception to the rule. The program which the children are preparing will embrace music and comedy sketches especially chosen for the occasion, and the little ones will be encouraged in their efforts to please, and at the same time help to reduce the church debt.

EARLY CLOSING.

The plan of closing stores at 7 o'clock each evening of the week, except Tuesday and Saturday evenings, is working steadily at the Palace Market, and Mr. Fraser assures us that he is doing as much business under this method as he did heretofore. He says that persons rarely call there now after closing hours, and he does not believe that they are inconvenienced to any considerable extent by this practice.

YOUNG MEN'S CLUB NOTES.

The St. Mary's Young Men's Club held the regular monthly meeting in Cheney hall on Tuesday evening, February 4th. The club is in a very flourishing condition. Nine were elected to membership last Tuesday, making a total of 22. Important business was transacted. Rev. J. A. Biddle will deliver a lecture at 8 p. m., next Sunday, Feb. 9th at the Young Men's Club room. He will speak of his experiences as a missionary in the silver mining districts of Colorado. It is hoped that all members will be present, as no doubt this will be a lecture well worthy of a large attendance.

SALE WILL CLOSE TOMORROW NIGHT.

The reduction sale which has been in progress for the past two weeks at the Boston Shoe Store will close tomorrow night. They are having giving reductions of from 10 to 25 per cent on all footwear, men's furnishings and underwear. After tomorrow evening, prices will go back to the regular figures.

REMOVING SHADE TREES.

Tree Warden Richard W. Pitkin Grants Permission to Washington Loyal Orange Lodge, No. 117, to Cut Down Five Maple Trees in Front of Their Proposed New Club.

Shade trees on East Center street caused a lively hearing in the Hall Records Wednesday morning. When Richard W. Pitkin was elected tree warden last fall the idea of having an office of this kind was looked upon favorably as it was thought the duties would be very light, but Wednesday afternoon the lodge decided to erect a new building to conform to the proposed building line, which is about thirty feet from the sidewalk. Washington Loyal Orange Lodge owns a building on East Center street and is planning to build a hall and business block. This week stakes were driven which indicated that the new block would be built close to the sidewalk and would necessitate the cutting down of six large maple trees. The town has no established building lines and nothing would be done by residents on the street to induce the lodge to set back the proposed building to conform to the present building line, which is about thirty feet from the sidewalk. Washington Loyal Orange Lodge has applied to the town clerk for a license to cut down the six trees, and the same day a demonstration was set in to the warden. Mr. Pitkin then announced a hearing to be held at the town clerk's office at 10 o'clock on Friday next. Most of those present were members of Washington Lodge. There were several non-members and other interested persons present, among them Rev. J. A. Biddle, St. Mary's Episcopal Church, and Rev. G. W. Reynolds of the Center Congregational Church. A petition signed by all the property owners on East Center street in the vicinity of the building site, and by several non-members of the firm of Cheney Brothers, who object to the cutting of trees, was submitted. It requested the building committee of the lodge to allow the plans of the proposed building to go as to save the trees and not disfigure the building line. A warm discussion continued for several minutes, the result of which was that the warden, Mr. Pitkin, decided to give permission to Washington Lodge to cut down five of the maples, but one on the southeast corner must be left standing.—Courier.

STUCK OIL.

It may be of interest to many persons hereabouts to learn that the Standard Oil Company struck oil in California this week. This is the company which was recently organized by the late William Dowden of East Hartford. It is an Eastern corporation, and there are a number of stock holders in this and adjoining towns. Alfred Magellan of this place is one of the directors. J. M. Brady of New Britain is in town this week, and has been in the office of the company, selling stock. The shares are selling now at 25 cents each.

REMEMBER THAT THE REDUCTION SALE

of from 10 to 25 per cent on Footwear, Men's Furnishings etc., will close Tomorrow Evening, February 8th. Don't let this opportunity for securing Bargains pass.
