Health Food.

We are introducting the celebrated Gunn Gluten Health Food. It contains the strength-giving and muscle-building elements of wheat. The true vegetable-meat intended by nature for mankind.

For athletes it brings results not obtainable from any other diet. For weak people there never has been a food to equal it. Give it a trial.

In other words, his sympathies were with the Cubans, as against our own pecple, who have invested their millions in beet sugar. That remark intensified my opposition to the reciprocity. The measure referred to is now be-

fore the senate, and no writer can positively predict what will be done with it, but there are good reasons for believing that the senate will defer action for a long time. The bill is now in charge of the senate committee on commerce. Schators Allison, of lowa, and Burrows, of Michigan, are two of the leading and influential members of that committee; and they are from beet sugar producing states. Men who have had long years of practical experience in national affairs are predicting that the two senators named will kill the meastee.
