SILVER WEDDING.

Twenty five years of happy wedded life—friends of O. J. and Mrs. Atwood besiege their comfortable home last Wednesday evening and enjoy delightful occasion.

Music, singing, games, a Samplings Banquet and other festive mark the pleasant event—beautiful presents—A special feature was introduced that did not appear on the regular program.

Forty five friends of Mr. and Mrs. Orion Julius Atwood assembled at the Atwood residence, 47 Pine street, last Wednesday evening, despite the fact that rain was falling and weather conditions generally were unpropitious.

Mrs. W. H. Coates favored with vocal selections and also played the piano. Her efforts were enthusiastically applauded and pleased the merry makers very much.

Miss Gladys White of Hartford, sang, gave specimens of her skill in fancy dactyls, and also rendered some recitations, adding very much to the entertainment of the occasion.

At 10:30 the signal was given for providing an attack on the delicacies prepared, and a sumptuous wedding feast was served and dispatched with great gusto.

A little surprise was in store for nearly all present. Mr. Atwood is chief of the South Manchester Fire Department, and a very enthusiastic fireman.

Mr. and Mrs. Atwood were married at Brooklyn, Conn., in June 1877. The bride was a native of Brooklyn, and her maiden name was Emma Frances Darling.

Mr. Atwood is an active member of the Manchester Knitting Company, and is highly esteemed. He is a graduate of Huntington's Business College.

The following presents were received and others are in transit from the towns friends: Tea set of five pieces, cake basket, soup ladle, crumber ladle, bread tray, bon bon dish, silver cup, olive fork, berry spoon, gravy boat, sugar tongs, three sugar shells, two butter knives, salad fork, pickles fork, water bottle, crumb pan and scraper.

The singer shell came all the way from Minneapolis, Minnesota, and arrived in time for the silver wedding. It is very highly prized by Mrs. Atwood. Presents were received from friends in Boston, Hartford and this town.

HONOR FOR JOHN LEO O'GORMAN. People hereabouts will be pleased to learn that John Leo O'Gorman of this place, a graduate of the South Manchester High school, has just been honored as Holy Cross college, Worcester, Mass.

The accompanying clipping taken from a Boston newspaper tells the story, as follows: "The prefect of discipline, Rev. Martin J. Scott, S. J., has decided to have the college song written by J. Leo Gorman, published and distributed among the students. It is a powerful chorus and was released for the first time by the student body yesterday morning and won the favor of all from the start. The first time the song will be heard in public will be at the ball game with the University of Pennsylvania Monday."

LETTERS FROM THE PEOPLE.

TO THE PEOPLE OF SOUTH MANCHESTER. My daughter, Gertrude, was taken sick on the 15th day of May and the case was diagnosed as malarial fever on the next morning a slight rash appeared but this had no significance for the doctor. Eight days afterward the rash had come and gone; on May 20 or 21 Dr. Vail was called in and pronounced the sickness chills.

District No. 95, \$950. District No. 96, \$950. District No. 97, \$950. District No. 98, \$950. District No. 99, \$950. District No. 100, \$950.

The amount recommended are the same as last year, with the exception of an increase of \$50 for District No. 1, and an increase of \$500 for District No. 10. The reason for this advance in the amount of money required for the Ninth District is that four additional rooms have been opened there during the past year, and there is of necessity an increased expense added to the running account of the school. The district is experiencing a large and constant growth, and this means additional school facilities and also increased expense.

HAS APPENDICITIS. Ralph Watkins, son of S. E. Watkins, was taken to the Hartford hospital yesterday afternoon, suffering with appendicitis. He is a member of the South Manchester High School and attended his studies until the close of school on Wednesday. The attack was sudden and wholly unexpected. Ralph is a strong, healthy looking lad, and his father took place this forenoon. A telephone message received from the hospital this afternoon brings the information that Dr. Smith is performing the operation. He is assisted by Dr. Howe, assisted by Dr. Smith.

PETER MOUNTAIN WAS THE LUCKY MAN. One of the modern songs that is quite popular at the present time has for its leading refrain the statement of a fact that "Big Van Winkle was a Lucky Man," a declaration which perhaps need not at this late day be denied. But we have here a lucky man also and his name is Peter Mountain. Rather a lofty name, we will admit, but even at that Mr. Mountain has good reason for feeling somewhat elevated. The fact in the case are these: Last week O. F. Troop of the Citizens' Cash Grocery advertised to give away a barrel of flour to the person who came to hold the lucky coupon. Out of over 15000 voters distributed during the week, Mr. Mountain did the work and the barrel of flour is his. He resides in Purcell road and took his flour in the fact because known to Mr. Mountain and his family. Two disinterested business men were pressed into service, to give next Tuesday evening a fair and impartial manner, placing all the coupons in a thorough receptacle, giving them a thorough shaking and permitting a little girl to place her hand on and take out the piece of cardboard which designated the winner.

POSTPONED. The annual strawberry festival of St. Peter's parish, which was to have taken place yesterday evening, was postponed, on account of the rain and therefore will take place this evening. All preparations are made. The South Manchester Military Band will accompany the evening. Ice cream, strawberries, cake, confections, temperance drinks etc. will be on sale and a pleasant time is anticipated. The grounds are enclosed with cloth and are illuminated with electric lights. Every accommodation will be provided. All will be made welcome.

WILL BE GRADUATED. Herbert House, son of Charles E. and Mrs. House of this place will be graduated at Harvard college next week. Class Day exercises are taking place today and Mr. and Mrs. House are there. Mr. House expects to return to morning service. Her House will stay over and attend the graduation exercises.

SALE TONIGHT. The Sewing Society of the Swedish Lutheran church will hold a sale of fancy articles in the Town hall this evening, beginning at 8 o'clock. Everything will be disposed of by auction. There will be a long time and plenty of fun for all. Ice cream, cake and coffee will be served. All are cordially invited. Admission is free.

ANNUAL MEETING LAST NIGHT. The annual meeting of School District No. 7, Buckland, was held last evening and the following officers were chosen: School committee, Martin Gillman; secretary and treasurer, Walter W. Corlies; collector, James E. Barren. A two-mill tax was laid to be paid on or before December 31st of this year. The district is \$1000 in debt. James E. Barren was moderator of the meeting.

FREE RURAL DELIVERY

Will begin from South Manchester Post Office August First.

Persons in certain of the suburbs of South Manchester will be interested in the information that free rural delivery for them is an assured fact...

There will be one carrier who will cover the route, which is 22 miles long, daily. He will start from the South Manchester post office at 8.30 a. m. and return not later than 7.45 p. m. each day, holidays included, but Sundays excepted.

The carrier will be supplied with postage stamps, and will be in a position to furnish registered letter accommodations, if persons along the line wish to have him serve them in that capacity.

There will be three regulations in this rural delivery service. The first is that the carrier will be in a position to deliver mail at 8.30 a. m. and at 6.30 p. m. each day, except on Sundays and public holidays.

On leaving at 8.30 a. m. it will not be practicable for the carrier to get more than the letter mail of the morning, and additional labor of preparing for the free rural delivery service, the work will be retarded rather than otherwise, as things now stand.

The service will not be present except in the direction of Manchester Green, Highland Park, Dookland, Oakland or Lyndhurst. Should it be found advisable to cover other routes, other routes will be established.

A substitute carrier will be appointed whose duty it will be to take up the route and work, in case that the regular carrier becomes unable to do so through sickness, accident or otherwise.

ANNUAL OUT-DOOR MEET

The annual out-door meet of the South Manchester High school took place at Woodland Park last Saturday afternoon. Owing to the strong base ball attractions at Hollister Park...

CONFERENCE ON CUBA

Republican Senators Reach No Conclusion.

Opponents of the Senate plan to meet at a meeting at Tucson, Arizona, tomorrow.

WASHINGTON, June 19.—The Republican senators were prompt in beginning their conference on the Cuban reciprocity bill last night.

The discussion continued until the conference adjourned at 10:45, to meet again on the adjournment of the Senate tomorrow afternoon.

The conference was preceded by two meetings to which some significance was attached. The first of these was a gathering of the Republican members of the committee and the second a dinner given by Senator Burrows in his committee room to the best advantage.

The steering committee discussed tonight by the order of business in the Senate. The first item on the agenda was the reciprocity bill.

APPLYING THE GOLDEN RULE.

It will be remembered that John Bobb had his hand injured while at work recently in Case Brothers High land Park paper mill, and that a remittance of his fingers was anticipated. This accident, as a matter of course, implicated him from work. His fellow workmen, in deep sympathy with him, resolved to apply the Golden Rule and come to the rescue of Mr. Bobb and his family. To that end a subscription paper was started, and over \$60.00 were raised for his use. This sum was presented to him with the best wishes of his fellow workmen. Such acts as this are very commendable, and it is with much satisfaction that we chronicle the occurrence.

An exchange says that the people who need religion are: "The man who left his horse stand out in the cold all day without a blanket on the man who grows a wild beard when his wife asks him for money; the woman who is not what she ought to be; the minister who is looking for an easier place and a higher salary; the man who walks the streets with his hands in his pockets, while his wife carries the baby; the man who keeps a dog and says he can't afford to take the home paper."

WILL REPRESENT TABER CHAPTER.

At the convention of the Epworth League, to be held in Worcester, Mass., next month, the following delegates will represent Taber Chapter, Epworth League, of this place: President, C. G. Nichols; and Miss Grace Green, Mrs. E. E. Hunt, Miss Grace Everett, Miss Lillian Davidson, Miss Nellie Atkins, Miss Chanda Schmidt, Miss George Perry and Letitia Grimes. This will be an important convention and the young people will learn much about parliamentary procedure, and the general management of large Epworth Leagues from all parts of New England will be present. It is sure to be an interesting and instructive convention.

JULY FOURTH.

The Fourth of July celebration by the young people of St. Mary's church will include the following program of sports at the grounds adjoining the Cooper Hill picnic park:

Flourishing ball, prize, ball; potato race, prize, finger glove; potato race for girls, prize, kid gloves; sack race, prize, ball; running broad jump, prize, gymnastic suit; high jump, prize, half dozen handkerchiefs; fifty-yard race, prize, tennis slipper; mile race, prize, big mitt; half-mile bicycle race, prize, foot pump; base ball game, Oxford vs. St. Mary's; game called at 2.30 p. m.

WHY WE MISS "TOM."

Thomas F. Connelly of Williamstown spent Sunday last here calling upon relatives and friends. Mr. Connelly was with him. During the base ball game on Monday "Tom" was much. He is an enthusiastic base ball crank, and always kept the newspapers in touch with base ball affairs. He was a walking encyclopedia on base ball matters and could tell the record of every prominent club and of every leading player in this country, at call. He furnished considerable "copy" for the club's official organ.

WAS GRADUATED THIS WEEK.

Miss Zola Southworth Doane of this place was graduated from the New England Conservatory of Music, Boston, Mass., last Wednesday afternoon. The graduation exercises were held in the auditorium of the conservatory. Miss Doane had the honor of being awarded the post graduate course in the Conservatory for next year. The class of 1902 included 89 pupils. All the graduates had 18 years young ladies.

STOCK ARRIVED LATE.

On a recent trip to the quarries F. J. Breen bought even a larger stock than usual, which he expected would arrive early morning, June 18th, and will close on Saturday evening, June 20th. It is the intention of the owners to give the public of South Manchester and vicinity one of the best opportunities they have ever offered to purchase footwear of all kinds at unusually low prices. In their large advertisement which appears elsewhere in this paper will be found some account of the prices which they have placed on their goods. Those who indicate a great saving, and who have a number of children, will use shoe leather rapidly, the item of expense is considerable. It is therefore to be granted that the public will take advantage of the offer presented them at the Boston Shoe store, and secure the bargains in shoes, oxfords, men's furnishings, etc. while they may. It should be borne in mind that after June 25th, prices will be restored to their normal standard. Do not wait until it is too late. By calling earlier you will have a larger selection, and you will secure the best things.

SCHOOL VACATION.

The Ninth District school will close for the summer vacation next week Wednesday, May 15th. The young people will have been employed during the summer months, in order to earn money for their own needs. It will be their first real experience in the battle of life among the bread winners. The vacation will have an opportunity to get better acquainted with the fields, forests and streams, and study by personal observation some of the things that the leading teacher says in town.

BASE BALL NOTES.

The Rockwells will play the South Manchester at Hollister Park tomorrow afternoon. Game called at 4 p. m. The management have not announced the line-up of the South Manchester team at this writing. There is usually a fall before a storm. The base ball hit on today.

CONSOLIDATED VS SOUTH MANCHESTER.

There was a large attendance at Hollister Park last Saturday afternoon, to witness the base ball contest between the Consolidateds of Waterbury and the South Manchester. A seven-inning game was played and the score stood 3 to 2 in favor of the visitors. The Waterbury had to leave the grounds in order to get the last train from Hartford in time to reach the Brass City Saturday night.

Visitors to the grounds were pleased to note the fact that the fence was completed, that the large oak tree at the third base landing (old) had been cut down, and that the diamond was changed so that the catcher's stand was at the west, and near the entrance. The fence thus acted as back-stop, a fact which was greatly appreciated by occupants of the house directly north of the grounds and on the same side of Main street.

The game was not started until 4.40 o'clock, because the visitors were not on the grounds in time to begin earlier. The Waterbury came to bat first and were put out in one, two, three, and four, the first three men who took the stick finding their flash without reaching first. They administered the same treatment to the second and third innings were repetitions of the first with the exception that W. Aspinall managed to reach third base on a home plate. The second and third innings were repetitions of the first with the exception that W. Aspinall managed to reach third base on a home plate. The second and third innings were repetitions of the first with the exception that W. Aspinall managed to reach third base on a home plate.

FIRE AFTER FESTIVAL. JOHN MATCHETT'S BLACKSMITH SHOP AND CARRIAGE SHOP IN RUINS.

Went Up in Smoke and Flame and Flying Embers in Less Than One Hour. Bell Rang Alarm—Large Fire Out—Many Other Buildings Endangered—Excellent Work of Fire Department.

About 11 o'clock last Wednesday night, fire was discovered in John Matchett's blacksmith shop on South Main street. The bell of the South Methodist church was sounded, and alarms were rung in from stations 42 and 41.

Mr. Matchett lives in a double tenement adjoining the blacksmith shop on the west, and the roof of the building was so weak that it was impossible for the firemen to get a stream of water up there without dragging the hose up on ladders.

The double tenement northwest of the blacksmith shop, which is owned by E. M. Bligh, and was partially burned, but the firemen gained control and prevented its destruction.

While all this was well meant, it proved very costly for Mr. Matchett and Mr. Goetz, as they had no insurance on their furniture, and the breakage, etc., they must pay for.

It is understood that heretofore method of employing which will prevent the public from rushing in indiscriminately and taking hold of that way.
