EIGHTY-EIGHT NEW PUPILS ENTERED

The Huntsinger College

in the eight days ending October 6th. Placed 1063 graduates in situations in the 71 months and one week ending Saturday, October 4th. Tuition, stationery, supplies and all incidental expenses of every description at The Huntsinger School averaged only \$11.90 for each pupil per month in the Day School last year. This proves plainly that Huntsinger's is the most economical, so far as the actual expense is concerned, besides giving by far the best business training. New pupils enter this school every day. To appreciate what is being done, it is necessary for one to call to see the school in session. No better business education at any price anywhere than at this school.

BUSINESS MEN MEET.

IMPORTANT PROCEEDINGS OF MANCHESTER BUSINESS MEN'S ASSOCIATION LAST NIGHT.

Vote of Thanks Tendered Retiring Board of Selectmen and Vote of Confidence and Endorsement Extended to New Board of Selectmen - Matter of Beautifying Main Street Considered and Committee Appointed.

An important meeting of the Manchester Business Men's Association was held in the House of Hale block last evening and was attended by a fairly large number of members. The question of beautifying Main street from the Center south, along the business section, came up for consideration. The street does not present an artistic appearance along Center hall, as it is usually covered in part with weeds and other unsightly growth. The suggestion was offered that this might be changed to a comparatively small cost, by plowing the sides of the broad highway and planting grass seed thereon. This suggestion was met with favorable consideration. A committee consisting of the following members of the Manchester Business Men's Association was appointed for the purpose of taking action on this matter: Clarence G. Watkins, M. S. Chapman, J. W. Hale, W. K. Tinker, Fred W. Mills and R. O. Cheney.

RESOLUTION. The following resolution was passed: "Resolved, That the Manchester Business Men's Association tender a vote of thanks to the retiring Board of Selectmen for their efficient service, and that this association hereby endorse the new Board of Selectmen and will give them their hearty support."

ANNUAL TOWN MEETING.

ALL BUSINESS TRANSACTED IN ONE HOUR—NO ACRIMONIOUS DEBATE.

All Propositions in the Warning Adopted With the Single Exception of Extending the Street Lighting Service - Present High Prices of Fuel Occasioned by Coal Strike Principal Reason for Not Placing More Street Lights - Tax of 8 Mills Laid.

The annual town meeting was held last Monday afternoon and was perhaps the shortest of the kind in the history of the town. All the business was transacted in one hour, and the proceedings were entirely free from acrimonious debate. Moderator John M. Williams called the meeting to order and appointed C. R. Hathaway as chairman, Sanford M. Benton as clerk. On motion, the board of selectmen were authorized to borrow not to exceed \$40,000, to meet the current expense of the town.

R. P. Bissell's resolution to levy a tax of 8 mills on the dollar prevailed, after voting down Franklin B. Risley's amendment that an additional tax of one mill be levied for the purpose of establishing a sinking fund to meet the interest on the town indebtedness. On motion of C. W. Cowles, the reports of the selectmen, treasurer and school visitors were accepted, without debate.

The sum of \$100 was appropriated for Memorial Day, on motion of C. W. Cowles. The repairs of the highways and bridges were left to the selectmen for the ensuing year, on motion of C. G. Watkins. There was no discussion. The resolution of C. W. Cowles that the selectmen be authorized to amend the plan of the town, so as to extend three policemen, at an expense not to exceed \$3,500 was carried after an amendment by R. N. Stanley to secure a suitable allotment of two day policemen failed. C. G. Watkins replying to question of M. S. Chapman, stated that a day policeman was certainly needed at the south end, particularly along the road section of Main street, that such officer had been needed for a long time, and should be provided. The amendment did not prevail, but the original motion did. These three policemen is the present limit under the appropriation made.

On motion of C. W. Cowles appropriations were made for the several purposes as follows: East, \$400; West, \$180; North-west, \$200. The committee of last year were all reappointed. On motion of R. O. Cheney the sum of \$8,500 was appropriated, for street lighting purposes, and the master of extending the lights to the outskirts was left to the judgment of the selectmen. Owing to the present high prices of fuel it was declared by M. S. Chapman to be impracticable to extend the service, under the present appropriation. \$6,500 was the same amount as appropriated last year. Selectman Watkins urged that the matter of extending the lights be left to the judgment of the selectmen.

R. O. Cheney favored laying a tax of one mill for sinking fund purposes. R. P. Bissell and Franklin B. Risley also favored this proposition. M. S. Chapman, C. G. Watkins and Milo L. Russell opposed the measure. On motion of M. S. Chapman, it was voted that if there be any surplus left after paying the running expenses of the town during the coming year, a sum not to exceed \$10,000 be set aside as a sinking fund. On motion of Frank Cheney Jr. the selectmen were directed to lay out Gravel road street was accepted. The adjoining property owners gave the land to the town free for highway purposes.

On motion of E. L. G. Ebenhart the Board of School Visitors were authorized and empowered to establish one or more evening schools, as in their judgment seemed necessary. This matter is more fully explained elsewhere in these columns. A recess was then taken to await the counting of the ballots. The session opened at 3 and closed at 3 p. m.

SHERIDAN RESIGNS.

Thomas Sheridan, who was elected as third assessor last Monday, tendered his resignation to the selectmen last Wednesday, stating that he had no desire to qualify for the office, and had no intention of being elected when he permitted his name to be placed upon the Democratic ticket. His resignation was accepted, and the board of selectmen appointed Rollin M. Hood in his place. The selectmen also elected James Trotter, Thomas F. Atkins and Rollin M. Hood, two Republicans and one Democrat, as by law required.

A LONG CONFERENCE

President Discusses Peace Plans With Mitchell.

SECRET NIGHT MEETING FOLLOWS

Result of the Day's Efforts Is Not Announced, but It Is Believed That Strike's End Will Be Secured.

WASHINGTON, Oct. 15.—The projected anthracite coal strike is not yet practically settled, but some progress has been made, and while there remain certain obstacles to be removed, these, in the language of Secretary Root, it is believed, can be resolved and a termination of the strike finally secured.

The principal of these obstacles is the opposition of the proposed commission or board to arbitrate the differences between the miners and operators. Mr. Mitchell indicated his willingness to President Roosevelt that the mine workers' union desists from the restrictions placed by the operators on the choice of the proposed arbitration tribunal and desires the arbitration to have an absolutely free hand in the selection of the members of the commission to be charged with the adjustment of future relations between the employers and employees.

After the president and the head of the mine workers' union had conferred and gone over this counter proposal of Mr. Mitchell's a call was sent out by President Mitchell for a joint meeting of the executive boards of the mine workers' union for the three anthracite districts of Pennsylvania. An agreement will be reached on a statement to be officially promulgated by the mine workers' union.

President Roosevelt having ascertained the views of Mr. Mitchell as to the proposed arbitration tribunal, and initiated efforts to reconcile the differences developed and to have the operators make some concessions.

At the conclusion of the conference Mr. Mitchell said that he had no intention which he could give to the public. It was announced however that the president had received an official statement of the conference.

When the president had been advised, Mr. Mitchell left the White House and after a brief conference with President's personal secretary, Mr. Clegg, returned to the residence of the mine workers' union.

Mr. Mitchell went to Washington by invitation of President Roosevelt, who asked the miners' president to come to the White House in order that he might discuss the terms of the proposition submitted to the president last Monday night by the anthracite miners' union.

While all persons having knowledge of the details of the conference are extremely reticent, it is known to the public that the president's attitude did not accomplish a settlement of the strike, but at the same time were not so hostile as to prevent some concessions to a settlement remain.

The situation was entirely amicable in a dinner at the residence of the president, and the president was very anxious in his efforts to promote a settlement of the prolonged strike.

The night conference was held in the presence of the president's personal secretary, Mr. Clegg, and Mr. Starnes, commissioner of labor, and Mr. Sargent, commissioner of mines.

Later two strangers to those about the temporary White House called and reported that these gentlemen were Messrs. Robert Brown and George W. Perkins, members of the banking firm of J. Pierpont Morgan & Co.

The conference with the four gentlemen commenced at 10 o'clock, and so continued until 12 o'clock, and then the president walked to Secretary Hay's dinner, while his five visitors who remained were announced by Mr. Clegg.

Mr. Morgan and Mr. Perkins, having arrived yesterday, they did not register here, and so they would be taken to their rooms, so it was impossible to learn anything of the situation until about 10 o'clock.

About 10 o'clock President Roosevelt terminated the temporary White House, and returned to the residence of the mine workers' union.

Mr. Morgan's partner was shown to come into the room where the president was seated, and was engaged in a discussion of the situation until a late hour of the evening.

BATTLE UNDECIDED

Venezuela's President Hard Pressed by Revolutionists.

HEAVY LOSSES ON BOTH SIDES

After Two Days' Fighting the Government Forces Unable to Dislodge the Rebels, Return to La Victoria.

WILKESBARRE, Pa., Oct. 15.

News has been received here from Caracas, Venezuela, that the battle near La Victoria between the forces of President Castro, which were said to number 4,000 men, with fifteen guns, and the Venezuelan revolutionists, which began Monday morning, has so far been without definite result.

The government forces were not present. The only rebel generals began a three days' session in Boston and Antonio Fernandez, who had with them about 3,000 men, representing the advance guard of the revolutionists.

President Castro threw lead charge in person and showed great courage and coolness. His lieutenant, General Alcantara, who was at one time at the West Point Military academy, was mortally wounded.

NOMINATED FOR SENATOR.

The many friends of Christopher S. McHale of this place are delighted to learn that he has been honored by receiving the Democratic nomination for state senator of the second senatorial district.

Mr. McHale's friends will doubtless put up a strong fight in this town for the success of our fellow townsman. Were the contest for a purely local office there is little doubt that Mr. McHale would win out, as he is very popular here, and as Manchester goes, so goes the senatorial district.

WORKINGMEN'S CHOICE.

ALEXANDER ARNOTT and THOMAS P. ATKIN SELECTED AS STANDARD BEARERS OF WORKINGMEN FOR NOMINATIONS AS REPRESENTATIVES

These Men Are the Unanimous Choice of Organized Labor and an Effort Will Be Made to Secure Their Nominations for the Town Hall Next Monday Evening.

Representatives of organized labor in this town have unanimously agreed that their choice for candidates for nomination as representatives at the Republican caucus next Monday evening be Alexander Arnott and Thomas P. Atkin.

Mr. Arnott has spent practically all his life in South Manchester. He entered the High school here in 1863 and was graduated with the class of '86.

Mr. Atkin is the well known state dealer whose place of business is at 14 Main street. His popularity with both the conservative and the labor elements is shown by the fact that he was the only candidate who was nominated by acclamation for an office in the recent exciting Republican caucus.

ENDORING MR. BURKE.

ALL LABOR UNIONS IN TOWN TAKING OFFICIAL ACTION IN NAMING HARRY M. BURKE AS THEIR CHOICE FOR JUDGE OF PROBATE.

Mr. Burke will come down the Pike With SolidBacking of Organized Labor--indications Now Point Strongly to His Election--Carriage of Unfriendly Critics Unable to Prevent Action of Endorsement--Workingmen Voluntarily Pledge Themselves to Support Him at the Polls.

At a meeting of the local Papermakers' Union held in Apol's opera house last Sunday the candidacy of Harry M. Burke for judge of probate of the town of Manchester was unanimously endorsed.

The Silk Weavers' Union took similar action at their meeting held in the Town hall last Tuesday evening.

The Velvet Weavers' Union endorsed the candidacy of Mr. Burke at their meeting held in the Town hall last Wednesday evening.

The loom fixers, carpenters, plumbers, masons and painters have agreed to do likewise at meetings which will be held tonight and within the next few days.

It will thus be seen that Mr. Burke will come down the Pike with a single exception of Selectmen Waldon and Corbin, and beyond any question would, at this stage of the game, seem strongly probable to result in Mr. Burke's election.

When 700 voters in the ranks of organized labor will sink party preferences in order to elect the man of their choice for an office, it certainly is significant, and demonstrates the fact that the workingmen of this town are determined to stand together firmly and loyally at the ballot box, in spite of the carpings of unfriendly critics, and land time hereafter at Woodland Park Saturday, November 1st.

There will be two classes: a 2.25 and a 2.40. There will also be a motor cycle race at the same time and place and Mr. Roberts of East Hartford. The entries for the horse races are large in both classes at this writing, and it is expected that a number will be received yet from Rockville and Glastonbury.

If the weather should prove unfavorable the races will be postponed to the following Saturday. The committee are endeavoring to secure the services of a brass band for the afternoon. The sports will begin at 1 p. m. sharp.

ENTRIES FOR 2.25 CLASS: Hal Belmont, r. g. W. H. Grant, May Wonder, h. e. J. J. Nettleton, Lady Grimes, h. m. James E. O'Brien, Captain Jencks, r. a. John L. Jencks, Gaisley, b. m. Wm. J. Smith, Frank H. H., b. m., Wm. Swain, O'Brien, ch. g. P. Yates, Lady Ellsworth, b. m. O. H. Burnham.

ENTRIES FOR 2.40 CLASS: Knox Gelatine Baby, b. m. Harry Brause; St. Michael, h. g. Dick Williams, Lady Wygant, ch. g. James E. O'Brien, Kitty Lahlah, ch. m. Dr. W. J. Black, Sherry, r. m. John L. Jencks, Carrie Rosa, h. m., O. H. Burnham, Jennie Spitzer, br. m., W. P. Landon.

George H. Howe of the Center Grocery and Albert Taylor of South Main street took to the woods on a hunting trip last Wednesday morning. Their wives accompanied them from here, and will put up at some farmer's home while the men folk do the hunting.

A Conundrum.

Smith met Jones on Main street this morning and propounded the following conundrum, which Jones could not answer, but he agreed that it was a good one when Smith explained.

SMITH--"Jones, why is a man with a \$10.00 suit or overcoat bought at C. E. House's like the father of new twins?"

JONES--"I don't know, Smith, why is he like the father of new twins?"

SMITH--"Because he gets twice as much as he expected."
