THE NEW DIRECTORY.

W. S. Hyde Will Give Us a Good One - Working Hard to Make it as Complete as Possible.

There has been a recent displacement of population which has been difficult to follow, and he has tried to keep abreast of the changes as best he could.

There are 4,077 names in the present directory, and in the forthcoming issue 4,228 names will appear.

The map of the town of Manchester has been revised and shows twelve new streets.

The names of the revised list of officers of societies, etc., of the officers of the Fire Department will be listed, and also the names of the officers of the respective horse companies, and school teacher companies.

The new streets are as follows: Arch street, extending from Walnut to West Center; Badwell avenue, extending from West Center to North.

The funeral of Mrs. Zerwer. The funeral of Mrs. Zerwer will be held at the Lutheran Concordia church last Saturday afternoon, and was attended by an unusually large number of relatives and friends.

BASE BALL.

WINDSOR LOCKS VS SOUTH MANCHESTER. The Windsor Locks team will play the Hillside Park tomorrow afternoon.

Now you have no chance to write or talk to the Pierce A. C. about playing base ball. They have not been shut out this season by your team and never will be in twenty seasons.

Compare a few games that the West Ends have played and also the Pierce A. C.

The Eagles of Rockville put the West Ends out of business early in two alternating games, 3 to 2 and 7 to 5 and for the Eagles to beat the Pierce A. C. they had to play a ten-inning game at Woodland Park July 24th.

After reading the article which was inserted in The News of last week entitled, 'The Mighty Have Fallen, Echoes From the West End,' I will now take the time to give the West Ends and also the base ball fans, a little of the truth.

Well! well! so the West End now think they are the only people in town who can play the National game. They are too but only in the Hillside district.

The game which they claim to have won so easily a week ago was a gift to them from Dan. Carter, third baseman of the Pierce, who took pity on them and let them have it, as it was one of two or three that he had won in about five weeks of ball playing.

With two or three exceptions they have had a case of swollen heads. It is pretty tough on such a team as the West Ends not to have one man who can write up an account of a ball game. I am very sorry for them when they have to get others to help them out as they did last week.

If the West Ends will only stop and think a few minutes they will remember that they were the only ones to do all the boasting and bragging which they claim the Pierce did.

The West Ends said that they would not play for the benefit of the strikers although they had two of them on their team. They talk about playing for the sport but when the strike came they left their bats to get out of that game after all the statements they made.

As for the West Ends saying that they won a game from the Pierce last Monday the score 17 to 7, that was only a dream which some of the West Ends had. There was a ball game played on the West End grounds on Monday but it was only a game of team and never went under the Pierce name.

The West End writer says that the Pierce A. C. and their local admirers will now make a great holiday of the season by playing a crowd as this was only a dream which some of the West Ends had.

But you have been raising your eyes at the places all the season. This is why you have so much gas. I do not see as the Pierce A. C. and their local admirers took such a drop as the West End scribbles will represent the rest of the week.

Clara Day drove to the Willimantic Campmeeting grounds last Tuesday and will remain the rest of the week. Herbert Hutt will go down Saturday.

Andy Gordon, the jovial clerk at George W. Smith's shoe store, is banishing the breakers at Block Island this week.

Charles Garland of Walnut street is employed in the drafting department of the Columbia Electric Valve Company in Hartford. He entered upon his new duties last Monday.

earlier in this narrative, but he will present you with no more.

Do the West Ends remember the goose egg which was presented to them by the Pierce A. C. on Hollister Park Saturday afternoon, June 14th?

The West Ends of course have forgotten that Windsor Locks boys have been doing some good work this season, and will prove a hard proposition for the South Manchester. It is expected that the local management will be prepared to put up a stiff argument.

The West Ends said that they would not play for the benefit of the strikers although they had two of them on their team. They talk about playing for the sport but when the strike came they left their bats to get out of that game after all the statements they made.

As for the West Ends saying that they won a game from the Pierce last Monday the score 17 to 7, that was only a dream which some of the West Ends had.

But you have been raising your eyes at the places all the season. This is why you have so much gas. I do not see as the Pierce A. C. and their local admirers took such a drop as the West End scribbles will represent the rest of the week.

Clara Day drove to the Willimantic Campmeeting grounds last Tuesday and will remain the rest of the week. Herbert Hutt will go down Saturday.

Andy Gordon, the jovial clerk at George W. Smith's shoe store, is banishing the breakers at Block Island this week.

Charles Garland of Walnut street is employed in the drafting department of the Columbia Electric Valve Company in Hartford. He entered upon his new duties last Monday.

Daniel Carney of Boston, Mass., and his friends here this week. He joined in the sport at the volved weavers' dance in the Army opera house last Tuesday evening and was cordially welcomed by his many friends.

Miss Flossie O'Keefe of Spruce street, daughter of John O'Keefe, is suffering with typhoid fever and is dangerously ill. She is under Dr. Waldon's care.

William Tedford and family have moved into the Mile L. Russell residence on Main street over the Candy Kitchen. This is near the site where Mrs. Tedford and family lived for many years before the Russell building was constructed.

Robert Johnson and family of Spruce street will go to New York by boat from Hartford this afternoon and spend a few days with their daughter, Miss Minnie Johnson, who is employed as a stenographer and bookkeeper in the metropolis.

Isaiah Brynnington returned from New York last Monday, where he has been studying for several weeks past at the New York School of Designing, in the city of cutting tailor made clothing. Mr. Brynnington will engage in the merchant tailoring business in the Park building.

Leo Burke of Spruce street left for Greenwhich this morning where he will enjoy his vacation with relatives at the home of his father, Mr. Burke. He will have a royal time basking every day in the sun, bathing, fishing and leading a merry outdoor life in general.

through the stout forests of Nebo's lonely mount at a lively rate and came safely. White Rogers was at bat but knocked a foul fly which Kiersa, the third baseman, and Sullivan, the catcher, both tried to field. The men came together with terrific force and Kiersa was knocked unconscious. It is supposed that Sullivan's knee struck him as he (Sullivan) jumped to catch the ball. For some time Kiersa was unconscious and a wound on his forehead hid profusely. He was attended by Dr. T. H. Waldon, who dressed the wound. Kiersa was replaced in the game by Russell. The foul ball was not felled, but the next ball hit was a fly to Foley at second base which was caught, putting the side out. In the sixth inning got to first on an error of Maroney at short and scored on an error of McKenna. The locals did not score again until the ninth. The excitement was so great that one person jumping on a wagon watching the game fell out of the team, but was not injured. In the seventh the locals got out nicely from a very bad hole. Sullivan, Smelick and McKenna were on base. Maroney went out on a foul fly to Farham at first. Russell came to bat and Sullivan, who was at third waiting for a chance to come home, was struck by a pitched ball and was unable to resume the game and for some time with his hand covered with blood from the wound left the game. Aspinall was hurt early in the game. Aspinall played that position until Rogers again came into the game. In the ninth Wallace and Campbell made hits and on wild throws scored. The next three men went out in succession. The Rockies did not get past second base. The score by innings—

NEW YORK, Aug. 21.—Most of the warships composing the coast defense squadron of Rear Admiral Higginson's fleet have steamed away from Rockport in search of the enemy's division, comprising the cruisers Prairie, Panther and Supply.

The battleship Kearsarge, Admiral Higginson's flagship, remained at a few hours after the others left and then sailed out to sea. It is supposed, however, that she will keep in close communication with Rockport, where the enemy's squadron may be sighted.

The departure of the squadron marked the beginning of the search problem arranged by the general board of the navy. This should not be confused with the war game in which the army will also take part. The search problem is a purely naval affair, having for its object the destruction of a hostile squadron from escaping the home fleet and establishing a base of supplies and operations at some port of the New England coast.

The hostile division is known as the white squadron and is commanded by Commander John S. Pillsbury. The defense division is commanded by Rear Admiral Higginson.

The cruiser Montezuma, the torpedo boat destroyer Deatur and the converted yachtin Mayflower and Scorpion, which were left at the squadron, are prepared to do in the matter of educating the young in business affairs, and will be sent free of application to any interested persons. Those who have young people under their education do well to send for a copy of this publication. It contains all necessary information as to what is taught there, by whom it is taught and what the qualifications of the principal and teachers are. Rates of tuition, course of study, railway commutations and all other details that the parent contemplating sending his child to a business college needs to know will be found within the covers.

The prospects are amply illustrated and give an excellent idea of the superior equipment of the college. It is a pleasure for me to commend this paper to the parents of the children who are in my office and also in his own office and at the bank of J. P. Morgan & Co. 115 Wall street, New York.

During the last fifteen months he has had charge of more responsibility than any other man in the country. He has been arrested at Aquadilla for issuing a pamphlet criticizing and attacking the military authorities for their attitude in Puerto Rico. He was released in \$500 bail. Santiago Iglesias was sentenced in December to three years imprisonment on the charge of conspiring to raise the price of labor in Porto Rico. The sentence is one of a chain of islands extending between the Bonin Islands and Hondo, the largest island of Japan.

Island Destroyed by Volcano. YOKOHAMA, Aug. 20.—The little island of Torishima was overwhelmed by volcanic eruption between Aug. 13 and Aug. 15, and all the inhabitants, numbering 150 persons, were undoubtedly killed. The island is covered with volcanic debris and all the houses that were on it have disappeared. The eruption is still proceeding and is accompanied by submarine eruptions in the vicinity, which make it dangerous for vessels to approach the island. Torishima is one of a chain of islands extending between the Bonin Islands and Hondo, the largest island of Japan.

Defeating Treasurer in Canada. KANSAS CITY, Mo., Aug. 20.—Chief of Police Hanley has announced that he has positive information that William Maloney, the former secretary of the Mutual Loan and Building association of Pacific, whose defalcation caused the association's failure, is now in Canada and will try to head him off before he can sail for Europe. Three warrants for Maloney's arrest have been issued by Acting Police Chief John Hanley. They charge him with fraud, grand larceny and swindling.

After Announces His Candidacy. DETROIT, Mich., Aug. 21.—General Russell A. Alger, former secretary of the Michigan National Narrow Gauge railroad, has announced his candidacy for the United States senate from Michigan to succeed the late James McMillan. He says that while he will not seek election as Senator McMillan's successor, he will accept the offer of the people of the state through the legislature see fit to elect him to it.

Cuban Loan Abandoned. HAVANA, Aug. 21.—It is doubtful if any attempt will be made to finance the proposed loan of \$30,000,000. President Palma and his cabinet are strongly opposed to the revision of the Cuban loan which has been abandoned. ### ELABORATION THE RULE.

Elaboration is increasing in negligence, and is almost essential to a satisfactory garment. Not long ago everything but a comparatively simple bodice gown was graded as more or less extravagant fancy, according to its degree of complexity, but now it is possible to copy the costly ideas at comparatively little outlay, so highly wrought robes and jackets are no longer potent aid in such of this copying is the beauty and abundance of cotton fabrics made in imitation of the mercerizing processes have brought many handsome stuffs and practically all the lighter ones have been made available for house gowns, negligees and the like, and while not a few of these are worthy of really fine trimmings, there is no doubt that the more elaborate garnitures that will set them off nicely.

### NORWEGIAN CABINET.

Among the former folk of Norway much of the time that they are forced to spend indoors during the long winter season is utilized in wood carving. They make a great variety of small boxes, drinking vessels and pails of white wood. These they decorate with the sharp point of a hot poker, making excellent designs of conventional character.

Until 1841 no Parson had accepted Christ. In that year Mr. Sorabji, a Parsee gentleman, and the first Parsee, was converted, and about the same time two other men of similar standing acknowledged Mr. Sorabji as their spiritual father.

### MISS SUSIE SORABJI.

Young Parsee Missionary Who Has Done Wonderful Work in the Far East.

There recently arrived in New York from Bombay a young woman of an exceedingly interesting personality and history. She is a member of a Parsee family—one of the very few families which have adhered to Zoroastrianism to embrace Christianity.

She is well known as the Parsee (Persians), of India, of whom there are over 100,000, are descendants of the ancient Persians who first came to their own land by Mohammedan persecution, sought refuge in Poonah in the seventh century.

### GATHERING EDELWEISS.

Here is at least one field of woman's work in the mountains of the Alps.

A traveler in the Tyrol affirms that even in the loftiest Alpine regions woman has taken upon herself the task of self-support and assumes burdens that are scripturally ascribed to rest upon more rugged shoulders.

One woman has gathered edelweiss for years or more—a very tedious occupation when one considers that the dainty little flower has a habit of growing into the remotest recesses of the dizzy crags, and seems rather to beckon man to his destruction than to

Edelweiss is the late Emperor William's favorite flower, and very popular in the Alps. It is a small, white, star-shaped flower that grows in rocky, high-altitude areas.

Enough cemetery stonework to supply all Hartford and surrounding towns for this year has just arrived.

Owing to delay at the quarries our stone work did not arrive in time and it is now piling in by the carload with not room enough for our place of it. Come up to our quarry and you will see the reason that price is not our object.

We must dispose of this stock, as we cannot leave it where it is. Call at once at The Hartford Monument Works, 120 Main St., Hartford, Conn.

FACTS, AND FACTS ONLY. The Huntsinger College.

Advertisements are facts from first to last and all the time. This school occupies three floors of 30 Asylum street. There are eight regular teachers. Individual instruction. Forty first-class typewriting machines; roll-top desks. The text-books are free. Tuition \$1.00 per calendar month. We have a real Situation Department which placed 1,025 graduates in situations in 6 1/2 months. Attendance last year over five hundred pupils. The cost for all supplies and stationary per pupil for business course averaged less than \$9.00 per pupil for the entire school year passed if the pupil is economical it need not cost as much. For the Shortland Department the cost has averaged \$8.00. The pupil buys at a stationery store, or at the school as he prefers, so long as the supplies are suitable.

Many changes have been made in the rooms this year and the school is well worth a visit, if you are interested in business education. But it is not the furniture nor the rooms that make the good school. The really good school is made by the best course, the best teachers and the best work. We have the rooms, the course and the teachers, consequently the best school. Now pupils enrolling faster than ever. Take elevator just inside entrance door. School opens September 1st.

MRS. BERTHA RAMSDEN CRITICALLY ILL.

An operation for pelvic abscess was performed upon Mrs. Bertha Ramsden of Charter Oak street last Saturday morning, and for a considerable portion of the time since she has been in a critical condition. Dr. Waldon of this place assisted by Dr. Boncher and Dr. Gill of Hartford, did the work, which in itself was successful. Mrs. Ramsden has been ill for some time but it was hoped that the operation might be averted. It came to such a pass however that it was a question of mere death without an operation, and a possible chance of life if the surgical work was performed. She is still feeble and her physician is not sure that she will recover. She has a strong constitution however and it is hoped that she will eventually win.

NANTASKET BEACH.

By request of a large number of people, who on account of failing to secure tickets in advance, were unable to participate in the recent excursion to Nantasket Beach, the N. Y., N. H. & H. R. R. Co. has agreed to run another popular excursion to this renowned resort, next Tuesday. A special feature is offered in this excursion, in that those who do not care to visit Nantasket Beach may use the coupons issued on account of Nantasket Beach Sitt. Co. for admission to American League baseball game, Boston vs. St. Louis, that day. Special train leaves Manchester at 2:05 a. m. Rate only \$1.50 for the round trip. See advertisement.

GLENN ISLAND.

The N. Y., N. H. & H. R. R. Co. has arranged for a popular excursion, the last of the season, to Glenn Island, Saturday, August 30th, by special train to New Haven, thence by steamer, "John H. Starbuck," to the island. This excursion point has such a hold on the favor of the people in this vicinity, that this simple announcement will call out a patronage that will fill the train to its capacity. Train leaves Manchester at 6:55 a. m. Fare for the round trip only \$1.50.

NEW FIRE ALARM BOXES.

There is every likelihood that the South Manchester Fire District will be shortly equipped with the new Gaine self-interfering fire alarm boxes, as previously mentioned in these columns. The district will need thirteen new ones at once, and in addition to this number, Cheney Brothers are arranging to place several of the same style fire alarm boxes near their own residences. The purchase will be made jointly, and in this way the fire department will get the benefit of a lower price on the larger number of boxes taken. The boxes at present in use will be given in exchange for the new ones, and an allowance made in price accordingly.

A. O. H. CONVENTION.

Division No. 1, Ancient Order of Hibernians of Manchester was represented by the following delegates at the annual state convention which met in Middlebury Wednesday and Thursday of this week. President, James Egan; vice-president, Thomas Keating; secretary, Wm. M. Keating; recording secretary, Daniel Moriarty; financial secretary, Cornelius Foley. The convention was held in Armory hall. Mass was said in St. John's church on Friday morning, after which a joint session of the Ladies Auxiliary to the A. O. H. and the Hibernians was held in the Armory hall.

GREETED BY REBEKAHS.

Miss Ethel M. Brinard was greeted most heartily at the meeting of the Rebekahs in Odd Fellows hall last Monday evening, and was delighted to be able to share the pleasures of the occasion with her friends. She is in excellent health and appears to be never better, physically, than she is today.

A FINE SUCCESS.

The benefit dance given by the Armory opera house last Tuesday evening for the relief weavers was a fine success. A large and happy throng of young people assembled to enter into the pleasures of the occasion. Every thing passed off smoothly and the managers had every reason to be pleased with the patronage accorded them.

CARD OF THANKS.

I wish hereby to extend sincere thanks to my neighbors and friends for their many acts of kindness during the illness and at the death of my wife, Wilhelmina Stays Zerwer, and would also mention in an especial manner the Friends Yeeds, those who furnished flowers, and the stagers. John Zerwer.

DEATH OF THOMAS CURRAN.

Thomas Curran died at his home on Foster street last Saturday after an illness dating from last spring, which developed into pulmonary trouble. Mr. Curran was 34 years old, and had been a resident here for the past 17 years. Up to the time of his illness he was employed in the velvet finishing department of Cheney Brothers. He is survived by his widow, two sons and two daughters, the oldest being seven years and the youngest six months. They are as follows: Thomas, Walter, Mabel and Florence Curran. His mother, Mrs. Margaret Curran, a brother, Robert Curran, and two sisters, Mrs. Charles Cowles of this place, and Mrs. James Kerr of Paterson, N. J., also survive. The funeral services were held from St. Mary's Episcopal church Monday afternoon. In the absence of the pastor, Rev. J. A. Biddle, who is on his vacation, Rev. Mr. Faneon, curate at Christ church, St. Mark, conducted the services. The pall bearers were Thomas Crockett, William Hobbs, James Wade, Samuel Loney, James Loney and John Stearns. Burial was in the East cemetery.

FUNERAL OF MRS. WILKIE.

The funeral of Mrs. Mary Wilkie, wife of William Wilkie, of Keany street, notice of whose sudden and unexpected death appeared in these columns last week, took place from the German Lutheran Concordia church last Sunday afternoon, and was attended by a large number of relatives, friends and neighbors. Music was furnished by the quartet, Mrs. Effie Pierce, Miss Lena Kester, Herman Monti and Herman Behrend. They were assisted by the church choir. The following persons served as pall bearers: Charles Hanson, Henry Kester, Fred Kamille, Fred Monti, Herman Brunk and Mr. Schultz. Burial was in the East cemetery. Kind friends brought many pretty floral tributes to decorate the grave of their dear friend. Mrs. Wilkie was well and favorably known in this place and had a large number of admiring friends who deeply regret her untimely end and sympathize profoundly with her bereaved family.

HOME RUN CAMP.

Company G, C. N. G., enjoyed a successful and enjoyable last Monday evening. They recounted their experiences at camp last week, and had plenty of sport narrating the details of their exploits while doing military duty at Camp Kester. It was a merry social party and the boys closed the camp incident in a pleasant manner. They will be exempt from weekly drills for about two months, and will have an opportunity to enjoy themselves generally without any regard to military duties.

THOMAS HASSETT JR. INJURED.

Thomas Hassett Jr. of Birch street, who was one of the special officers employed by Cheney Brothers to search their property by night, sustained an accident while on duty last Tuesday evening about 9 o'clock whereby his hand was lacerated considerably and he was rendered unconscious. The presumption is that he fell back of the dye house, where he was found by a fellow officer named Kelley. The injured man was carried into Cheney Brothers' office where Dr. Tucker dressed his wound. Hassett remained unconscious for several hours. A published report to the effect that he was injured by a relay weaver is disclaimed by Cheney Brothers.

BILL POSTING.

Charles A. Sweet, our bustling expressman, is now a member of the Bill Posters' Association of the United States and Canada, and as such will handle all outside bill posting that comes to this town. He has been to a great deal of expense erecting bill boards in all parts of the town and is prepared to display paper barebacks quite thoroughly.

DISTINGUISHED GUESTS.

Joel Mott Allen and Mrs. Allen are the guests of their cousin, Mrs. Emily Page Hanson of East Windsor Hill, Sunday, August 27. A fair attendance was present and a very pleasant hour was spent. It is to be continued and all are cordially invited to attend.

AN APPEAL TAKEN.

Arthur E. Johnson, George McKeovers and Nathaniel Hodges who were fined \$10.00 and costs for their charge of intoxication at the trial of the velvet weavers, have taken an appeal to the superior court, which will convene in Hartford the second week of next month. The fines were fixed at \$200, which was furnished.

HO FOR LABOR DAY!

GREATEST DEMONSTRATION OF THE KIND EVER WITNESSED IN THIS TOWN WILL BE PRESENTED AT HERE NEXT MONDAY.

It is Expected That There Will be One Thousand Persons in The Line of March, Including Large Number of Women and Girls - Members of the Following Unions: Def. Carpenters, Masons, Bricklayers, Tinners, Plumbers, Painters, Paper Makers, Velvet Weavers, Velvet Finishers, Loom Fixers, Twisters and Silk Weavers.

The greatest Labor Day demonstration ever seen in this town will take place next Monday morning, when the several unions will parade, headed by the South Manchester Military Band.

The procession will form in the vicinity of the Oxford hotel at 8 a. m., with the various unions from the building trades and textile workers in line on the cross streets adjacent.

A novel feature of the parade will be the appearance in line of several hundred women and girls, members of the Weavers Union. This is something that was never witnessed in this town.

The several committees will be designated as follows: General committee, pick routes; committee on horse racing, red rosettes; on sports, light blue; on base ball, dark blue; on refreshments, white; on grounds, yellow; on finances, green; on music, purple.

In addition to the list of sports mentioned in these columns last week, for the afternoon program at Woodland Park a tug war has been arranged between teams selected from the textile workers and the building trades unions.

There will be extra cars will run on the cross streets during the day, and during the hours of 11 a. m. and 1 p. m. extra cars will run on the cross streets during the day, and during the hours of 11 a. m. and 1 p. m.

In connection with the Labor Day celebration the velvet weavers will edit a special newspaper to be known as the "Workman's Journal." It will contain many interesting features and be well worth purchasing. There will be half-ton portraits of the presidents of the different labor organizations of Manchester. Items of interest on the present labor trouble etc., will be published.

It will give a definition of the "cash" which will be worth the price of the paper. It will also contain the official program of the events of the day, sports, etc., at Woodland Park and of the Labor Day ball to be held in the Armory opera house at night.

As a souvenir it will be of great value. The paper will be sold by members of the union and by newboys, at five cents a copy.

FURNISHED THE OUTFITS. C. E. House has the contract to furnish the outfits for several of the unions who are to take part in the parade here next Monday, Labor Day, and will supply over 600 men with white duck cap, having black peaks and heavy black braid bands, white gloves and bamboo canes. The men will also wear suitable badges, and will carry appropriate banners. It is understood that all who wish to participate in the parade will be permitted to do so and will be allowed to refrain from work for the day for this purpose. Mr. House will supply the Velvet Weavers Union, the Silk Weavers Union, the Plumbers Union and the Loomfixers Union. Other unions to be in line are the carpenters, the masons, the plasterers, the painters and the plumbers. Persons who are not members of the respective unions, but who wish to enter the parade, will be permitted to do so.

There will be a large turnout. It is probably number 1000 persons. The women and girls who are members of the Silk Weavers Union voted almost unanimously to march in the procession.

The prizes for the winners of the athletic events which will be held at Woodland Park Labor Day are now on exhibition in the display window of Charles E. House's store on Main street.

The following is the list: Sack race, pair of shoes, second prize, one box of cigars; 100 yard dash, gold mounted pipe; second prize, gold fob; 50 yard dash.

ST. JAMES CEMETERY.

PUBLIC INSPECTION LAST SUNDAY AT REQUEST OF FATHER MCGURK. New Iron Railing and Handsome Arched Gateway Mark the Front Entrance - Grounds Now Covered with Green Sward - Flowering and Other Shrubs Planted - Graves and Burial Plots Numbered, Etc.

At the invitation of Father McGurk, a large number of members of St. James church went out to Edgewood last Sunday afternoon to inspect the St. James cemetery. Father McGurk has been devoting a great deal of his time to the work of laying out the grounds in systematic order this summer, arranging them in sections, numbering the burial plots and graves, marking in passage ways, making driveways, turling the grounds to a considerable extent, planting flowers shrubs at several suitable points, grading the hill slopes, and beautifying the place generally. All of these things have been well done, and what was but a short time ago an unattractive and neglected looking place, has now come to be a thing of beauty and a model of order and system. For a new cemetery it certainly is placed in attractive and orderly form.

A comprehensive map has been made of the cemetery, every grave and burial plot is numbered, and reference can be had to any of them at short notice. The system by which the records are kept is an admirable one, and will last for all time. There is never to be any difficulty in locating the whereabouts of any grave in the St. James cemetery. The plan is perfect.

A substantial iron fence has been constructed across the front part of the cemetery, the central feature of which is an ornamental gateway surrounded by an arch, on top of which is a gilded cross. On the arch over the entrance is the inscription in letters of gold: "St. James Cemetery, Manchester, Connecticut." There is a large gravel pit on the grounds and from this gravel has been drawn to make driveways about the principal part of the cemetery. That is to say the front part.
